# arOGya KOSH

A Toptime Guide for Wellness

ArogyaKosh; a Toptime guide for wellness, compiled with information on our SwasthVed and SparrshVed range of products. "Arogya" denotes "To be Healthy" and "Kosh" denotes "Guide", "Armour", "Enclosure", "Layers". We endeavour to bring to you series of "ArogyKosh" as a tool for enrichment of our awareness of health and achieving our happiness through business.

## SwasthVed

SAPIENCE FOR NATURAL HEALTH

SwasthVed works on the measures of maintenance of health. Our products development is based on the unmet need and the ancient Ayurvedic principles. Organic herbs are the invaluable source of nature that brings energy for equilibrium in the body functions in its wholistic form. SwasthVed focusses on wholistic measures to bring about the optimum benefit.

## ānūpaVed<sup>®</sup>

SCIENCE OF ANIMAL WELLBEING

Anupa denotes Earth and animals dwelling around pond. Animals form an integral part of ecosystem. The health of animals is equally important and should be properly maintained in an organic way by protecting the natural ecosystem. Animal health and wellbeing is very well explained in Gau Ayurved. "AnupaVed" product range woks on FCR and health of animal. AnupaVed provides comprehensive nutrition for animals based on the principles of Gau Ayurveda.

## kṛṣiVed<sup>®</sup>

ORGANIC AGRI SCIENCE

KrsiVed stresses on organic natural production and reduction of synthetic ways of farming. It is a scientific range for obtaining high quality yield of plants. "KrsiVed" product range promotes production output and quality of crops; by increasing uptake of soil nutrients and soil fertility. The organic ecosystem supported due to use of KrsiVed products reduces infestation and potentiate crop immunity.

# CHAIRMAN' MESSAGE

## **Dear Toptime family;**

It gives me immense pleasure to bring second edition of "Aarogya-Kosh". This volume consists of 48 products. These products are developed with stringent quality control and modern technology; and most of the products described in this volume are covering daily Healthcare, Wellness, Veterinary & Agriculture requirements.

I can say today, that our own manufacturing capability is complying the requirements of growing Toptime family and I can also assure you that we will keep adding quality products at affordable cost; and soon we will reach in every household.

Second edition of "Aarogya-Kosh" – The treasure of health, empowers us to get the knowledge of our products in various languages; with the launch of second edition we are initiating nation-wide product training program envisaged by our associates and driven by Doctors as trainers.

This initiative of Toptime Family not only defines the success of business but also affirms that the knowledge of spreading health in-turn makes you healthy. Let's pledge to make entire nation healthy; and entire globe as our nation.

Jai Hind, Jai Toptime

*Babuulal.*

RESEARCH

LOADING

## VISION

Transparent business plan and world class products; Toptime Family is aiming to reach every house hold; create entrepreneur propagating health and wellness rapidly.

## MISSION

We inspire for healthy living by promoting natural well-being and enable people to discover their business potential. Our Topmost goal is to engage people for spreading education of preventive healthcare and lifestyle; thence to achieve their own corporal, mental and financial health. We value high quality of research and develop products that are essential for day to day living. Our in-house team of research and development follows the ideology of developing the products close to biological rhythm and nature.

**AYUSH-GMP** - The Good Manufacturing Practices for ASU Drugs as described in Rule 157 of Drugs & Cosmetics Rules 1945 with conditions as specified in Schedule T/GMP.

**WHO-GMP** Compliance certification for herbal companies is based on the strict manufacturing and quality system.

**USOCA - Organic:** Uttarakhand State Organic Certification Agency (USOCA) is an independent wing of Uttarakhand State Seed & Organic Production Certification Agency and provides an impartial, third party certification of organic production and handling methods in accordance with APEDA

**ISO 9001:2015** specifies requirements for a quality management system where we aim to enhance customer satisfaction through the effective application of the system, including processes for continual improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements.

**ISO 22000:2005** specifies requirements for a food safety management system

**HACCP** (Hazard Analysis and Critical Control Points) and ISO certifications serve different purposes, but are also complementary. Very few companies have both the certification together.

# OUR JOURNEY

In the year 1985, Shri Babuulal Jain has envisioned to contribute for holistic healthcare and development of plant based remedies. He has visualised to provide highest quality herbs and to achieve this aspiration he has started working on ORGANIC cultivation of Ayurved Herbs in a farm near Guntur district, State of Andhra Pradesh of India. The 3000 acres of farm was converted into an organic field with Good Agricultural Practice and Organic cultivation guideline; thus the dream of getting the pure and organic raw herbs

# 1985

# 2005

started taking shape. The Organic herbs were ready for harvest almost in 20th Century; in year 2005, with the help of a contract manufacturing unit, our Chairman, Shri Babuulal Jain with Mr. Madanlal Kankaria (CGM) has produced the standardized extracts from the harvest and formulated several compositions under the Name of "Padmavati Pharmaceuticals" for promotion through the Doctors; with a team of 50 medical representatives and managers.

Very soon the brands like Joddaram, Dianow, Psorawin, Gynowin started becoming popular amongst Medical Doctors, Orthopaedics, Diabetologists, Dermatologist, Gynaecologists and Ayurved Doctors across the country. Thereafter sensing the need for establishing Quality Assurance; in the Year 2007, we started constructing our own

manufacturing unit in Haridwar, the land close to Himalaya enriched with plenty of natural resources, forest area, conducive climate and environment devoid of pollution. The construction & licensing was completed in Year 2007, and we started our own manufacturing on 12 December 2007; our foundation day.

Year 2009 was historical for us; with intensive research and development over 2 years; under the leadership of Dr. Aasin Maurya, we formulated Pancha Tulasi Drops; we further invested in various safety and clinical studies to launch the product in OTC segment. This was the time when we have started our OTC division and introduced Joddaram tablets and JODDARAM Oil for nationwide promotion. Looking at our formulation success; various MNCs and Pharma companies started approaching us for development

# 2009

# 2010

and further contract manufacturing of our products under private label. We have initiated the Private Label / contract manufacturing business actively since Year 2010 and very soon we have had more than 65 national and international clients for whom we started manufacturing on contract basis.

Year 2010 was significant in History of Deltas as it has started its International Veterinary Division; achieved European GMP+ and started exporting its pure herbal compound feed/feed premixes to countries like Austria, Switzerland, and Netherland etc. This was possible with great Efforts of Finance, R&D, Manufacturing and Marketing team of Deltas. We were the first Ayurved Company to start exporting 100% Organic Certified Complementary Feed Premixes to Europe. We proudly say that we retained our core team until date and we are present together as a team every time when needed.

Until year 2013, we were working on “Private Label” in exports and have registered “Padmavati Pharmaceuticals” over 12 countries for human and veterinary exports. This year was very significant in our history; since this year we became “DELTA Pharmaceutical” from “Padmavati Pharmaceuticals”; the renaming process was based on numerical suggestions. This year Deltas have started its Human Products’ Export Division and started registering our specially designed and unique products under guidance of Shri Suresh Jain. Incubating the Vision of our Chairman, our Director, Shri Suresh Jain, started promoting and propagating the business. Under his guidance and aggressive leadership Deltas passed through various expansion; we became the first Ayurved Company to incubate entire IT team for end to end ERP, development of Mobile application for

Medical Reps and state of art business intelligence, e-commerce and education tools.

Year 2016 was waiting for us; it started with a new chapter, due diligence to initiate a new division “Direct Marketing”. Before this, we have had supplied our products to various MLM companies under contract manufacturing for years, however, we have not yet decided to venture in Direct Marketing.

Our team again, has given us the support and confidence to initiate the Direct Marketing Business; and based on the confidence of our Finance, R&D, Manufacturing, Quality Assurance, Logistic and Medico-Marketing Team we have started the new division “Toptime Network Private Ltd.” in May 2016.

For us “Toptime” literally means “Healthy Living”, we inspire people for “Toptime” and support their

desire to grow the business through “Toptime”. Our Topmost goal is to engage people for spreading education of preventive healthcare and lifestyle; thence to achieve their own corporal, mental and financial health.

Today our Division “Toptime” is one of the fastest growing network in India, poised to get excellence into Ethical Network Marketing. We have launched 35 products in the span of 6 months from inception and looking forward to add another 65 herbal healthcare, personal care and animal care products in near future.

Shri Babulal Jain’s vision to take the quality products to every household in India has been nurturing through past 30 years and it is supported by approximately five hundred employees, all manufacturing partners, clients of Deltas Pharma and Thousands of “Leaders” and partners of Direct Marketing Division.

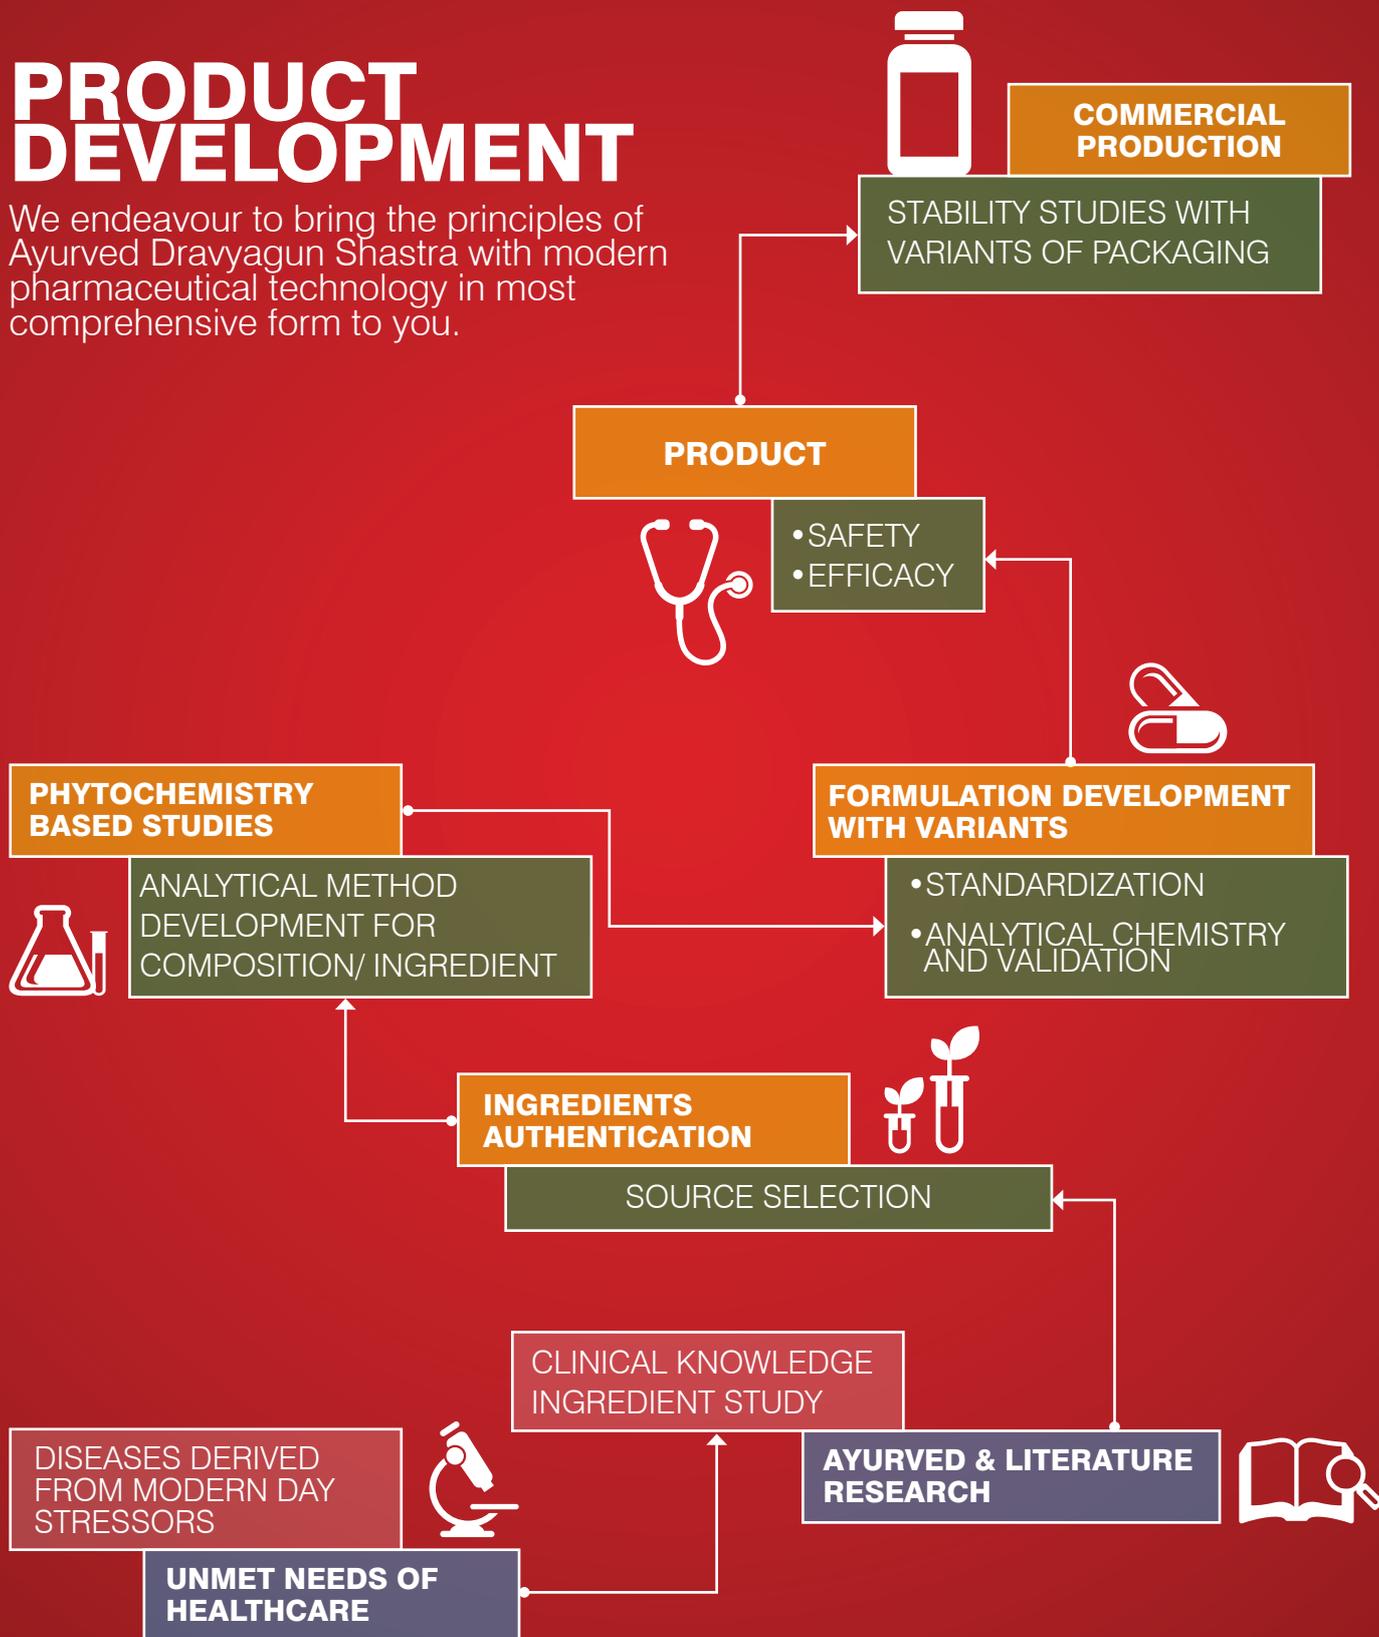

We have registered our business plan and company profile with Department of consumer affairs in 2017; soon after this we have initiated the launch of organic animal nutrition product in Toptime, then present in European market. Further, in-order to support organic farming we have launched our herbal growth promoter in 2018, these products became popular among farmers groups and widen spectrum for associates, by providing not only a healthy ROI but also supporting universal cause of reducing synthetic & harmful chemical residues.

In the year 2019, our efforts reached to kitchen and home hygiene by introducing Natural Food Products and Homecare Products; these FMCG premium products were competitively positioned to involve our associates and home makers for enhancing user base. Today our division “Toptime” is one of the fastest growing network in India, poised to get excellence into ethical network marketing.

# PANCHA TULASI Drops

A distillate produced from five species of basil

Your immune system does a remarkable job of defending you against disease-causing microorganisms. Our immune system not only provides defense against external causes of disease but also provides defense for internal causes of disease. The external causes are like improper air, water, food, climate and geographical area and internal causes are like stress, exertion, over-indulgence, sedentary lifestyle and predisposed genetic factors. Due to modern day lifestyle, pollutants, climatic adversity and adulteration sometimes immunity fails: external factor like germs invade successfully and makes you sick or your own body develops autoimmune disease like rheumatoid arthritis. Thus we need a support to maintain internal immunity and preventive strength from external disease cause.

## SOLUTION

Deltas PANCHA TULASI Drops contain five species of Tulasi which can be an essential and effective remedy available to mankind. Its effect is described in Ayurved & Veda.

According to these texts, Tulasi (*O. sanctum*) alleviate hundreds of endogenous and exogenous disorders. In order to make Tulasi available in easy to use form, PANCHA TULASI Drops were produced with extensive research and clinical research. It enhances the immunity, provides anti-microbial and antioxidant effects.

## PRODUCT

PANCHA TULASI Drops is prepared from the distillate of 5 species of Tulasi mixed together. Based on GAP, collection and sourcing of Krishna Tulasi, Rama Tulasi, Vana Tulasi, Sweta Tulasi and Nimbuka Tulasi is accomplished by Deltas Pharma under a stringent quality control systems. These leaves are processed in a unique way to produce PANCHA TULASI

Drops. These drops can be used in all age group above 2 years.

The research papers published in Annals of Phytomedicine -An International Journal mentions its significant role in reducing the complication of viral influenza. Similarly, the pre-clinical research shows that PANCHA TULASI Drops are useful adjuvant in immunity compromised state, inflammation and infections. Tulasi is potent and broad spectrum antimicrobial and therefore used as a disinfectant in drinking water.

## COMPOSITION:

Each 10ml PANCHA TULASI Drops contain essential oils of the following ingredients: *Ocimum sanctum* (Leaves) 6.0ml, *Ocimum gratissimum* (Leaves) 0.5ml, *Ocimum canum* (Leaves) 0.5ml, *Ocimum basilicum* (Leaves) 0.5ml, *Ocimum citriodorum* (Leaves) 0.5ml, Liquid base with Permitted preservative Q.S.

## APPLICATION

- **For health:** Use 1 drop of PANCHA TULASI Drops with 200 ml of drinking water for regular usage
- **For water disinfection:** Use 5 drops of PANCHA TULASI Drops per litre of drinking water; for best results in water disinfection, instill PANCHA TULASI Drops in drinking water pot as per mentioned ratio and allow the water to settle for 2 – 3 hours.
- **For cough/cold:** Use 2-3 drops of PANCHA TULASI Drops twice a day with honey & ginger Juice every 4 hourly for old cough, asthma, allergic cough, sinus and other respiratory ailments
- **For severe cough, cold and viral flu:** 5 drops of PANCHA TULASI Drops mixed with 1 teaspoon of honey four times a day
- **Mouth Freshener:** Use 2 drops of PANCHA TULASI Drops daily in a glass of water in morning and bedtime
- **For toothache:** 5 drops of PANCHA

TULASI Drops with lukewarm water daily • **For Digestion:** Use 2-3 drops of PANCHA TULASI Drops with warm water and honey after meals

- **For supportive in infections:** Use 3-4 drops of PANCHA TULASI Drops with a glass of water twice a day
- **For worms:** 5 drops of PANCHA TULASI Drops with a teaspoon Honey during bedtime

## GUIDE

- **For cough/cold:** Use PANCHA TULASI Drops with PANCHA TULASI Lozenges
- **For immune building:** Use PANCHA TULASI Drops, WHEATgrass Tablet & SPIriluna Tablet
- **Adjuvant to antibiotics:** Use PANCHA TULASI Drops with LIVcare Tablet
- **Sore throat/foul oral smell:** Use PANCHA TULASI Drops to gargle and suck on PANCHA TULASI Lozenges
- **Recurrent illness:** Use PANCHA TULASI Drops with WHEATgrass Tablet
- **Skin diseases:** Use PANCHA TULASI Drops for application and consume LIVcare Tablets
- **In Psoriasis:** Use with PSOrino Cream.

**Presentation:** 20ml

# ALOE VERA Fibrous Juice

Replenishes natural micronutrients for skin, aids digestion and supports liver functions

Good digestion is very crucial for maintaining healthy immune function. A healthy digestive system depends on a healthy diet. Modern-day life can be extremely busy and hectic. Eating an abundance of junk seems normal to today's generation. Easy availability and low cost are a major cause for the growing fad for junk food among the younger adults and the educated professionals who are today pressed for time but ambitious; thereby often neglecting their diet and other healthy habits.

Junk food is a classic example of unbalanced diet usually characterized by high proportion of carbohydrates, refined sugar, salt, fats and low nutritional value, which can raise various health concerns like obesity, cardiac disease, diabetes, high cholesterol, high blood pressure etc. These food are processed and refined in such a way that they lack most of the key nutrients, have low fiber and poor water content. All this leads to poor digestion. Poor digestion in turn, leads to poor energy levels and reduces an individual's immunity against day to day infections.

## SOLUTION

Every individual needs to find out a way to keep the balance by combining food alongwith nutritious alternative options. Such an option is available in the form of ALOE Vera Fibrous Juice. Fibrous Juice of Ghritkumari (Aloe vera) helps in promoting good digestion, improves energy levels, help maintain weight and boosts the immunity and keeps the skin youthful.

## PRODUCT

Deltas ALOE Vera Fibrous Juice is a completely organic option with bio active polyphenols that provide vitamins A, C, E and B12, as well as minerals like potassium, zinc, and magnesium. They also provide powerful antioxidant

support that helps to balance metabolism, promote oral health and boosts the immune system.

Deltas ALOE Vera Fibrous Juice is prepared from the handpicked Ghritkumari (*A. barbadensis*) leaves appropriately matured to provide the optimum nutrition. These leaves are processed within 24 hours of harvesting and scientifically filtered to remove the unwanted phytochemical substances. The Juice is prepared with appropriate fiber content naturally preserved with powerful & natural anti-oxidant carnosic acid derived from Tulasi (*O. sanctum*).

Some of the most notable benefits of consuming ALOE Vera Fibrous Juice are: • It aids digestion and even relieves occasional constipation by its compound called aloin or barbaloin which has well-established laxative effects • Increases alkalization and reduces acidity in the body • Keeps normal stomach lining healthy. It has vitamins A, C, E and B12, as well as minerals like potassium, zinc, and magnesium. It also provides powerful antioxidants (due to its polyphenols). It supports normal circulation & blood pressure and heart health. These tangible benefits of ALOE Vera Fibrous Juice also result in a healthier and happy looking skin that make you look more youthful.

## COMPOSITION

Each 10ml ALOE Vera Fibrous Juice contains the following ingredients: Ghrit Kumari (*Aloe barbadensis*) Leaves Pulp (Juice) 99.30%, Permitted Excipients & Preservatives q.s.

## APPLICATION

• **For general well being:** Take 30ml ALOE Vera Fibrous Juice twice a day, with water/fruit Juice or as directed by the physician • **For detoxification of body:** Take 20ml ALOE Vera Fibrous Juice daily • **For supporting**

**digestion:** Take 30ml ALOE Vera Fibrous Juice just before meals • **For constipation/Liver disorders/ better skin:** Take 20ml twice a day after meals.

It can be consumed by children above age of 6 years and entire family. Its usage in pregnancy can be done only after consultation with physician.

## GUIDE

• **For Indigestion:** ALOE Vera Fibrous Juice can be taken alongwith LIVcare Tablet/syrup • **For Acidity/GERD:** ALOE Vera Fibrous Juice can be taken alongwith ANTAcid Tablet • **For recurrent mouth ulcers and oral health:** Rinse mouth with ALOE Vera Fibrous Juice and use DENTAcure Herbal Tooth Cleanser • **For skin diseases especially Psoriasis:** Use ALOE Vera Fibrous Juice with PSOrino Cream • **For general health promotion:** ALOE Vera can be taken alongwith SPiiriluna Tablets.

**Presentation:** 500ml

## KEY INGREDIENT(S)

**Ghrit Kumari**  
*Aloe barbadensis*

- Prepared with Stem cell activator complex; 3– 6 months' leaves are taken and physically refined with a technology to minimize aloin
- Contains natural preservative as carnosic acid and it is non-habit forming

  
**SwasthVed**<sup>®</sup>  
SAPIENCE FOR NATURAL HEALTH

# JODDARAM Tablet

Restorative support in degenerative joint and cartilage

Locomotion of humans is totally dependent on joints of the body. The various sports activities, daily activities depend on these joints. One cannot ignore the significance of joints of bones for daily activities. If the joints are affected it hampers the daily routine. Any damage to the joints from disease or injury can interfere with your movement & cause a lot of pain. Many different conditions can lead to painful joints, including osteoarthritis, rheumatoid arthritis, bursitis, gout, strains, sprains, and other injuries. Joint pain is extremely common. About one-third of adults report having joint pain within the past 30 days at any given point of time.

Knee pain is amongst the most common complaint, followed by shoulder and hip pain, but joint pain can affect any part of the body, from your ankles and feet to your shoulders and hands. As you get older, painful joints become increasingly more common.

Joint pain can range from mildly irritating to debilitating. It may go away after a few weeks (acute), or last for several weeks or months (chronic). Even short-term pain and swelling in the joints can affect your quality of life. There is a need for an effective remedy that offers quick pain relief so as to enable continuation of day to day activities and to ensure that minor muscular pains do not stop us or deteriorate our quality of life.

## SOLUTION

Deltas JODDARAM tablet is a unique formulation that offers relief from musculoskeletal pain and joint discomfort. Phytoactives present in the Tablet provides significant relief in pain, stiffness and arthritis associated symptoms in a clinical trial on WOMAC scale. Several pre-clinical researches indicate the role of Joddaram Tablets in

reduction of inflammation, repair of joint cartilage & stiffness.

## PRODUCT

JODDARAM tablet is composed of a selected formulation that complements to provide pain relief in arthritis and joint pain. Guggul (B mukul) is well known for its anti-inflammatory actions. Nirgundi (V. negundo) exhibits analgesic and anti-inflammatory activities while Anantmool (H.Indicus) possess free radical scavenging properties and anti-inflammatory effects. Thus, Nirgundi, Parwar (C. tora) & Anantmool together alleviates antinociceptive pain, sprains and muscle and joint inflammation. Ashwagandha (W.somnifera) possess anti-inflammatory and anti-oxidant properties. It also provides chondro protection healing of degenerating cartilages and helps protect synovial tissues and reduce inflammation It is a natural replacement for glucosamine sulphate an important cartilage protector. All these medicines synergistically work together to alleviate joint inflammation and pain. Thus, the combination gives relief in joint disorders.

## COMPOSITION

Each 1000mg JODDARAM tablet contains following ingredients Mahishakshi guggulu (Balsamodendron mukul) Exudate ext. 70mg, Nirgundi (Vitex negundo) Leaf ext. 75mg, Anantmool (Hemidesmus indicus) Root ext. 120mg, Muchkund (Pterospermum acrifolium) Flower ext. 40mg, Ashwagandha (Withania somnifera) Root ext. 120mg, Parwar (Cassia tora) Leaf ext. 75mg, Excipients: MCCP, CCS, Propyl paraben sodium, Methyl paraben sodium, Mag. Stearate, Talcum q.s.

## APPLICATION

• **Joint pain:** Use 2-3 tablets 2 times a day • **Arthritis:** Use 2 tablets 3 times a day • **Backache:** Use 2 tablets 2 times

a day • **Muscular spasm/Stiffness:** 2 tablets, 2 times a day • **Sprain:** 2 tablets, 2-3 times a day • **Pain in wrist/ankle/neck:** 2 tablets, 2 times a day • **Mild traumatic pain:** 2 tablets, 3 times a day

## GUIDE

• **Joint pain:** Use JODDARAM tablet alongwith JODDARAM Oil  
• **Muscular aches, stiffness and pains:** Use JODDARAM tablet alongwith JODDARAM Oil and ALOEevera Juice • **Arthritis:** Use JODDARAM tablet alongwith JODDARAM Oil and LIVcare Tablet.  
• **Fibromyalgia:** Use JODDARAM tablet alongwith JODDARAM Oil & WHEATgrass Tablet • **Sports injury:** Use JODDARAM tablet alongwith JODDARAM Oil • **Trauma/small accidents:** Use JODDARAM tablet alongwith JODDARAM Oil.

**Presentation:** 1x30 Tabs

# JODDARAM Oil

Combination of soothing and anti-inflammatory herbs

We all experience general body aches, pain in joints and muscle spasms in our day to day lives. Any kind of over exertion or poor posture causes pain in the musculo-skeletal system of the body. Whether it is a temporary twitch in the muscle, a sudden resurfacing of an old injury or that post-workout agony - any musculoskeletal pain (such as sprain, pull etc) or pain in any joint can literally bring life to a standstill.

Experts agree that most musculoskeletal pain can go away with adequate rest and immobilization, but not everyone today has the luxury of a long rest. In a competitive world we continuously have to be on the move for professional or personal reasons. Plus staying at home due to muscle pain may lead to the feeling of being chronically ill for many.

There is a need for an effective remedy that offers quick pain relief - so as to enable continuation of day to day activities - and ensure that minor muscular pains do not stop us or deteriorate our quality of life.

## SOLUTION

Deltas JODDARAM Oil is a unique blend of natural essential oils and processed herbs that provides a soothing relief from muscular and joint pains.

## PRODUCT

Deltas JODDARAM Oil has the goodness of pure organic oils. It is a blend of soothing and anti-inflammatory herbs. Oils obtained from the herbs provide quick relief from backaches, muscular sprains and joint pain. Enriched with Nirgundi (V. negundo), Eranda (R. communis), Shallaki guggul (B. serrata), Muchkund (P. acerifolium) it alleviates swelling, sprains and muscle and joint inflammation. Shuddha Kuchala (S. Nuxvomica), camphor and Shallaki guggul (B. serrata) are potent

pain relievers. They also help reduce joint swelling.

The counter-irritant and heating properties of essential oils and Datura (D. metel) alleviate joint pain associated with rheumatism and chronic osteoarthritis. Most of the ingredients of this medicine possess analgesic, anti-inflammatory, anti-oxidant activities. With a base of purely extracted oils of 10 different components, the entire formulation offers quick relief in all kinds of musculoskeletal pain and reduces inflammation. It provides excellent emollient action and smoothens the skin preventing cracks and dryness.

## COMPOSITION

Each 10ml oil contains: Nirgundi (Vitex negundo)-Leaf 50mg, Rasna (Pluchea lanceolata)-Leaf 50mg, Eranda (Ricinus cummunis)-Seed 50mg, Muchkund (Pterospermum acerifolium)-Flower 50mg, Suranjan (Colchicum luteum) -Tuber 50mg, Shallaki guggul (Boswellia serrata)-Exudate 50mg, Shuddha Kuchala (Strychnos nux vomica)-Seed 50mg, Datura (Datura metel)-Seed 50mg, Tankan (Sodii biboras)-Whole 50mg, Godanti (Natural calcium compound)-Whole 40mg, Kapoor (Cinnamomum camphora)-Wood Niryas-Ext. 150mg, Mentha spicata 300mg, Oil Base material with permitted preservatives (Guggulu Oil, Nirgundi Oil, Eucalyptus Oil, Chir Oil, Taij Oil, Clove Oil, Wintergreen Oil, Nutmeg Oil, Linseed Oil, Mineral Oil) q.s.

## APPLICATION

JODDARAM Oil should be applied topically over the affected area 2-3 times a day. Oil should be massaged gently over 5-10 minutes and followed by hot fomentation. Avoid exposure to cold after oil application.

### Use regularly in the following scenarios:

- **Joint pain:** Use 2-3 times a day

- **Backache:** 2-3 times a day
- **Muscular spasm/Stiffness:** 2-3 times a day
- **Sprain:** 2-3 times a day
- **Pain in wrist/ankle/neck:** 1-2 times a day
- **Arthritis:** Use 2- 3 times a day

## GUIDE

- **Joint pain:** Use JODDARAM Oil alongwith JODDARAM tablet
- **Muscular aches, stiffness and pains:** Use JODDARAM Oil alongwith JODDARAM tablet & ALOE Vera Juice
- **Arthritis:** Use JODDARAM Oil alongwith JODDARAM tablet
- **Fibromyalgia:** Use JODDARAM Oil alongwith JODDARAM tablet & WHEATgrass Tablet
- **Sports injury:** Use JODDARAM Oil alongwith JODDARAM tablet
- **Trauma/small accidents:** Use JODDARAM Oil alongwith JODDARAM tablet.

\*Not to be applied in Rheumatoid Arthritis. Oil application to joints is avoided in Rheumatoid Arthritis.

**Presentation:** 100ml Bottle

# LIVCARE Syrup

Tonic for stressed liver cells

The liver plays a vital role in maintaining the body's metabolic balance. As the liver performs a variety of important functions it is extremely vulnerable to a variety of metabolic, toxic, microbial, circulatory and cancerous insults. Although liver diseases are stereotypically linked to alcohol or drugs, the truth is that there are over 100 known forms of liver disease caused by a variety of factors and affecting everyone from infants to older adults. The liver itself, being diseased hampers early recovery and hence leads to a complicated vicious cycle of diseases and poor liver functions. Additionally, with a rapidly changing urban landscape, superfast urbanization and moving towards living in concrete jungle, we are highly exposed to many types of radiation due to construction materials, microwaving of foods, use of instant foods etc. Thus, it is imperative to have an added protection during any recovery - to fortify the liver and protect it from poor health and allow it to perform its functions in the topmost condition.

## SOLUTION

LIVcare SYRUP is formulated with a unique combination of well studied and authentically picked herbs that support recovery of liver functions. LIVcare SYRUP offers a unique protection against the radioactive radiation that we are exposed in the form of microwaving of food, use of charcoal, outside smoke, fumes etc. All these lead to liver damage & the robust formulation of LIVcare SYRUP help reverse these damages.

## PRODUCT

LIVcare formulation is enhanced with arabinogalactan from Giloy (T. cordifolia); useful in supporting the rejuvenation of liver cells alongwith various hepatoprotective herbs. The

syrup is preserved for long term protection of phytoactives with the help of unique natural anti-oxidant from Tulasi leaf (Carnosic acid). An optimal formulation consisting of Punarnava (B. diffusa) that acts as an anti inflammatory agent; Giloy that is a natural cell protector and immunity enhancer; Bhoomi amalaki (P. niruri) that improves cholestasis and elimination of toxins; and many more that help maintain good digestion and performance of the hepatic cells. LIVcare thus acts as a hepatoprotective remedy - which is a powerful, all natural, liver detoxifier and healer. It improves the functional efficiency of the liver and prevents further liver damage.

## COMPOSITION

Each 10ml LIVcare SYRUP is prepared by the following: Punarnava (Boerhavia diffusa) Root ext. 40mg, Giloy (Tinospora cordifolia) Stem ext. 30mg, Kasni (Cichorium intybus) Seed 30mg, Bhoomi amalaki (Phyllanthus niruri) Panchang ext. 30mg, Chitrak (Plumbago zeylanica) Root ext. 30mg, Daruhaldi (Berberis species) Root/Stem ext. 15mg, Amla (Emblica officinalis) Fruit Rind ext. 30mg, Harar (Terminalia chebula) Fruit Rind ext. 30mg, Bahera (Terminalia bellerica) Fruit Rind ext. 30mg, Makoi (Solanum nigrum) Panchang 20mg, Vaividang (Embelia ribes) Fruit ext. 20mg, Kalmegh (Andrographis paniculata) Panchang ext. 30mg, Patolpatra (Trichosanthes dioica) Leaf ext. 30mg, Kutaj (Holarrhena antidysenterica) Bark ext. 20mg, Kalimirch (Piper nigrum) Fruit ext. 15mg, Sunthi (Zingiber officinale) Rhizome ext. 15mg, Revandchini (Rheum emodi) Branches ext. 100mg, Bhringraj (Eclipta alba) Panchang ext. 20mg, Pittapapra (Fumaria officinalis) Panchang ext. 20mg, Sarpunkha (Tephrosia purpurea) Panchang ext. 20mg, Badipipal (Piper longum) Fruit

ext. 15mg, Permitted excipients & preservatives q.s.

## APPLICATION

• **Daily supplement:** 20-30ml twice daily. • **In pre cirrhotic condition:** 30ml twice a day • **For those who take regular medications:** 20ml twice a day • **In inflammation:** 30ml thrice a day • **To improve digestion:** 10ml before meals • **In chronic alcoholism:** 20 ml thrice a day

## **ELIXIR FOR HEALTHY LIVER FOR ENTIRE FAMILY**

LIVcare Syrup stimulates digestion, supports liver for optimised assimilation, improve metabolic functions and maintain agility

# LIVCARE Tablet

Enriched with hepatoprotective antioxidants

Liver continuously performs many important functions that lead to a healthy metabolism & sturdy immune function. It is responsible for processing nutrients like carbohydrates, proteins, fats, vitamins and minerals from food. The body would not get rid of all the toxins and microbes if not for the liver. Our blood would probably never clot and injuries may become fatal! The liver plays a vital role in maintaining the body's metabolic balance. As the liver performs a variety of important functions it is extremely vulnerable to a variety of metabolic, toxic, microbial, circulatory and cancerous insults.

It is well understood that toxic substances like alcohol etc are very harmful for the liver. Yet, we don't notice that many medicines that we take are also harmful to the liver. Thus, people who do not consume alcohol etc may still be at a risk of damaging their livers due to toxic junk food consumption, high sugary drinks such as soft fizzy drinks, synthetic preservatives used in packed foods etc. Thus, it is imperative to incorporate strategies in day to day life that help the liver protect itself.

## SOLUTION

Deltas LIVcare Tablet are formulated with a unique combination of authentic herbs that support liver function. It helps to cleanse the internal cells of the liver from impurities in diet and environment.

## PRODUCT

Deltas LIVcare Tablet are enhanced with arabinogalactan from Guduchi (*T. cordifolia*); useful in supporting the rejuvenation of liver cells, LIVcare's antioxidant properties prevent oxidative damage & support immunity. An optimal formulation consisting of Chirayata (*S. chirata*), Bhumi-amla (*P. niruri*) & Kalmegh (*A. paniculata*) assists in preserving existing liver

strength & detoxify the liver channels. Furthermore, athletes who specialize in anaerobic sports (e.g. weightlifting, bodybuilding) often consume a very high level of protein, which adds much work to the liver. The phytonutrients in LIVcare Tablet are helpful in • usage of allopathic drugs • consumption of excess alcohol • consumption of sugar, fast foods, chemical food additives • over 40 years of age as you get older the various tubes & ducts leading from & to your liver, as well as the internal liver filter itself, often become dirty and/or clogged • exposure to toxic chemicals & pollutants such as insecticides, some antiperspirants, some detergents, nail varnish, disinfectants etc. • lack of antioxidants in the diet • have high cholesterol and/or triglycerides

## Composition

Each 1000mg LIVcare Tablet contains following ingredients: Kutki (*Picrorrhiza kurroa*) Root ext. 100mg, Chirayata (*Swertia chirata*) Panchang ext. 100mg, Ghritkumari (*Aloe vera*) Leaves ext. 20mg, Bhumi-amla (*Phyllanthus niruri*) Panchang Ext. 80mg, Kalmegh (*Andrographis paniculata*) Panchang ext. 80mg, Makoi (*Solanum nigrum*) Panchang ext. 30mg, Patol Patra (*Trichosanthes dioica*) Leaves ext. 30mg, Sarpunkha (*Tephrosia purpurea*) Panchang ext. 50mg, Kasni (*Cichorium Intybus*) Panchang ext. 30mg, Haritaki (*Terminalia chebula*) Fruit Pdr. 30mg, Nagarmotha (*Cyperus scariosus*) rhizome Pdr. 20mg, Guduchi (*Tinospora cordifolia*) Stem Pdr. 30mg, Bhringraj (*Eclipta alba*) Panchang Pdr. 30mg, Chitrak (*Plumbago indica*) Root Pdr. 50mg, Makoi (*Solanum nigrum*) Panchang Pdr. 50mg, Kalmegh (*Andrographis paniculata*) Panchang Pdr. 50mg, Bhumi-amla (*Phyllanthus niruri*) Panchang Pdr. 70mg, Permitted excipients & preservatives q.s.

# GYNO CARE Syrup

Blend of natural & herbal uterine tonic

Women are an important element of our society. The modern society has started recognizing the individual identity of women. Women who were the most dormant segment of Indian population have now become active participants in all walks of life. Now, women are becoming not only a significant unit of the society but also influencing the course of social change in society.

In our society, women still hold importance as a mother, sister or spouse. While they are quickly climbing the social and professional ladder, the only thing that stops them is themselves.

As per the uniqueness of a women's body and rules established by nature, women are prone to developing health issues especially during and after the specific days of the month. Many women report to silently suffer from cramps, backaches, lethargy, fatigue and pains. Use of synthetic relievers often lead to irregularity in cycles, gastric irritation and other side effects. As age increases, again as per the rules of nature - many women have to endure similar experiences as a part of natural ageing process of the female physiological activities.

An efficient and safe solution is needed to address these issues.

## SOLUTION

Deltas GYNOcare SYRUP, a herbal remedy to offer the promise of providing support for women to deal with the various health problems during their specific days of natural cycles. It helps in managing the irritating symptoms to improve their quality of life.

## PRODUCT

GYNOcare SYRUP is a poly herbal formulation that is known as a restorative for endometrium of the uterus. Ulatkambal (*A. augusta*) and Dhaypusp (*W fruticosa*) provide anti-anxiety and anti-spasmodic effect. These herbs

regularize endogenous hormonal secretion. It inhibits inflammatory mediators [via actions of Gajarbeej (*D. Carota*), Punarnava (*B. diffusa*), Nagarmotha (*C. scariosus*) etc] in the female genitourinary tract and offers antispasmodic and anti-inflammatory properties that are helpful in alleviating pain during menstruation.

Herbs like Manjistha (*R. cordifolia*), Ashok chhal (*S. indica*) etc stimulate the immune system and helps in increasing the level of hemoglobin in the blood. This action is beneficial in treating anemia and weakness associated with uterine disorders

GYNOcare SYRUP provides optimal relief in gynaecological problems reducing the pain, backache, lethargy & fatigue associated with natural cycle.

## COMPOSITION

Each 10ml GYNOcare SYRUP contains Extract of the following Ingredients: Gokharu Chhota (*Tribulus terrestris*) Fruit Dry ext. 30mg, Manjistha (*Rubia cordifolia*) Root Dry ext. 30mg, Nagarmotha (*Cyperus scariosus*) Rhizome Dry ext. 25mg, Ulatkambal (*Abroma augusta*) Panchang dry ext. 20mg, Palashphool (*Butea frondosa*) Flower Dry ext. 15mg, Anantmoool (*Hemidesmus indicus*) Root Dry ext. 15mg, Punarnava (*Boerhavia diffusa*) Root Dry ext. 15mg, Dhaypusp (*Woodfordia fruticosa*) Flower dry ext. 10mg, Lodra chhal (*Symplocos racemosa*) Bark dry ext. 20mg, Ashok chhal (*Saraca indica*) Bark dry ext 25mg, Dasmool (Classical combination of 10 drug) All root dry ext. 300mg, Gajarbeej (*Daucus carota*) Seed dry ext 15mg, Syrup base material with permitted excipients & preservatives q.s.

## APPLICATION

• **For general weakness, backache:** 10-20ml thrice daily. • **For spasmodic pain:** 30 ml thrice a day • **For low**

**blood count/anemia :** 20ml twice a day • **Heavy bleeding:** 20ml twice a day • **Irregular periods:** 30ml thrice a day • **For general gynaecological health:** • Young adolescent girls: 20ml twice daily • Women between 45-50 years 20ml twice daily • Women above 50 years 30ml twice daily

## GUIDE

- **For general weakness:** Use GYNOcare SYRUP alongwith LIVcare •
- **For backache:** Use GYNOcare SYRUP alongwith JODDARAM tablet and JODDARAM Oil for application
- **For fatigue/lethargy:** Use GYNOcare SYRUP alongwith SPIriluna Tablet •
- **Irregular periods:** Use GYNOcare SYRUP alongwith ALOE Vera Juice •
- **Acne in young adolescent girls:** Use GYNOcare SYRUP alongwith FaceNikhar Anti Acne cream
- **For personality development:** Use GYNOcare SYRUP with URAOZ cream.

**Presentation:** 200ml Bottle

## KEY INGREDIENT(S)

**Gokharu Chhota**  
*Tribulus terrestris*

- Each 10ml of syrup contains spray dried extract prepared from 30g of herbs in bio-available form
- Herbs known to support uterine function, reduces spasm and pain

# GYNOCARE Tablet

Blend of phytoactives supporting the imbalances during menopause

In today's world, faster pace and greater responsibility brings stress in women's life. Women should not let her menopausal symptoms put a pause in her life. Menopause is the end of menstruation, which results from a reduced production of oestrogen by the body. Peri-menopause period is the time surrounding the last natural menstrual period. Most of the women expect to spend a third of their lives in the post-menopausal stage.

The levels of female hormones, oestrogen and progesterone, may fluctuate almost daily around the time of the menopause. Women's periods then stop due to the consistently low levels of oestrogen. Fluctuating hormone levels result in a wide range of symptoms, including hot flushes, night sweats, mood disturbances, depression, forgetfulness, vaginal dryness, urinary infections, pain during intercourse, etc. Postmenopausal women are more likely to have osteoporosis involving thinning of the bones. Women with osteoporosis can break their hips and backbones easily.

The menopause occurs when the female reproductive organs, the ovaries, stop producing hormones. The time when this happens is influenced by genetic and environmental factors.

## SOLUTION

Deltas GYNOCare Tablet is formulated with well-known herbs that are helpful to promote health of a woman during pre, peri and post-menopausal period. It is a non-hormonal remedy enriched with phyto-estrogenic activity for menopausal symptoms. Thus, it not only helps woman to get rid of the menopausal syndrome but also helps to lead a quality life throughout.

## PRODUCT

Deltas GYNOCare Tablet is made up of natural ingredients like Ashok (S.

indica), Shatavari (A. racemosus) that mimics the activity of estrogen and possess strong antioxidant property, it helps reduce intensity and frequency of hot flushes and night sweats.

GYNOCare Tablet with its anxiolytic and mild tranquilizing action of Shatavari (A. racemosus), Hing (F. foetida) is helpful in relieving irritability, insomnia and mood swings. Amla (E. officinale) is a potent antioxidant. GYNOCare Tablet contains Ashok (S. indica) that offer non-hormonal approach to achieve best prophylaxis which aids in pre to post-menopausal symptoms without ill effects of Hormone Replacement Therapy. It plays an important role in the prevention of post-menopausal complications including osteoporosis, cardiovascular disorders. Hirabol (C. myrrha) helps to stabilize the mood that alleviates mood swings and anxiety.

## COMPOSITION:

Each 1000mg GYNOCare Tablet contains following ingredients: Dasmool Dry Extract 150mg, Ashok (Saraca indica) Bark Dry Extract 150mg, Hermal (Peganum hermal) Seed Dry Extract 100mg, Shatavari (Asparagus racemosus) Root Dry Extract 100mg, Ghrita Kumari (Aloe vera) Leaves' Pulp 100mg, Amla (Emblica officinalis) Fruit Powder 100mg, Hirabol (Commiphora myrrha) Dry Extract Exudate 60mg, Chitrak (Plumbago zeylanica) Root Dry Extract 50mg, Indravarna (Citrullus colocynthis) Root Dry Extract 50mg, Kalonji (Nigella sativa) seed Dry Extract 50 mg, Hing (Ferula foetida) Exudate Dry Extract 40mg with permitted excipients & preservatives q.s.

## APPLICATION

• **For aging related symptoms:** 1 tablet once a day • **For menopausal symptoms:** 1 tablet twice a day

## GUIDE

- **For night sweats, hot flushes:** Use GYNOCare Tablet alongwith ALOEvera Juice
- **For vaginal dryness:** Use GYNOCare Tablet alongwith V-Hygiene WASH and Squeeze Cream
- **For anxiety:** Use GYNOCare Tablet alongwith SPiriluna Tablet
- **For insomnia:** Use GYNOCare Tablet alongwith SPiriluna Tablet
- **For low bone mineral density:** Use GYNOCare Tablet alongwith WHEATgrass Tablet & Active Amla Juice
- **For personality development:** Use GYNOCare Tablet with Uraoz cream
- **For backache:** Use GYNOCare Tablet alongwith JODDARAM tablet and JODDARAM Oil for application
- **For fatigue/ lethargy:** Use GYNOCare Tablet alongwith SPiriluna Tablet
- **Irregularity:** Use GYNOCare Tablet alongwith ALOEvera Juice.

**Presentation:** 1x30 Tabs

## KEY INGREDIENT(S)

**Ashok**

# ACTIVE AAMLA Juice

Unique anti-aging composition for combating oxidative stress

One of the human body's most masterful tricks is its ability to give us clues about what's going on inside. Many people feel tired, forgetful, having joint pain or stiffness, irregular bowel movements & more. Often when these people go for a general check up or blood test or X-rays, the tests come back as normal. Unfortunately, they still feel that their body is not right or that their body feels older than their actual age. This is what we call signs of early ageing. Premature wrinkles, skin tone, the condition of your hair, and the way you look & move can indicate whether your biological age is higher than your chronological age. Your biological age refers to how well your body is functioning & can be much higher or lower than your actual age. While a balanced diet, physical activity and intake of nutrients are important to avoid premature ageing; there are wonderful gifts from nature that are enriched with properties that are highly beneficial to the human body. Using these gifts in their optimal form can support anti-aging and provide the much needed vigor to combat oxidative stress - that causes accelerated aging in the body.

## SOLUTION

Deltas Active aamla Juice is prepared with organically harvested Aamla fruits in combination with powerful hepatoprotective and anti-oxidant herbs like Amrita (*T. cordifolia*) stem Juice & Bhumyamalaki (*P. niruri*) whole herb Juice. Aamla or Indian gooseberry is a powerful superfood that help reduce the aging process and improves eye diseases, digestive problems, diabetes and other health issues. It is also the richest natural source of vitamin C.

## PRODUCT

Deltas Active aamla Juice provides organically harvested Aamla (*E. officinalis*) fruits in combination with

powerful hepatoprotective and anti-oxidant herbs. These natural liver protective herbs are enhanced with stem cell activator complex. Adult stem cell function declines with aging process. Rejuvenating stem cells is the key to cell renewal, support for recovery from disease or injury, and longevity. Active aamla Juice an innovative first-in-its-class stem cell activator; formulated as a synergistic herbal Juice for supporting your stem cells at the optimum metabolic level.

Additionally, Amrita (*T. cordifolia*) offers potent anti oxidant action that supports tissue repair and helps eliminate metabolic toxins from the body. Bhumyamalaki (*P. niruri*) protects liver from various types of viral diseases and provides cellular recovery. Deltas' concentrated Aamla Juice is manufactured with specific technology to preserve the vitamin C and natural iron; it is blended with carnosic acid derived from Tulasi for natural preservation.

## COMPOSITION

Each 10ml Active aamla Juice is prepared by the following ingredients: Aamla (*Emblca officinalis*) Fruit Juice 95%, Amrita (*Tinospora cordifolia*) Stem Juice 2%, Bhumyamalaki (*Phyllanthus niruri*) Whole herb Juice 2%, Permitted Preservatives q.s.

## APPLICATION

• **Method for use:** Take 30ml after dinner or as directed by Physician.  
 • **Energizer:** Use 30ml twice daily; empty stomach in morning and evening 2 hours prior to meals  
 • **Daily nutritional support:** Use 20ml twice daily; on empty stomach in morning and evening 2 hours prior to meals twice daily  
 • **For Anemia:** Use 20 ml twice daily after meals  
 • **Poor digestion:** Use 10ml twice daily just before meals  
 • **Wrinkles on skin:**

Use 20ml twice daily after meals

• **Fatigue/weakness:** Use 20ml twice daily after meals  
 • **Joint pain or stiffness:** Use 30ml twice daily  
 • **Irregular bowel movements:** Use 20ml twice daily

## GUIDE

# ACTIVE NONI Juice

Instant revitalizer superfruit Juices with herbal stem cell activator complex

With increasingly busier lives, we have very low recreation and relaxation activities. Along with this the added stress of work and of lives involve us in a vicious cycle while leading our day to day existence. A well documented effect of the increasing stressful lifestyle has its ill effect on a person's physical and psychological health. Additionally, our poor diet and stressful lifestyle causes a deprivation of adequate healthy food consumption thus contributing to poor nutrition leading to weakness, poor energy, a weak immune system and therefore accelerated aging. These effects can be seen in children exposed to stress due to highly competitive environment. An effective option that can solve the problem of inadequate nourishment support, improve the zeal, provide impetus to our physical and psychological health is the need of the hour for such conditions.

## SOLUTION

Deltas Active noni Juice is designed to replenish muscle energy instantly, reduce daily wear and tear, provide micronutrients and phytoactives for preventing the lethargy and general weakness. It maintains the immunity at peak due to the ingredients like Guduchi (*T.cordifolia*), Leh Berry (*H. rhamnoides*) and various other ingredients which provide energy, rejuvenates & supports daily wear & tear of the body. It replenishes micro-nutrients & phytoactives required by providing natural energy. The formulation is based on phytonutrients botanicals that are enhanced with stem cell activator complex.

## PRODUCT

Deltas Active noni Juice is a blend of Noni along with grape fruit, Amrita (*T. cordifolia*), Ashwagandha (*W. somnifera*) & Leh berry (*Hippophae rhamnoides*); designed to maintain the

immunity at its peak. The formulation provides energy and rejuvenates the body. Ingredients like Amrita offer potent anti-oxidant action that supports tissue repair and helps eliminate metabolic toxins from the body.

Deltas Active noni Juice replenishes micro-nutrients & phytoactives required by athletes, sports person, active people involved in physical & mental workouts. These natural energy & phytonutrients botanicals are enriched with stem cell activator complex. Adult stem cell function declines with ageing process. Rejuvenating these stem cells is the key to cell renewal, support for recovery from disease or injury and longevity.

Deltas Active noni Juice an innovative first-in-its-class stem cell activator; formulated as a synergistic herbal Juice for stimulating your stem cells and optimising stamina. Overall it improves the immune system, delivers superior antioxidants, increases energy, and allows greater physical performance levels.

## Composition

Each 10ml Active noni Juice is prepared by the following ingredients: Achyuta (*Morinda citrifolia*) Fruit Juice 30%, Mrudweeka (*Vitis vinifera*) Fruit Juice 30%, Kokum (*Garcinia cambogia*) Fruit Juice 20%, Amrita (*Tinospora cordifolia*) Stem Juice 5%, Dhatri (*Emblica officinalis*) Fruit Juice 5%, Ashwagandha (*Withania somnifera*) Root Juice 5%, Badriphal (*Hippophae rhamnoides*) Fruit Juice 4%, Permitted Preservatives q.s.

## APPLICATION

• **Daily nutritional support:** Use 20-30ml twice daily; empty stomach in morning and evening 2 hours prior to meals • **Energizer:** Use 30ml twice daily; empty stomach in morning and evening 2 hours prior to meals

• **Fatigue/weakness:** Use 20ml twice daily after meals • **Joint pain or stiffness:** Use 30ml twice daily after meals • **Stress/anxiety:** Use 20ml twice daily after meals • **Dull skin:** Use 10ml twice daily after meals • **Poor recall/memory:** Use 30ml twice daily after meals

# ACTIVE LADY Capsule

Daily Revital for women with Anti-oxidants & essential Nutrients

As a child, dietary needs of boys and girls are largely similar. With puberty, women start to develop unique nutritional requirements. As they age and their bodies go through more physical and hormonal changes, their nutritional needs also evolve, making it important that their diets meet these changing needs. Hormonal changes associated with menstruation, child-bearing, and menopause puts women at higher risk of anemia, weakened bones and osteoporosis, requiring a higher intake of iron, calcium and other micro nutrients. Many a times due to their busy lives trying to balance the demands of family and work, women are more prone to neglect their own dietary needs.

Everyone desires to be active, agile, disease free and want to live life happily. But many a times lack of adequate exercise, proper nutrition and sunlight puts women at risk for a myriad of health problems.

Thus, the modern woman needs a natural supplement that provides all the vital nutrients they need at every stage of their growth. A good nutrient option allows them to stay healthy and be physically and mentally sound to ensure their happiness leading to happy families.

## SOLUTION

Deltas ActiveLADY Capsule is a daily supplement for women that offer to replenish day to day requirements of nutrients and promote healthy skin and hair, provide energy and vitality to keep her active, healthy and happy through the day. The formulation provides herb based nutritive components especially meant for the female's optimum physical and mental growth. It is a specially created formula that replenishes the daily needs to protect women from risk of anemia, weakened bones and osteoporosis.

## PRODUCT

ActiveLADY Capsule is a polyherbal formulation of choicest and well-studied herbs. Shatavari (*A racemosus*) contains natural phyto-estrogen hormone precursors that help women to maintain a healthy reproductive system and optimum energy, preventing heart disease and osteoporosis. Akarkara (*A. pyrethrum*) & Yashad bhasma stimulates the immune system and protects from illnesses. Soybean provides natural soy based isoflavones that are well documented to improve fertility, reduce difficulties in menses and protect from osteoporosis by strengthening the bones. Shilajeet (*A. punjabinum*) and Akarkara (*A. pyrethrum*) act as nervine tonics to provide calmness and improve mental health. Vidarikand (*P. tuberosa*) is a renowned rejuvenating tonic for the women reproductive system. It nourishes and builds muscle and bones to provide strength and stability thereby increasing endurance and stamina for day to day activities. ActiveLADY Capsule is a daily supplement for women that offer to replenish day to day requirements of nutrients and promote a healthy skin and hair, provide energy & vitality to keep her healthy and happy through the day.

## COMPOSITION

Each 500mg ActiveLADY Capsule contains: Soybean (*Glycine max*) Seed Dry Ext. 100mg, Vidari (*Pueraria tuberosa*) Tuberos Root Dry Ext. 50mg, Shatavari (*Asperagus racemosus*) Root Dry Ext. 50mg, Akarkara (*Anacyclus pyrethrum*) Root Dry Ext. 50mg, Shilajeet (*Asphaltum punjabinum*) Exudate Dry Ext. 50mg, Yashad Bhasma (Classical Preparation) 25mg, Permitted excipients & preservatives q.s.

## APPLICATION

1 Capsule 2-3 times a day or as directed by the Physician. Use regularly

in following conditions: • General weakness • Low body weight • Early fatigue • Poor immunity • Backache/ Body ache • Lethargy.

## GUIDE

- **General weakness:** Use ActiveLady Capsule alongwith SPiriluna Tablet
- **Low body weight:** Use ActiveLADY Capsule alongwith WHEATgrass Tablet
- **Early fatigue:** Use ActiveLADY Capsule alongwith SPiriluna Tablet and LIVcare Tablet

## **ACTIVE LADY** Capsule

### **HERBS FOR YOUTHFUL AND ACTIVE LIFESTYLE**

ActiveLady Capsule promotes skin and hair health, provides energy and vitality for feminine care. Combats stress and fatigue

# ACTIVEMEN Capsule

Daily Revital for men

Increasing stressful lives and poor recreation facilities causes its ill effect on a person's physical & psychological health. Increasingly, adult men are showing signs of fatigue & inability to relax and enjoy life as it comes. Poor nutrition has led to a low adaptogenic potential of our minds and body for day to day stress and competition. Our poor diet and stressful lifestyle causes a deprivation of adequate healthy food consumption leading to weakness, poor energy, a weak immune system and therefore accelerated aging. Added to it, alcohol abuse & cigarette smoking also adversely affect health.

At the same time men require unique nutritional approach to solve their physical nutritive requirements. All this brings out the glaring need for an effective alternative that can solve the problem of inadequate nutritional support to the body, improve the body's stamina and vitality for endurance activities.

## SOLUTION

Deltas ActiveMEN Capsule is a blend of powerful herbal ingredients that are designed to naturally promote general well-being and vitality for men. This formulation offers nutrients that help in nourishment and promote general well-being.

## PRODUCT

Deltas ActiveMEN Capsule is a potent combination that contains adaptogens such as Safed musli (*A. adscendens*) & Ashwagandha (*W. somnifera*) which enhances dopamine levels in the brain and inhibit the expression of proinflammatory cytokines. Thereby prevents and manages stress, thus improving overall physical & mental performance.

Ashwagandha (*W. somnifera*) increases the levels of testosterone to increase the masculine power

and provides strength to the muscle tissues. Shilajit (*A. punjabinum*) helps in rejuvenating the cell by driving oxygen and nutrients to the cell which improves energy production and makes you feel more active and helps you perform well round the clock. Akarkara (*A. pyrethrum*) act as a natural energizer & increases endurance to stress. They nourish the body and offer high levels of nutrition. Punarnava (*B. diffusa*) offer excellent anti-oxidant properties thus reversing tissue damage and improving overall blood circulation in the body.

Thus, ActiveMEN Capsule offers a perfect balanced supplementation for men to improve their physical health and enhance their overall strength, stamina and endurance.

## COMPOSITION

Each 500mg ActiveMEN Capsule contains following ingredients: Safed Musli (*Asparagus adscendens*) Rhizome Dry Ext. 100mg, Punarnava (*Boerhavia diffusa*) Root Dry Ext. 50mg, Ashwagandha (*Withania somnifera*) Root Dry Ext. 50mg, Akarkara (*Anacyclus pyrethrum*) Root Dry Ext. 50mg, Shilajeet (*Asphaltum punjabinum*) Exudate Dry Ext. 50mg, Yashad Bhasma (Classical Preparation) 25mg, Permitted excipients & preservatives q.s.

## APPLICATION

1 Capsule 2-3 times a day or as directed by the Physician.

### Use in the following scenarios

- For improving general physical health
- Poor nutrition/diet
- Improving stamina for day to day activities
- Post workout
- For Gaining weight

## GUIDE

• **For general physical health:** Use ActiveMEN Capsule alongwith WHEATgrass Tablet • **Poor nutrition/diet:** Use ActiveMEN Capsule

alongwith ALOEvera Juice and SPiiriluna Tablet • **Improving stamina for day to day activities:** Use ActiveMEN Capsule alongwith WHEATgrass Tablet • **Improving performance during intimacy:** Use ActiveMEN Capsule alongwith KNIGHTmax Ras, KNIGHTmax Tablet and Royal Honey for Him Capsule • **Post workout:** Use ActiveMEN Capsule alongwith WHEATgrass Tablet • **For weight Gain:** Use ActiveMEN Capsule alongwith WHEATgrass Tablet and SPiiriluna Tablet.

**Presentation:** 60 Capsules

### KEY INGREDIENT(S)

**Safed Musli**  
*Asparagus adscendens*

## **ACTIVEMEN** Capsule

# **ACTIVATE YOUR DAY WITH BALANCED ENDURANCE**

Active Men Capsule promotes general wellbeing and vitality. Formulated for stress free daily lifestyle; Enhances overall physical health, stamina and endurance

# OPTIHEALTH Capsule

Enriched with PRP'S from cow colostrum with herbomineral actives

Indian diet is known to be a vegetarian diet, though we tend to consume the whole food on the plate, often we do not realize if the food is 'whole' in terms of its nourishment. Lifestyle changes has seriously affected our eating habits & enforced many people to consume junk foods with poor dietetic values. Many working professionals have dependence on whatever (mostly low nutritional value food) is available in office canteen or lunch homes. Consequently, leading to marked deficiency of essential vitamins & minerals in our daily diet. Deprived nutrition leads to weakness, poor energy and ultimately a weak immune system. A weakened immune system can contribute to increased susceptibility to colds, recurrent infections, autoimmune diseases and therefore accelerated aging. Additionally increased exposure to poor water quality, low hygienic conditions and pollution leads to increased exposure to infective agents & allergens; consequently affecting our immunity. Certainly, it's vital to eat a well-balanced diet including fruits, vegetables and whole grain that can support the immune system by providing crucial vitamins, minerals, phytochemicals & anti-oxidants. But it is challenging for many to consume a well-balanced diet on daily basis. All this brings out need for an effective alternative enriched with nutrients and vitamins required for optimum immunity and health.

## SOLUTION

OptiHEALTH Capsule provides a blend of rare phytonutrients that can be consumed as a daily immunity enhancer for entire family. Regular consumption of OptiHEALTH Capsules supports energy, innate immunity and a healthy metabolism through its unique blend of alkalizing greens, detoxifying

and energizing herbs and digestion-supporting fibers.

## PRODUCT

OptiHEALTH Capsule is a well-researched Proline-Rich Peptide (PRP) enriched formulation which provides immunological balance, supports innate immunity and optimum health.

Colostrum is a well-known superfood which contains a rich array of nutrients, fatty acids, amino acids, antibodies and immunoglobulin. This phytonutrient formulation is enhanced with arabinogalactan from Guduchi (*T. cordifolia*); useful in supporting the natural rejuvenation of cells & immunity enhancer. Amla (*E. officinalis*) is a potent Rasayan useful to promote health and is richest source of Vitamin C. Yashad Bhasma improves immunity to fight infections. Natural extracts of Carrot (*D. carota*), greentea (*C. citratus*) and spinach (*S. oleracea*) have abundant carotenoids, iron, calcium, and ascorbic acid apart from their rejuvenating potential. Shaiwal (*A. platensis*) is incredibly high in protein, antioxidants, B-vitamins, iron, and amino acids needed for disease-free living.

OptiHEALTH Capsule supports optimum energy, can be used as a phytoactive based supplement in recurrent allergies, asthma, chronic rheumatoid arthritis, psoriasis, diabetes, IBS, various autoimmune conditions and debility. It can be consumed as a daily herbal immunity booster for entire family.

## COMPOSITION

Each 500mg OptiHEALTH Capsule contains: Guduchi (*Tinospora cordifolia*) Stem Dry Ext. 20mg, Yashad Bhasma (Classical preparation) 20mg, Ashwagandha (*Withania somnifera*) Root Dry Ext. 25mg, Amla (*Emblica officinalis*) Fruit Dry Ext. 25mg, Hari

chai (*Cymbopogon citratus*) Leaves Dry Ext. 25mg, Gajar (*Daucus carota*) Root satva 25mg, Shaiwal (*Arthrospira platensis*) whole herb 25mg, Palak (*Spinacia oleracea*) Leaves Dry Ext. 35mg, Gau Peeyush (Bovine colostrum) (Dried) Milk product 250mg, Permitted excipients & preservatives q.s.

## APPLICATION

1 Capsule with milk or water twice a day, or as directed by the Physician.

## GUIDE

- **For general weakness:** Use OptiHEALTH Capsule with WHEATgrass Tablet
- **Fatigue/lethargy:** Use OptiHEALTH Capsule along WHEATgrass Tablet & ActiveMen/ActiveLady capsule
- **Boosting the immune system:** Use OptiHEALTH Capsule with SPiiriluna Tablet
- **Poor nutrition:** Use OptiHEALTH Capsule with ALOEvera Juice & LIVcare Tablet
- **Weight management:** Use OptiHEALTH Capsule with SPiiriluna Tablet & Royal Honey For Him/HER
- **Allergy (skin/eye):** Use OptiHEALTH Capsule & SPiiriluna Tablet.

**Presentation:** 60 Capsules

## KEY INGREDIENT(S)

**Ashwagandha**  
*Withania somnifera*

- Collected from A2 Cows; It is enriched with Proline-Rich Peptide (PRP)
- Contains synergistic 8 rare phytonutrients used as a daily immunity enhancer.

SAPIENCE FOR NATURAL HEALTH

## **OPTIHEALTH** Capsule **FORMULA FOR SUPPORTING IMMUNITY AGAINST ALLERGIES & INNATE IMMUNITY**

Super food colostrum supports optimum energy, phytoactive supplement in recurrent allergies, asthma, chronic rheumatoid arthritis, psoriasis, diabetes, IBS & various autoimmune conditions; it also includes alkalizing greens, detoxifying and energizing herbs and digestion supporting fibers

# SPIRILUNA Tablet

Absolute source of phycocyanin and other phytochemicals

While Indian food is assumed to be strongly vegetarian, it is actually lacking in vegetables. Due to this we see a marked deficiency of important vitamins and minerals in our day to day diet. Studies have shown the prevalence of Vitamin deficiency (such as that of Vit A) to be the highest among school children of SE Asian countries like India. Poor nutrition leads to weakness, poor energy, a weak immune system. Thus, not only the common Indian population faces deprivation of adequate healthy food consumption but is also prone to develop vitamin deficiency conditions namely night blindness.

The inadequacy of retinol (vitamin A) is one of the leading reasons behind the retinal disorder. Sufficient amount of vitamin A ascertains the supply of the pigment required by the rod cells. The dearth of vitamin A can make the eyes extremely dry and can result in night blindness. Shockingly, in spite of a balanced diet, one may suffer from vitamin A inadequacy. Zinc is indispensable for increasing the function of vitamin A. Hence, insufficiency of zinc in diet can induce eye issues. Balanced diet plays a crucial role in preventing electrolyte inequality.

## SOLUTION

Deltas SPIriluna Tablet is a wonderful combination of the incredibly nutritious SPIriluna Tablet and many Ayurvedic rasayanas like Guduchi (*T. cordifolia*) and Ghritkumari (*A. vera*); that offer optimal nourishment and replenish the lack of vitamins and nutrients in the body. Deltas SPIriluna Tablet is formulated with C-phycocyanin enriched extracts that are scientifically stabilized. C-phycocyanin, a blue natural pigment, is of high value, as it has been reported to have anti-aging, antioxidant, and anti-inflammatory activities as well as to suppress cancer metastasis. It is useful in increasing the immunity in children

and can be used for chronic disease as an adjuvant.

## PRODUCT

SPIriluna Tablet provides the much needed purple pigment called Anthocyanins that provide protection to the eyes from harmful high-energy light waves like ultraviolet rays in sunlight. Diets rich in these nutrients may help hold off age-related eye diseases.

**Growth and development:** SPIriluna Tablet is rich in proteins, in fact about 65% of SPIriluna Tablet is low-calorie, easily-digestible protein without any side effects. **Energy booster:**

SPIriluna Tablet is a highly digestible natural health food supplement, rich in proteins and also contains about 15% carbohydrates in polysaccharides, glycogen, rhamnose in easily digestible forms. **Strengthening immune system:** Regular consumption of SPIriluna Tablet strengthens the immune system. **Zero cholesterol food:** Research studies have shown that SPIriluna Tablet reduces the level of serum LDL-the bad cholesterol and raises HDL-the good cholesterol.

**Improving gastrointestinal & digestive health:** SPIriluna Tablet acts as a functional food, feeding beneficial intestinal flora, especially Lactobacillus and Bifidus. **Better antioxidant protection:** It provides better antioxidant protection, as it is rich in antioxidant vitamins, antioxidant minerals, and natural pigments like beta carotene, chlorophyll, phycocyanin etc. **Weight management:** The high concentration of essential nutrients in SPIriluna Tablet helps to satisfy our appetite, so we eat less.

## COMPOSITION

Each 1000mg SPIriluna Tablet contains following ingredients: SPIriluna Tablet (*Atherospira plantensis*) Pdr. 500mg, Guduchi (*Tinospora cordifolia*) Stem

ext. 100mg, Ghritkumari (*Aloe vera*) leaves ext. 100mg, Amalaki Rasayan Yog 100mg, Permitted excipients and preservatives q.s.

## APPLICATION

- **Eye Care:** 1 tablet twice a day
- **growth and development:** 1 tablet twice a day with meals
- **Energy booster:** 1 once a day with breakfast
- **Improving Gastrointestinal and Digestive Health:** 1 tablet before meals
- **Slimming and Weight Loss:** 1 tablet thrice a day

## GUIDE

- **For general health:** Use SPIriluna Tablet alongwith WHEATgrass Tablet
- **Eye Care:** Use SPIriluna Tablet alongwith NAYANAsukh Eye Drops
- **Growth and Development:** Use SPIriluna Tablet alongwith PANCHA TULASI Drops
- **Improving Gastrointestinal & Digestive Health:** Use SPIriluna Tablet alongwith LIVcare syrup
- **Weight management:** Use SPIriluna Tablet alongwith ALOEvera Juice
- **To improve digestion:** Use WHEATgrass Tablet alongwith ALOEvera Juice.

**Presentation:** 1x30 Tabs

# WHEATGRASS Tablet

Herbal power food with plant based nutrients and minerals

Most of us know by now that we need to eat fresh fruits and veggies everyday in abundance for optimal health and detoxification. However, for many people this isn't as easy as it might seem. While Indian food is assumed to be strongly vegetarian, it is actually lacking in vegetables. Our diet is centered round wheat, in the north, and rice, in the south. The second most important element is daal in its various forms. By weight, vegetables are not consumed much. In fact, there are many vegetarian meals a person has (especially in tiffin boxes etc) without encountering a vegetable. The most important vegetable is the starchy potato. Greens are not cooked stir-fried in the healthy manner, but boiled or fried till much of the nutrient value is killed.

All this causes a deprivation of adequate healthy food consumption in our daily lives. This too contributes to poor nutrition leading to weakness, poor energy, a weak immune system and therefore accelerated ageing.

## SOLUTION

While it isn't meant to replace eating fresh vegetables, Deltas' WHEATgrass Tablet offers all the goodness and benefits of numerous antioxidants and other nutrients, all in one small easy-to-consume tablet. The tablet form allows ease of carrying and consumption at any time without the hassles of growing the grass and extraction of the Juice.

## PRODUCT

Deltas WHEATgrass Tablet is a unique combination of natural ingredients and the wheat grass that is processed in Amalki rasayana. The amalki rasayana is an Ayurvedic superfood that is known to enhance immunity and provides nourishment to the body. Blend of WHEATgrass Tablet and Amalki rasayana synergistically replenish

phytonutrients. Deltas scientific team has adopted a unique way to preserve the micronutrients of WHEATgrass Tablet those are highly unstable with heat and light; leading to a balanced and comprehensive nutritional formula. WHEATgrass Tablet contains over 100 different elements needed by man. One of the most noticeable (and important) nutrients in WHEATgrass Tablet is chlorophyll. Chlorophyll is the substance that gives WHEATgrass Tablet its signature, bright green color. Like other nutrient-dense greens, it's used in the human body for a number of important processes: It's a natural liver cleanser and detoxifier.

## WHEATgrass Tablet is rich in the following nutrients:

- Chlorophyll
  - Antioxidants like flavonoids and phenolic acid
  - Iron
  - Electrolytes including magnesium and calcium
  - Amino Acids
  - Vitamin A
  - Vitamin C
  - Vitamin E
  - Selenium.
- Dozens of studies on WHEATgrass Tablet show its health benefits which includes:
- Encouraging a highly oxygenated environment in your body
  - Promoting a healthy metabolism
  - Establishing an alkaline environment in the body
  - Rebuilding and strengthening blood
  - Restoring fertility and balancing hormones
  - Rebuilding damaged tissue
  - Detoxifying the body of heavy metals
  - Helping with blood sugar regulation

## COMPOSITION

Each 1000mg WHEATgrass Tablet contains following ingredients: Wheat Grass (*Triticum sativum*) Whole plant Pdr. 500mg, Guduchi (*Tinospora cordifolia*) Stem ext. 100mg, Ghritkumari (*Aloe vera*) Leaves ext. 100mg, Amalaki Rasayana Yog 100mg, Permitted excipients & preservatives q.s.

## APPLICATION

- **For general health:** 1 tablet twice daily.
- **Supportive with anti-**

- biotics:** 1 tablet thrice a day alongwith antibiotics
- **For purification of liver:** 1 tablet twice a day
- **For blood sugar regulation:** 2 tablets twice daily before meals
- **For relief in sore throat/throat pain:** 1-2 tablets twice daily
- **To improve digestion:** 1 tablet twice daily
- **For reducing inflammation:** 1 tablet thrice daily
- **Eyecare and nutrition:** 1 tablet twice daily
- **Helping with sleep:** 2 tablets at bedtime
- **Boosting the immune system:** 1 tablet twice daily

## GUIDE

- **For general health:** Use WHEATgrass Tablet alongwith PANCHA TULASI Lozenges
- **For purification of liver:** Use WHEATgrass Tablet alongwith LIVcare Tablet
- **For blood sugar regulation:** Use WHEATgrass Tablet alongwith DIACare tablet
- **To improve digestion:** Use WHEATgrass Tablet alongwith ALOEevera Juice

# D-STRESS Capsule

Goodness of pure organic herbs with anti-stress & neuro-protective properties

Stress is a natural part of life. Often we hear the expressions, "I'm stressed out," "I'm under too much stress," or "Work is one big stress." regularly around us or sometimes for ourselves as well. Stress is subjective and different people perceive it in different ways. However, stress is mostly a negative feeling rather than a positive feeling.

While stress can be physical or mental, much of our stress comes from our everyday responsibilities, hectic travel and managing our lifestyles. In order to accommodate with stress most of the times our body responds by increasing respiration, heart rate, metabolism, blood pressure and blood flow to our muscles through hypothalamic-pituitary-adrenal (HPA) axis.

Prolonged or repeated activation of HPA axis results in increased risk for obesity, CVD & depression etc. Free radicals released due to stress reduce healthy cell functioning & cause neuronal aging leading to poorer reflexes & loss of calmness of the mind.

However, constant encounter with stress without making adjustments to reduce the stress can threaten health and well-being.

Thus, it is important to ensure that there is someone that continues to provide subtle but strong support to the psychosomatic component of our body so as to combat and protect from harmful effects of day to day stress in best possible manner.

A balanced formula that offers potent anti-oxidant action and acts as a nervine tonic is the need of the hour.

## SOLUTION

D-stress Capsule is a blend of neuro-protective herbs that provide rare plant based amino-acids & flavonoids. By reducing free radical damage and slowing neuronal aging, this formulation ensures calm and composed routine. It

offers excellent de-stressing properties to ensure protection to mind & body from everyday stress factors & protects health in the long run.

## PRODUCT

D-stress Capsule has the goodness of pure organic herbs. It is composed of well researched neuro-protective & potent anti-aging herbs.

Flavonoids from Tagar (*V. wallichii*), Brahmi (*B. monneiri*) & Shankhpushpi (*E. alsinoides*) offer anti-anxiety and destressing properties. They act as a nervine tonic to improve the body's response to stressful situations and ensure quick action against oxidative damage due to free radicals.

Ashwagandha (*W. somnifera*) restores HPA axis balance thus improves sleeplessness & provides a subtle balancing effect on all systems of body. Jatamansi (*N. jatamansi*) & Jyotishmati (*C. paniculatus*) with neuro-protective & adaptogenic properties provide protection against mental fatigue and slow neuronal aging.

Derived from plant based flavonoids; this product is completely natural and does not cause habit formation even if used as a daily supplement.

## COMPOSITION

Each 550mg D-stress Capsule contains following ingredients: Ashwagandha (*Withania somnifera*) Root Dry Ext. 80mg, Tagar (*Valeriana wallichii*) Root Dry Ext. 70mg, Brahmi (*Bacopa monneiri*) Whole Plant Dry Ext. 70mg, Jatamanshi (*Nardostachys jatamansi*) Rhizome Dry Ext. 70mg, Jyotishmati (*Celastrus paniculatus*) Seed Dry Ext. 70mg, Shankhpushpi (*Evolvulus alsinoides*) Whole Plant Dry Ext. 70mg, Khus (*Andropogon muricatus*) Root Dry Ext. 35mg, Pippalimool (*Piper longum*) Root Dry Ext. 35mg, Permitted Excipients and Preservatives q.s.

## APPLICATION

1 Capsule at bed time.

**Use regularly in following scenarios**

- Anxiety • Insomnia • Mental fatigue
- Stress • Type A personalities/Anger management • During exams or competitions.

## GUIDE

- **Anxiety/Stress:** Use D-stress Capsule with ActiveMen/Lady Capsule
- **Insomnia:** Use D-stress Capsule alongwith Active noni Juice
- **Mental fatigue:** Use D-stress Capsule with Active aamla Juice
- **Type A personalities/Anger management:** Use D-stress Capsule with LIVcare Tablet & Active Men/Lady Capsule
- **During exams or competitions:** Use D-stress Capsule with Active noni Juice.

**Presentation:** 1x30 Capsules

## KEY INGREDIENT(S)

**Tagar**  
*Valeriana wallichii*

- Phospholipids from Jyotishmati Oil acts as a building block for nerve and brain cells
- D-Stress contains bioavailable phospholipids and amino acids required to relieve stress.

# ANTACID Tablet

Healing from chronic heartburn and discomfort naturally

Heartburn is a very common but also a very irritating problem that makes life miserable. General understanding about heartburn is that it is caused only due to acidic foods or fasting for long time and that it is not a serious problem and can be taken care quickly by the well advertised '6 second' relief formulas that are easily available over the counter. This is as far away from the real facts as it can be.

There are millions of people for whom untreated, occasional heartburn becomes a chronic condition known as gastroesophageal reflux disease (GERD). Apart from acidic food and long fasting periods; there are many more reason that can cause a heartburn.

These include -

- High consumption of nicotine (smoking) and/or caffeine (tea and coffee)
- Taking certain drugs
- Being obese
- Older age
- Drinking alcohol
- Eating large meals or eating before bedtime
- Eating fried, fatty, or spicy foods
- Having a hiatal hernia (in which a portion of the stomach pokes through the diaphragm and into the chest)
- Food allergies
- Insufficient stomach acid
- Lying down, especially after eating.

Ignorance or quick management of heartburn escalates into a more serious condition known as gastroesophageal reflux disease (GERD). Additionally the quick fix solutions advertised on TV etc do not provide long term relief and protection from the complications.

They further can lead to habit formation and have been known to cause higher acidity in the long run.

A solution that balances good and quick relief as well as provides long term protection is the need of the hour.

## SOLUTION

Deltas ANTAcid Tablet provides a natural and soothing solution to heart burn. They help in heartburn, sour eructations, acid regurgitation and bloating in the stomach.

## PRODUCT

ANTAcid Tablet contains natural ingredients to combat ulcers and gastritis. Herbs like Mulethi (*G. glabra*), Amalaki (*E. officinalis*) etc help to neutralize gastric acid, relieve gaseous distension and bilious and dyspeptic symptoms. Deltas' ANTAcid Tablet is enriched with Deglycyrrhizinated Licorice (*G. glabra*) in natural form; it is known to neutralize the acid, enhances soothing and tissue healing; due to its anti-inflammatory effect, it helps in reduction of spasmodic pain. Deglycyrrhizinated Licorice is also known for its anti-microbial activity.

Amalaki is a well documented herb. It effectively reduces the acid and pepsin content in the stomach. It also increases the mucin, cellular mucus and life span of gastric mucosal cells, which helps in healing stomach ulcers. As an antioxidant, it protects the gastric mucosa from oxidative damage.

Ingredients like Shankh bhasma, Kapard bhasma and Shwet parpati are well known for their ANTAcid Tablet and digestive properties that are useful in the treatment of gastritis, hyperacidity, heartburn and duodenitis.

## COMPOSITION

Each 1000mg ANTAcid Tablet contains following ingredients: Nishoth (*Operculina turpethum*) Root ext. 180mg, Mulethi (*Glycyrrhiza glabra*) Rhizome ext. 150mg, Amalaki (*Embllica officinalis*) Fruit Pdr. 100mg, Sajji Kshar (Impure Carbonate of Soda) Pdr. 150mg, Mukdashukti Pishti (*Mytilus margaritiferus*) 100mg, Lavang (*Syzygium aromaticum*) Flower Bud

Pdr. 20mg, Dalchini (*Cinnamomum zeylanicum*) Bark Pdr. 20mg, Elaichi (*Elettaria cardamomum*) Seed Pdr. 5mg, Permitted excipients & preservatives q.s.

## APPLICATION

- **Heart burn:** 1 tablet twice daily after meals.
- **Gastritis/Vomiting:** 2 tablets before meals
- **Gaseous distension/Bloating:** 1 tablet twice a day
- **Sour eructations:** 1-2 tablet once a day
- **To improve digestion:** 1 tablet before meals.

## GUIDE

- **Gastritis/Vomiting:** Use ANTAcid Tablet with LIVcare SYRUP
- **Abdominal gases:** ANTAcid Tablet with LIVcare Tablet
- **To improve digestion:** Use ANTAcid Tablet alongwith ALOEevera Juice
- **In anorexia/loss of hunger:** Use ANTAcid Tablet alongwith LIVcare and ALOEevera Juice.

**Presentation:** 1x30 Tabs

## KEY INGREDIENT(S)

Deltas ANTACid Tablet are useful in neutralizing the acid, enhances soothing and tissue healing. It acts as natural digestive and relieves heartburn and headache caused due to hyperacidity

# KOFCARE Syrup

Natural adjuvant in common cold and cough

Everyone coughs, and nobody worries about an occasional cough. Many acute illnesses ranging from hay fever and the common cold to bronchitis and pneumonia produce recurrent coughs. But the cough that accompanies acute illnesses resolves in a matter of a few days to a few weeks. In contrast, a chronic cough is variously defined as one that lingers for more than three to eight weeks, sometimes lasting for months or even years.

Coughing interrupts sleep, producing fatigue and impairing concentration and work performance. In this age of scary new viruses, social interactions are likely to suffer. And coughing can also have important physical consequences, ranging from urinary incontinence to fainting and broken ribs. Between medical tests, lost productivity at work, remedies that don't help, and treatments that do, treating cough becomes expensive.

## SOLUTION

Deltas KOFcare Syrup is a blend of choicest herbs that act on the respiratory system as an immunomodulator, thereby offering to manage chronic cough at its root level and not just treating it symptomatically.

## PRODUCT

KOFCare Syrup is a unique combination of natural ingredients that boost the immunity of the respiratory system. Components like KakadaSinghi (*P. integerrima*) and Sonth (*Z. officinale*) are well known immune boosters that also act as an anti-inflammatory agents in the respiratory tract. Herbal extracts of Mulethi (*G. glabra*), Baheda (*T. bellerica*), Adulsa (*A. vasica*) suppresses cough alongwith providing a soothing sensation in the throat to reduce the irritation. Mulethi (*G. glabra*) in KOFcare Syrup is fortified with glycyrrhizin, a glycoside that balances

the normal production of mucus in the respiratory tract, maintaining healthy lung function. Baheda (*T. bellerica*) contains natural flavonoids that soothes and cleanse the bronchial area, supporting healthy breathing; it is well known for its antibacterial action. Thymol (*T. ammi*) in KOFcare Syrup is enriched with flavonoids that promote normal circulation and healthy bronchial activity.

The overall combination acts as a mucolytic and their expectorant properties reduce the viscosity of bronchial secretions and facilitate expectoration. In addition, the anti-allergic, antimicrobial and immune-modifying properties provide relief from cough. The demulcent action of KOFcare Syrup soothes respiratory passages. As the entire formulation is alcohol free, it does not induce sedation and can be used by people who are working or driving etc. KOFcare Syrup provides optimal relief in Smokers - who often have a dry hacking cough that does not go away inspite of over the counter cough syrups.

## COMPOSITION:

Each 10ml KOFcare Syrup contains Extract of the following ingredients: Kakada Singhi (*Pistacia integerrima*) Galls dry ext. 55mg, Sonth (*Zingiber officinale*) Rhizome dry ext. 30mg, Nagarmotha (*Cyperus scariosus*) Rhizome dry ext. 50mg, Mulethi (*Glycyrrhiza glabra*) Root dry ext. 60mg, Baheda (*Terminalia bellerica*) Fruit dry ext. 100mg, Adulsa (*Adhatoda vasica*) Leaf dry ext. 60mg, TalishPatra (*Abies webbiana*) Leaf dry ext. 30mg, Kayphal (*Myrica nagi*) Bark dry ext. 15mg, PipaliChhoti (*Piper longum*) Fruit dry ext. 10mg, KateriChhoti (*Solanum xanthocarpum*) Root dry ext.10mg, Kali mirch (*Piper nigrum*) Fruit dry ext. 10mg, Thymol (*Trachyspermum ammi*) Fruit ext.(Crystal) 10mg, Kapoor

(*Cinnamomum camphora*) wood ext. (Crystal) 2mg, Syrup base with permitted excipient & preservatives q.s.

## APPLICATION

• **For general cough:** 10-20 ml thrice daily • **For smokers cough:** 30ml twice a day • **For irritation in throat:** 10ml twice a day • **People exposed to dust/pollution:** 10ml twice a day • **Professional singers/comperers:** 10ml twice a day • **For relief in sore throat/throat pain:** 20ml twice a day • **Boosting respiratory health:** 10ml twice daily

## GUIDE

• **For general cough:** Use KOFcare Syrup alongwith PANCHA TULASI Lozenges • **For smokers cough:** Use KOFcare Syrup alongwith PANCHA TULASI Lozenges and WHEATgrass Tablet • **For irritation in throat:** Use KOFcare Syrup alongwith PANCHA TULASI Lozenges • **Chronic allergic conditions:** Use KOFcare Syrup alongwith NAYANAsukh Eye Drops and PANCHA TULASI Drops

**Presentation:** 100ml Bottle

## KEY INGREDIENT(S)

# NAYANASUKH Eye Drops

Polyherbal eye drop for daily protection

Eye is one of the most sensitive organs in our body that needs extreme care to prevent any problems or abnormalities. While we have always believed that eye sight starts deteriorating as we age, this phenomenon is no longer attributable to just increasing age! Increased exposure to blue light from electronic devices and increase in poor air quality are two major (and unavoidable) factors that harm our eyes from an early age.

### Increased blue light exposure:

Today more and more people are turning as a victim of vision impairment due to erratic lifestyles! With technology small enough to fit in the palm of your hand, it may seem like you are always plugged in or logged on. While this technology makes life's tasks convenient, it could pose problems for the health of your eyes. Each of these devices emits the blue light that is well known to disturb the normal circadian rhythm of the human body. Because digital devices are held close to the face, your eyes are forced to constantly focus and reposition in order to see images and text clearly. Do it long enough, and your eyes may begin to cry out for relief as you experience eye fatigue, irritation or vision problems. Headaches, dry eyes, and redness are all common symptoms of digital eyestrain and nearly 70% of adults using these devices report poor effects from it.

**Poor air quality and the eye:** Air pollution, no doubt, has had numerous health impacts on humans, but when it comes to air pollution in relation to eyes and vision, there seems to be no respite either.

A study done in Paris in 2003 found a strong link between urban pollution and a spike in ophthalmological emergencies in the area. Though fewer studies have been done in other parts of the world, reports from Beijing, China and the India, they all seem to

suggest that vision health is being affected by smog and other forms of air pollution.

### SOLUTION

In today's world, it is practically impossible for your eyes to escape harmful blue light that comes from using devices like TVs, computers, laptops, and cell phones. It is also a challenge to protect yourself from air pollution which is an increasing problem in urban areas. Thus the eyes need an able partner that will protect them from the harms caused inside the house (through blue light emission) and outside the house (by air pollution)

Such health care partner for the eye is available in the form of Deltas NAYANAsukh Eye Drops.

### PRODUCT

NAYANAsukh Eye Drops is an optimal formulation of eye care that provides relief from many irritable symptoms of the eye and also protects the eye from harmful effects of blue light exposure and pollution. It contains pure extract (ark) of Rose (*Rosa centifolia*) petals that provide an eye soothing effect relieving day to day ocular stress. Potent antioxidants from herbs such as Punarnava (*B. diffusa*), Tulsi (*O. Sanctum*), Bhringraj (*E. alba*) and Chaksushya (*C. albus*) protect the lining of the eyes, reduces inflammation. Components like Tankan (*S. biboras*) offer pain relief. Additionally Kapoora (*C. camphora*) and Potassium aluminum sulphate provide the much needed hydration and cooling effect inside the ocular cells.

### COMPOSITION

Each 10ml contains: Herbal Ark of 7ml: Gulab (Flower leaf) 400mg, Aloe vera (leaf) 50mg, Daruhaldi (Stem/Root) 150mg, Bhringraj (Whole plant) 200mg, Tulsi (Leaf) 200mg, Punarnava

(root) 200mg, Neem (Leaf) 100mg, Chaksushya (Seed) 200mg, Powder of: Tankan 30mg, Kapoor 15mg, Fitkari (White) 15mg, Glycerine 3ml, Preservative: Benzalkonium Chloride 0.02% v/v

### APPLICATION

Instill 1-2 drops of NAYANAsukh Eye Drops in the eyes twice-a-day or as directed by the physician. For Dry eyes and frequent irritation in eyelids instill 1-2 drops in each eyes 3-4 times a day. During strenuous computer session or after long reading session instill 1 drop of NAYANAsukh Eye Drops in both eyes.

### GUIDE

• **For general eye health:** Use NAYANAsukh Eye Drops daily as directed • **For redness in eye/irritations:** Use NAYANAsukh Eye Drops alongwith PANCH TULASI Drops • **In allergic cold/cough:** Use NAYANAsukh Eye Drops alongwith PANCH TULSI lozenges.

**Presentation:** 10ml Bottle

### KEY INGREDIENT(S)

Nayanasukh eye drops for regular use in people using modern day blue light emitting gadgets, relaxes corneal congestion and provides relief from dry eyes

# VISIONSAID Capsule

Rare nutrition for preservation of Healthy Vision

It is practically impossible for many of us to avoid use of TVs, computers, laptops, and cell phones. While we have always believed that eye sight starts deteriorating as we age, this phenomenon is no longer attributable to just increasing age! While technology makes life's tasks convenient, excessive usage of TV, computers, tablets and mobiles lead to an increased exposure to blue light which can harm our eyes from an early age. Because digital devices are held close to the face, our eyes are forced to focus and reposition many times in order to see images and text clearly. Long term exposure can result in eye fatigue, irritation or vision problems.

However, in order to prevent and reverse the damage caused by the harmful blue light, one should follow 'colorful diet'. A colorful diet is something which is rich in yellow, violet, red, green, orange and pink pigments otherwise known as variants of carotenoids. Since, it is challenging for many people to consume colorful diet on regular and daily basis; it is utmost important to have comprehensive supplement which provides natural carotenoids and phytonutrients.

## SOLUTION

Deltas VisionsAID Capsule is a scientific formulation that provides rare plant derived carotenoids which are highly essential for replenishing the damages due to blue light emitted from modern day devices. They provide the much needed nutritive support for creating a stress free vision and preserving optimum health of the eyes.

## PRODUCT

Deltas VisionsAID Capsule is a unique blend of potent antioxidative herbs that provide plant based Vitamin A the 'eye vitamin' which is essential for good vision and optimum eye health.

These plant derived flavonoids help in moisturizing the eye and provides protection against eye problems like cataracts and glaucoma.

Carotenoids such as zeaxanthin and lutein from Orange (*C. reticulata*), Carrot (*D. carota*) and Spinach (*S. oleracea*), lowers the risk of developing macular degeneration. They constitute the main pigments found in the yellow spot of the human retina which protect the macula from damage by blue light, improve visual acuity and scavenge harmful free radicals.

Yashad bhasma is a known immunomodulator that protects the eye from autoimmune disorders. Amla (*E. officinalis*) has been historically used as a rasayana to promote longevity and acts as an excellent tonic for eyes.

The formulation protects eyes from blue light, reduce inflammation, remove cell debris and promote optimum eye health.

## COMPOSITION

Each 500mg VisionsAID Capsule contains following ingredients: Amla (*Emblica officinalis*) Fruit Dry Ext. 100mg, Jyotishmati (*Celastrus paniculatus*) Seed Dry Ext. 50mg, Orange (*Citrus reticulata*) Fruit Dry Ext. 50mg, Carrot (*Daucus carota*) Root Dry Ext. 50mg, Spinach (*Spinacia oleracea*) Leaves Dry Ext. 50mg, Pea (*Pisum sativum*) Seed Dry Ext. 50mg, Yashad Bhasma (Classical Yog) 20mg, Excipients: Vitamin C, Beta-Carotene, Alpha-Carotene, Lutein, Zeaxanthin, Lycopene, Vitamin E, Zinc, Riboflavin, Niacinamide, MCCP, MPS, PPS, Aerosil-200 q.s.

## APPLICATION

2 capsules per day for first month. Thereafter 1 Capsule per day after meal or as directed by physician. Use in following conditions: • For general eye health • Newly spectacle users

- For Dry eyes and frequent irritation in eyelids • During strenuous computer session or after long reading session.

## GUIDE

### • For general eye health:

Use Deltas VisionsAID Capsule alongwith NAYANAsukh Eye Drops and WHEATgrass Tablet • **Newly**

**spectacle users:** Use Deltas VisionsAID Capsule alongwith

NAYANAsukh Eye Drops and SPiiriluna Tablet • **For Dry eyes and**

**frequent irritation in eyelids:**

Use VisionsAID Capsule alongwith NAYANAsukh Eye Drops • **During**

**strenuous computer session or**

VisionsAID Capsule, contains rare plant based color pigments like zeaxanthin, lutein, phycocyanin essential for replenishing the damages due to blue light; brings stress free vision and promote optimum eye health

# STONECARE-SF

## Suspension

Sugar free blend of plant based actives as an adjuvant for Stone care

Calculus also known as Urinary or Kidney stones or crystals, affect around 10% of the population of the world. It is most common in men between the ages of 30 and 40. Urinary crystal is a painful and often recurring issue that can last for weeks at a time. It can cause pain, frequent urge to urinate, nausea, vomiting, and excessive sweating.

Many a time crystals end up upholding urine inside the bladder which leads to an increased chance of developing a bacterial infection. This further leads to burning and pain during urination. It also affects urine pH which causes inconvenience and mix urine infections. Thus alongwith unbearable pain and discomfort, crystals can also lead to many symptoms which can affect the overall quality of life of individual.

Kidney crystals among diabetic patient are more common, most of the times they cannot be given syrup due to high sugar levels. Thus efficient, sugar free and safe solution to these issues is the need of the hour which could prevent crystal formation.

### SOLUTION

STONEcare-SF Suspension is a 'Sugar Free' composition that reduces the symptoms of burning painful urination, UTI & helps to prevent crystal formation by virtue of diuresis activity. It helps in managing the irritating symptoms, increases output of urine & thereby promotes flushing of urinary crystals and prevents crystal binding factors.

### PRODUCT

Herbs present in STONEcare-SF Suspension are documented for their anti-lithiatic (prevents the formation of kidney stones) and lithotriptic (dissolves kidney stones) properties. Herbs such as Pashan Bhed (*S. ligulata*) and Varun (*C. nurvala*) are known to prevent the

accumulation, deposition and saturation of calculogenic chemicals like oxalic acid and calcium hydroxyproline in urine. This ultimately inhibits the formation of crystals in kidney.

Herbs such as Moolikshar (*R. sativus*), Kulathi (*D. biflorus*) and Shigru (*M. pterospermum*) offer lithotriptic properties thereby dissolving mucin, which binds the crystals together. Additionally, Gokshur (*T. terrestris*) and Asmabheda (*R. aquatica*) act as diuretic to flush out small crystals.

Overall the combination also normalizes urinary pH & alleviates burning during urination. Its antimicrobial property helps to combat urinary pathogens. By virtue of demulcent & anti-inflammatory properties STONEcare-SF Suspension is beneficial in soothing an irritated bladder. Being completely sugar free in nature STONEcare-SF Suspension is an essential elixir for Diabetic patients.

### COMPOSITION

Each 10ml STONEcare-SF Suspension contains: Kulathi (*Dolichos biflorus*) Seed Dry Ext. 50mg, Varun (*Crataeva nurvala*) Bark Dry Ext. 50mg, Agastya (*Sesbania grandiflora*) Leaves Dry Ext. 50mg, Moolikshar (Lixivited Ash of *Raphanus sativus*) Whole Plant Kshar 50mg, Gokshur (*Tribulus terrestris*) Fruit Dry Ext. 50mg, Pashan Bhed (*Saxifraga ligulata*) Root Dry Ext. 50mg, Shigru (*Moringa pterygosperma*) Leaves Dry Ext. 50mg, Tinisha/banaba (*Lagerstroemia speciosa*) Leaves Dry Ext. 50mg, Asmabheda (*Rotula aquatica*) Seed Dry Ext. 50mg, Apamarg (*Achyranthes aspera* L) Whole Plant Dry Ext. 50mg, Gorakhamundi (*Spheranthus indicus*) Whole plant Dry Ext. 50mg, Sudh Shilajeet (*Asphaltum Punjabium*) Exudate Dry Ext. 30mg, Punarnava (*Boerhaavia diffusa*) Root Dry Ext. 30mg, Chharilla

(*Parmelia perinata*) Panchang Dry Ext. 30mg, Permitted base material and Preservatives q.s.

### APPLICATION

• **For burning urination:** 10-20ml thrice daily • **For low urine output:** 30ml twice a day • **Support In calculus:** 30ml thrice a day • **Low fluid intake:** 20ml twice a day • **Urinary tract infections:** 20ml twice a day with antibiotics.

### GUIDE

• **For burning urination:** Use STONEcare-SF Suspension with Active ALOE vera/aamla Juice • **For Low urine output:** Use STONEcare-SF Suspension with DIACare Ras • **In people with low fluid intake; prevention of UTI recurrence:** Use STONEcare-SF Suspension with ALOE vera Juice • **UTI in women:** Use STONEcare-SF Suspension with V-Hygiene WASH.

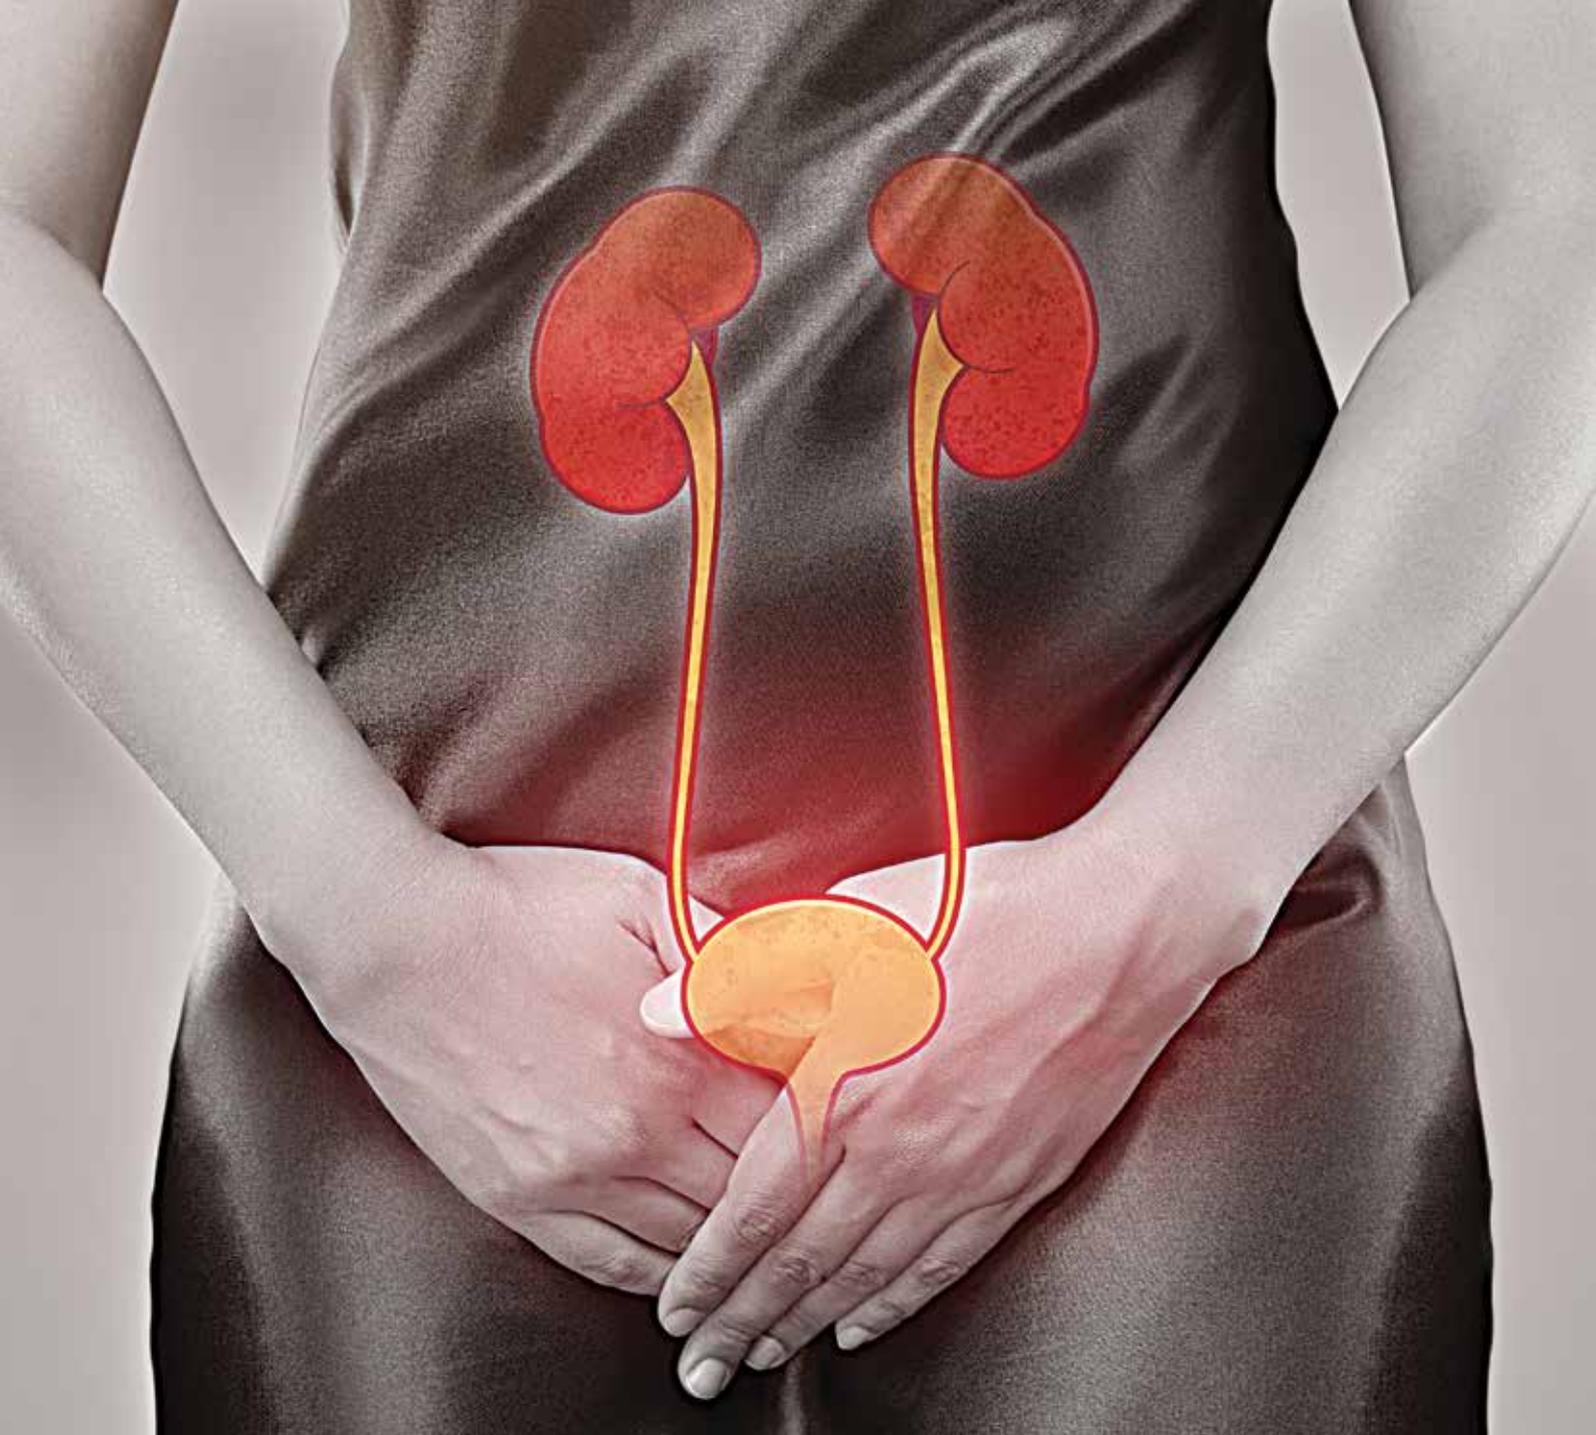

**Presentation:** 200ml Bottle

### KEY INGREDIENT(S)

**Varun**  
*Crataeva nurvala*

- It is a 'sugar free' composition with anti-lithiatic and lithotriptic herbs
- The overall alkaline property of herbs provides relief from burning urination

Regular use of Stonecare -SF increases urine output, promotes flushing of crystals, maintains urine pH, reduces burning and prevent stone binding factors; does not contain sugar

# ACTIVE THERMOGENIC Juice

Stem cell activator complex from natural herbs for energy metabolism

Obesity has put us at an increased likelihood of certain diseases and other related health problems including diabetes, heart diseases, arthritis, infertility and many more. In addition to a diet and exercise program, the process of 'Thermogenesis' supports in regulating metabolism and supporting optimal body composition through specific ingredients. Unfortunately, most of the thermogenic options available today may not be safe due to strong stimulants and habit forming effect. Therefore, a thermogenetic solution that help promote weight loss without losing up on energy and stamina can go a long way in combating obesity and helping people loose weight quickly and naturally.

## SOLUTION

Thermogenesis is a metabolic process during which human body burns calories to produce energy. Deltas Active THERMOGENIC Juice contains plant based active components that help in regulating and maintaining the body mass index which ultimately reduces weight and helps in controlling the obesity.

Deltas Active THERMOGENIC Juice contains unique herbs with stem cell activator complex that enhances fat metabolism, releases energy, reduces fatigue, acts as natural digestive and anti-oxidant.

## PRODUCT

Deltas Active THERMOGENIC Juice is created with intensive research to provide a formulation that increases metabolism to help you lose weight in a naturally and safe manner. Regular use of the formulation provides relief from fatigue and energizes for performing daily activities. Ingredients such as Amrita (T. Cordifolia) offer potent anti oxidant action that supports tissue repair and helps eliminate metabolic

toxins from the body. Kokum (G. cambogia) and Guggul (C. mukul) are established metabolic enhancers with lipid lowering properties. Gudmar (G. Sylvestre) helps in controlling spikes in blood sugar levels thereby protecting against intracellular damage. Triphala improves overall digestion, expels gas & helps in reducing obesity.

Overall the composition of Active THERMOGENIC Juice enhances fat metabolism, releases energy, reduces fatigue, and acts as natural digestive and anti-oxidant. This regulates and maintains the body mass index.

## COMPOSITION

Each 10ml Active THERMOGENIC Juice is prepared by the following ingredients: Triphala (Embllica officinalis, Terminalia chebula, Terminalia bellerica) Fruit Juice 20%, Kumari (Aloe barbadensis) Leaf pulp 10%, Kokum (Garcinia cambogia) Fruit Juice 40%, Amrita (Tinospora cordifolia) Stem 10%, Gudmar (Gymnema sylvestre) Leaves 10%, Guggul (Commiphora mukul) Exudate 8%, Permitted and Preservatives q.s.

## APPLICATION

- **Method for use:** Take 30ml after dinner or as directed by Physician
- **For overweight body:** Use as 30ml twice a day just before meals directed for 3-4 months
- **Supplement in diabetes:** Use regularly 30ml twice a day just before meals as directed
- **In Hyperlipidemia:** Use regularly 30ml twice a day just after meals Use as directed for 2-3 months
- **In adolescents and young adults:** Take 30 ml after dinner
- **Professional models:** Take 30ml after dinner
- **Professional body builders:** Take 30ml after dinner.
- **Sedentary lifestyle (housewife, retired, shopkeepers etc):** Take 30ml after dinner.

## GUIDE

- **For overweight body:** Use alongwith THERMOGENIC Herbal Tea and ALOE Vera Juice
- **Supplement in diabetes:** Use alongwith THERMOGENIC Slim Capsule & DIAcare Tablet
- **In Hyperlipidemia:** Use alongwith THERMOGENIC Herbal Tea and THERMOGENIC Slim Capsule
- **In adolescents and young adults:** Use alongwith THERMOGENIC Herbal Tea and DIAcare Syrup
- **Professional models:** Use alongwith THERMOGENIC Slim Capsule & ALOE Vera Juice
- **Professional body builders:** Use alongwith THERMOGENIC Slim Capsule & ALOE Vera Juice
- **Post work out:** Use alongwith THERMOGENIC Herbal Tea and KNIGHTmax Ras
- **Arthritis:** Use alongwith THERMOGENIC Slim Capsule and JODDARAM Tablet.

**Presentation:** 500ml Bottle

## KEY INGREDIENT(S)

## **ACTIVE THERMOGENIC** Juice **HERBAL COMPOSITION FOR WEIGHT MANAGEMENT OF ENTIRE FAMILY**

Thermogenic Juice enriched with herbal stem cell activator complex, enhances fat metabolism, releases energy, reduces fatigue, acts as natural digestive and anti-oxidant

# THERMOGENIC Slim Capsule

Concentrated blend of natural herbs effective for weight management

While a good diet and exercise are the basic tenet to reduce obesity, lack of compliance to proper diet and staying injury free during exercises is very important. Additionally, it is very difficult to initiate and stick to physical activity for an obese person. In such a scenario, the process of 'Thermogenesis' has long been recognised as a key factor for regulating metabolism & supporting optimal body composition.

## SOLUTION

Thermogenesis is a metabolic process during which human body burns calories to produce energy. Deltas THERMOGENIC Slim Capsule contains plant based amino-acid and flavonoids that help in reducing free radical damage and slows neuronal aging and prevents fat deposition. Deltas THERMOGENIC Slim Capsule is uniquely formulated with natural ingredient and does not contain sugar; thereby it can be used by pre-diabetics and diabetics for prophylaxis and weight management.

## PRODUCT

Deltas THERMOGENIC Slim Capsule increases metabolism, which can enhance your efforts to lose weight as part of a diet and exercise program. This formulation is created with intensive researches and regular use of the formulation provides relief from fatigue and energizes for performing daily activities. Multiple ingredients such as Kokum (G. cambogia) & Guggul (C. mukul) are established metabolic enhancers with lipid lowering properties. Narangi (C. aurantium) provides potent anti oxidant action to help repair tissues and eliminate metabolic toxins from the body. Sunthi (Z. officinale) & Coffee (C. arabica) help in controlling spikes in blood sugar levels thereby protecting against intracellular damage. Sunthi is also a well known fat burner and

digestive. It improves overall digestion, expels gas & helps in reducing obesity. Deltas with a specific extraction technology formulated the natural blend of THERMOGENIC Slim Capsule comprising Kokum extract standardized with HCA in natural form, exhibits anti-obesity activity, reduces food intake and body fat gain, increase fat oxidation and regulating lipid metabolism.

Ingredients like Pippali (P. longum), Marich (P. nigrum), Guggul, Sunthi stimulate thermogenesis & enhance lipolysis, ingredients like Coffee & Narangi provide natural appetite suppression. Overall the composition of THERMOGENIC Slim Capsule provides plant based amino-acids and flavonoids that help in reducing free radical damage and slows neuronal aging. Thus, providing relief from fatigue and energizing the body.

## COMPOSITION

Each 500mg THERMOGENIC Slim Capsule contains following ingredients: Kokum (Garcinia cambogia) Fruits dry ext. 100mg, Narangi (Citrus aurantium) Fruit Peel dry ext. 50mg, Pippali (Piper longum) Fruit dry ext. 15mg, Miri (Piper nigrum) Fruit dry ext. 15mg, Sunthi (Zingiber officinale) Rhizome dry ext. 15mg, Coffee (Coffea arabica) Seed dry ext. 30mg, Guggul (Commiphora mukul) Exudate dry ext. 25mg, Permitted excipients & preservatives q.s.

## APPLICATION

**Method for use:** For optimum result use with carb-control diet. 2 capsule twice a day just before meals for first 4 weeks, followed by 1 capsule twice a day as maintenance • **For overweight body:** Use as directed for 5-6 months • **Supplement in diabetics:** Use regularly as directed • **In Hyperlipidemia:** Use as directed for 3-4 months. • **In adolescents and young adults:** Use once daily.

- **Bachelors/Hostelites (improper diet):** Use once daily
- **Professional models:** Use once daily
- **Professional body builders:** Use 2 times a day
- **Post work out:** Use 1 tablet a day
- **Sedentary lifestyle (housewife, retired, shopkeepers etc):** Use once daily.

## GUIDE

- **For overweight body :** Use alongwith THERMOGENIC Herbal Tea and ALOE Vera Juice
- **Supplement in diabetics:** Use alongwith THERMOGENIC Herbal Tea & DIAcare Tablet

# DIACARE Ras

Daily care for pancreas; promotes active lifestyle

India has dramatically changed over the last two decades. It has witnessed rapid urbanization, demographic transition and lifestyle modifications. This trend has caused an increase in stress, pressure and anxiety, all of which contribute to an increase prevalence of diabetes. Further, a study conducted by the Indian Council of Medical Research, found that just over 5 per cent of the adults are indulging in some form of physical activity. At least one out of every six adolescent in India is now overweight too. All these factors have predisposed us to either have diabetes or be in a state of pre-diabetes. Reactive hypoglycemia is an important feature that warns of being in a state of pre-diabetes.

## SOLUTION

One needs to start working on these symptoms as soon as possible to help break the cycle of reactive hypoglycemia, lower their insulin, and reverse insulin resistance and prediabetes.

Deltas DIACare Ras offers the optimal solution by providing a natural support in the glucose metabolism of the body. A completely natural formulation, it is safe to use without the fear of overt hypoglycemia.

## PRODUCT

Deltas DIACare Ras is prepared with herbs effectively known to prevent AGEs due to their stem cell activator functions. Adult stem cell function declines with aging process. Rejuvenating your stem cells is the key to cell renewal, support for recovery from disease or injury, and longevity. Deltas DIACare Ras an innovative first-in-its-class stem cell activator; formulated as a synergistic herbal Juice for stimulating your stem cells at the functional level. Deltas' DIACare Ras is naturally preserved with powerful

& natural anti-oxidant, carnosic acid derived from Tulasi (*O. sanctum*).

The highly standardized extracts of herbs like Karela (*M. Charantia*) and Jamun (*S. cumini*) provide optimal protection against excess blood sugar in the body. Van Haridra (*C. amada*) is well documented to improve insulin resistance and provide protective function on the pancreas and glucose metabolism.

The purely herbal composition combines to provide synergistic action on the lipid parameters and overall improve blood glucose management and enhances the overall energy levels of the body.

## COMPOSITION

Each 10ml DIACare Ras contains following ingredients: Shatavari (*Asparagus racemosus*) Rhizome Ras 40%, Kadli (*Musa sapientum*) Stem Ras 30%, Karela (*Momordica charantia*) Fruit Ras 20%, Jamun (*Syzygium cumini*) Fruit Ras 5%, Van Haridra (*Curcuma amada*) Rhizome Ras 5%, Permitted preservatives q.s.

## APPLICATION

• **For pre diabetes:** Use 20ml DIACare Ras 15-20 min before meals (twice-a-day) • **Supplement for diabetics:** Use 30ml DIACare Ras 30 min before every meals (twice or thrice-a-day) • **For poor energy levels:** Use 30ml DIACare Ras twice-a-day • **For patients on insulin:** Use 20-30ml DIACare Ras twice-a-day • **For patients with high lipid levels:** Use 10-20ml DIACare Ras twice-a-day. It can be used in adults of all ages. Consult a physician in case of pregnant women and people with past history of acute hypoglycemic episodes.

## GUIDE

• **For fatigue extreme tiredness in diabetes related to pre diabetes:**

Use DIACare Ras, Deltas ActiveMen or Women Capsule daily as directed with ALOE Vera Juice • **For pre-diabetics:** Use DIACare Ras and THERMOGENIC Slim Capsule • **Supplement for thyroid related conditions:** Use DIACare Tablet, THERMOGENIC Juice with WHEATgrass Tablet • **Supplement in Diabetics:** Use DIACare Ras with DIACare Tablet and WHEATgrass Tablets, Active amla Juice • **In hyperlipidemia:** Use DIACare Ras, THERMOGENIC Slim Capsule with LIVcare Tablet • **In complications related to excess urination in diabetes:** Use DIACare Ras with DIACare Tablet, SPIriluna Tablet and WHEATgrass Tablet • **In burning sensation of palm and skin:** Use DIACare Ras with Active Men/Women Capsule and WHEATgrass Tablet • **In eye related complications:** Use DIACare Ras with VisionsAid Capsule and SPIriluna Tablet.

**Presentation:** 500ml Bottle

## KEY INGREDIENT(S)

## **NATURAL SUPPORT FOR PRE-DIABETICS & HYPERGLYCAEMIA**

Diacare Ras fortified with stem cell activator herbs;  
enhances sugar metabolism in pre-diabetics,  
provides anti-oxidant effect for pancreatic cells;  
reduces fatigue and complications

# DIACARE Tablet

Natural support for pre-diabetics and hyperglycaemia

India today has more people with type-2 diabetes, more than any other nation. While timely detection and right management can go a long way in helping patients lead a normal life, it is well understood that diabetes cannot be cured and lasts a lifetime.

This can be a precarious situation for people with diabetes - as they need to continuously be aware of their blood sugar status and ensure that the sugar is under control - so as to prevent long term complications to the other important organs of the body. These include protection of the heart, kidneys, brain, eyes and the arteries. Thus, it is of prime importance to have a safe but effective option that can help manage blood sugar levels naturally and complement the diet, exercise and other modalities to bring blood sugar levels under control & prevent complications.

## SOLUTION

Deltas DIACare Tablet offers the optimum solution by providing a natural support in reducing hyperglycemia in individuals with diabetes. A completely natural formulation, it is safe to use without the fear of overt hypoglycemia or fear of any interactions with any existing therapies.

## PRODUCT

DIACare Tablet contains 100% plant based derivatives, including Gudmar (*G. slyvestre*) and Dalchini (*C. zeylanicum*) that offer well documented anti oxidant action against the Advanced Glycation End (AGE) products often found in long term diabetes. Standardized extracts of herbs like Karela (*M. Charantia*) and Jamun (*S. cumini*) provide optimal protection against excess blood sugar in the body. Vijaysar (*P marsupium*) and Dalchini (*C. zeylanicum*) are well documented to improve insulin resistance and provide protective

function on the pancreas and glucose metabolism. It also slows changes in early diabetic retinopathy. DIACare Tablet can help increase the plasma insulin and C-peptide levels. Microalbuminuria (a sign of kidney damage in which a large amount of the protein albumin is found in the blood) can be improved in individuals with diabetes and this enhances the overall energy levels of the body.

## COMPOSITION

DIACare Tablet is a natural product which consists of the best quality herbs. It is a combination of extracts of natural ingredients that are individually useful in Diabetes. The herbs such as Gudmar (*Gymnema sylvestre*) 150mg, Karela (*Momordica charantia*) 100mg, Jamun (*Syzygium cumini*) 150mg, Dalchini (*Cinnamomum zeylanicum*) 100mg and Vijaysar (*Pterocarpus marsupium*) 100mg, when used in a combination exert synergistic effect in glucose metabolism and lipid management. Regular use of DIACare Tablet enhances energy level and reduces lethargy.

## APPLICATION

• **For diabetes:** Use 2 tablets of DIACare before every meals (twice or thrice-a-day) • **For poor energy levels:** Use 1 tablet of DIACare twice-a-day • **For patients on insulin:** Use 2 tablets of DIACare twice-a-day • **For patients with high lipid levels:** Use 1 tablet of DIACare twice-a-day • **For those experiencing excessive thirst:** Use 1 tablet of DIACare twice-a-day • **For those experiencing excessive hunger:** Use 1 tablet of DIACare twice-a-day • **For those experiencing frequent urination:** Use 1 tablet of DIACare twice-a-day. It can be used in adults of all ages. Consult a physician in case of pregnant women and people with past history of acute hypoglycemic episodes.

## GUIDE

• **Newly diagnosed diabetes (less than a year):** Use DIACare Tablet daily as directed with ALOEvera Juice • **Supplement in Diabetes mellitus:** Use DIACare RAS with DIACare and WHEATgrass Tablet • **In hyperlipidemia:** Use DIACare RAS with LIVcare Tablet and THERMOGENIC Slim Capsule • **In complications related to diabetes:** Use DIACare RAS with DIACare Tablet and SPIrluna Tablet • **In weight management:** Use DIACare Tablet with THERMOGENIC Slim Capsule • **In burning sensation of palm and feet:** Use DIACare Tablet & DIACare Ras and WHEATgrass Tablet • **Supplement in thyroid related condition:** Use DIACare Tablet with THERMOGENIC Slim Capsule and LIVcare Ras.

**Presentation:** 1x30 Tabs

## KEY INGREDIENT(S)

# PILESCARE Cream

Soothing care for external haemorrhoids

Amongst the common problems faced due to piles are that medical attention is often delayed due to feeling of shame or embarrassment by the sufferer. Thus, many end up using over the counter products that may not be the right formulation for them. Additionally, an ideal solution should provide overall relief from not just the pain but also itching, redness and bleeding if any. Piles or hemorrhoids are the blood vessel around the anus which abnormally enlarge and bleeds. These often present with symptoms such as bleeding fresh red blood from anus, excessive itching and burning in the anus, pain during bowel movements, feeling of a hard lump (often painful) around the anus etc.

Constipation is one of the biggest reasons for piles. Anal fistula and fissure are other conditions that can mimic the symptoms of piles.

Amongst the common problems faced due to piles are that medical attention is often delayed due to feeling of shame or embarrassment by the sufferer. Thus, many end up using over the counter products that may not be the right formulation for them. Additionally, an ideal solution should provide overall relief from not just the pain but also itching, redness and bleeding if any.

Liver initiates the pathology of piles; the impairment of anal mucosa is caused due the congestion and toxins deposited through the veins connecting to the liver. Therefore repair of the anal mucosa plays an important role in the piles' prophylaxis.

## SOLUTION

Deltas PILEScare Cream is a polyherbal cream formulated with well studied herbs that provide repair of anal mucosa and relief from the various symptoms of piles and bleeding. The cream also offers symptomatic relief

from rectal bleeding, pain, itchiness and corrects chronic constipation associated with hemorrhoids.

## PRODUCT

PILEScare Cream is a potent combination of selected herbs such as Haridra (C. longa), Nimba (A. indica) alongwith specifically prepared oils as per the authentic Ayurvedic literature including Jatyadi tailam, Kasisadi tailam and Yashad bhasma. All these complement each other to shrink pile mass, control bleeding and heal the inflamed skin and the mucus membrane.

The cream also offers symptomatic relief from rectal bleeding, pain, itchiness and corrects chronic constipation associated with hemorrhoids. The local analgesic property of the ingredients relieves pain and ensures pain-free passing of stools. Most importantly, it offers antimicrobial action to prevent secondary microbial infections in the body. Additionally, the entire formulation is free from synthetic additives and can be used in persons of all ages.

## COMPOSITION

Each 10gm PILEScare Cream is prepared by following: Jatyadi Tel (Classical yog) 0.60%, Kasisadhya Tel (Classical yog) 0.40%, Nimba (Azadirachta indica) Seeds Oil 0.20%, Haridra (Curcuma longa) Rhizome Oil 0.20%, Yashad Bhasma (Classical yog) 0.50%, Permitted Excipients & preservatives q.s.

## APPLICATION

Apply with clean fingers; ensure that the finger nails are neatly trimmed before using fingers for application.

- **For general rectal itching:** Gently apply to affected area 2 times a day.
- **In inflammation:** Gently apply

to affected area 3 times a day until absorbed completely • **In bleeding and inflammation:** Gently apply to affected area 3-4 times a day • **For burning in anus:** Gently apply to affected area 2 times a day.

## GUIDE

- **For general rectal itching:** Use PILEScare Cream as suggested
- **For inflammation:** Use PILEScare Cream alongwith PILEScare tablet and LIVcare syrup
- **In bleeding and inflammation:** Use PILEScare Cream alongwith PILEScare and LIVcare tablet
- **For hard stools:** Use PILEScare Cream alongwith ALOE Vera Juice.

## KEY INGREDIENT(S)

**Jati**

*Jasminum grandiflorum*

- Local analgesic property of the ingredients relieves pain and ensures relief.
- Potent combination of selected herbs as per ayurvedic literature.

# PILESCARE Tablet

Restorative for injured ano-rectal tissues and corrects bleeding

Constipation is one of the biggest reasons for piles. Almost every individual suffering from piles experiences chronic constipation or difficulty passing bowels. In addition, many patients who get cured of piles through surgical options, have to suffer from recurrence due to continuous constipation thereafter as well. While many people follow diet regimen rigorously, it may not always be possible to adhere to specific restrictions - especially for people travelling or working. Additionally, there is a need for an ideal solution that not only helps treat the cause, but also provides overall relief from the painful symptoms of piles and inflammation.

Therefore, it is imperative that an optimum formulation supports to manage and treat the condition appropriately.

## SOLUTION

Deltas PILEScare Tablet is a polyherbal formulation of well studied herbs that not only provide relief from the various symptoms of piles and bleeding; but also help improve the digestion, increase appetite and above all, ensure a smooth passage of bowels leading to lesser pressure on the veins and lower the chances of developing piles.

The formulation helps in reducing the size and mass of the growth and thereby helps in long term management too. The formulation consists of extracts and mucilage of herbs known to repair the rectal mucosa and corrects the liver congestion.

## PRODUCT

PILEScare Tablet is a potent combination of selected herbs such as Haritaki (T. chebula), Bel (A. marmelos), Ghrit kumari (A. barbadensis), Sanay (C. angustifolia) that provide mild laxative action to prevent hard stool formation and help evacuate the bowels smoothly.

Sunthi (Z. Officinale), Chitrak (P. zeylanica) and Tankan provide anti-inflammatory action, reduce swelling of the veins and offer pain relieving activity.

Arshkuthar rasa is a traditional Ayurvedic formulation that is indicated in therapeutic relief of pile mass and bleeding. It is amongst the most commonly used therapeutic option amongst Ayurveda practitioners for piles relief. All these herbs complement each other to shrink pile mass, control bleeding and heal the inflamed skin and the mucus membrane. The tablets also offer symptomatic relief from rectal bleeding, pain, itchiness and corrects chronic constipation associated with hemorrhoids. The local analgesic property of the ingredients relieves pain and ensures pain-free passing of stools.

Additionally, by ensuring good digestion and smooth passage of stools, the tablets help in preventing recurrence of piles after surgery.

## COMPOSITION

Each 1000mg PILEScare Tablet contains following ingredients: Arshkuthar rasa (Classical Yog) 160mg, Bol parpati (Classical Yog) 20mg, Ghrit kumari (Aloe barbadensis) Patra majja ext. 150mg, Haritaki (Terminalia chebula) Fruit ext. 100mg, Chitrak (Plumbago zeylanica) Root ext. 80mg, Sunthi (Zingiber officinale) Rhizome ext. 50mg, Bel (Aegle marmelos) Fruit pulp ext. 50mg, Surana purified (Amorphophallus campanulatus) Rhizome Pdr. 100mg, Nagkesar (Mesua ferra) Flower bud Pdr. 50mg, Nishoth (Operculum turpenthum) Root bark Pdr. 50mg, Sanay (Cassia angustifolia) Leaf Pdr. 50mg, Tankan sudha (Sodium biboras) Mineral 25mg, Permitted Excipients & preservatives q.s.

## APPLICATION

• **In inflammation:** 2-3 tablets twice a day. • **In bleeding :** 2-3 tablets thrice

a day. • **For mass reduction:** 2-3 tablets twice a day. • **For hard stools:** 2-3 tablets at bedtime with warm water • **Indigestion and bloating:** 1-2 tablets twice a day • **Post piles surgery:** 1-2 tablets twice a day

## GUIDE

• **For inflammation:** Use PILEScare Tablet alongwith PILEScare Cream and LIVcare Syrup • **In bleeding:** Use alongwith PILEScare Cream and LIVcare Tablet • **For hard stools:** Use alongwith ALOEvera Juice • **For mass reduction:** Use alongwith LIVcare Tablet and PILEScare Cream • **For hard stools:** Use alongwith ALOEvera Juice and ANTAcid Tablet • **Indigestion and bloating:** Use alongwith ANTAcid Tablet • **Post piles surgery:** Use alongwith ALOEvera Juice & WHEATgrass Tablet.

# PSORINO Cream

Polyherbal cream for reducing irritation and skin plaques

Psoriasis is a chronic skin disorder in which there are periodic flare-ups of sharply defined red patches, covered by a silvery, flaky surface. Up to 3-5% of the population suffers from psoriasis of one type or another. The main disease activity leading to psoriasis occurs in the epidermis, the top five layers of the skin. The commonest discomfort faced by a person with psoriasis is the development of patches that often cause itching and pain apart from being a social hindrance.

Weather, stress, injury, infection, and medications, while not direct causes, are often important in triggering the disease process that initiates and worsens psoriasis. Natural formulations are considered as primary options for prevention of skin irritation, dryness, flare-up and inflammation. Topical treatments that provide soothing effect and reduce the symptoms are considered the first line of treatment before initiating on aggressive pharmacotherapy. Often, many patients do better with good formulations that work at the root level of the disease process. Having relief from itching, plaque discoloration and reduction of plaques also improves their self confidence and quality of life.

## SOLUTION

Deltas PSOrino Cream is a polyherbal cream formulated from the choicest and well studied herbs in the external management of psoriasis. An in-vitro study shows that the composition of PSOrino Cream inhibits TNF –  $\alpha$  (a factor causing inflammation and triggering scale formation in psoriasis); can be a natural solution to manage skin conditions due to allergic inflammation and various other types of triggers. It helps in normalizing epithelium and healing of the wounds - leading to early recovery and managing correction of the irritating symptoms.

## PRODUCT

PSOrino Cream has potent herbs such as Ashwagandha (*W. somnifera*), Krishnabeej (*S. trifoliatius*) that normalizes the epithelial turnover leading to reduction in plaque formation. Herbs like Haridra (*C. longa*), Neem (*A. indica*) and Wheat kernel oil (*T. sativum*) have strong anti-inflammatory and anti-allergic properties, which soothe the skin. They significantly inhibit OVA-induced allergies that extend anti-allergic reactions and speed up the wound healing process. Use of Wheat kernel and Olive (*O. europoea*) oil helps in providing the strong moisturizing action needed to reduce pain and dryness associated with psoriasis. Bakuchi (*P. corylifolia*) provides relief from redness, itching and improves the discoloration of the skin. Overall the combination also normalizes skin turnover, improves blood flow in the epidermis to enhance wound healing, provides immuno-modulation and thereby reduces plaque formation.

## COMPOSITION

Each 10gm PSOrino Cream is prepared by the following ingredients: Ashwagandha (*Withania somnifera*) Root ext. 75mg, Krishnabeej (*Sapindus trifoliatius*) Fruit ext. 75mg, Apamarg (*Achyranthes aspera*) Root ext. 75mg, Sanay (*Cassia obovata*) Leaf ext. 50mg, Veera mool (*Andropogan muricatus*) Root 50mg, Haridra (*Curcuma longa*) Rhizome ext. 50mg, Neem (*Azadirachta indica*) Seed oil 100mg, Godhum (*Triticum sativum*) Wheat kernel oil 100mg, Olive (*Olea europoea*) Seed oil 100mg, Bakuchi (*Psoralea corylifolia*) Seed oil 300mg, Cream base material with permitted Excipients & preservatives q.s.

## APPLICATION

• **For general skin itching:** Gently apply a thin layer with feather-light

massage to affected area 2 times a day.

• **In Plaque Psoriasis:** Gently apply to affected area 3-4 times a day until absorbed completely • **For redness of skin:** Gently apply to affected area 2 times a day. • **For scar reduction:** Gently apply to affected area 2-3 times a day. • **On inflamed skin:** Gently apply to affected area 2 times a day. • **Eczema:** Gently apply to affected area 2-3 times a day. • **Seborrheic Dermatitis:** Gently apply to affected area 2-3 times a day. • **General cuts/wounds:** Gently apply to affected area 2-3 times a day

## GUIDE

• **For general skin itching:** Use PSOrino Cream alongwith LIVcare Syrup and Deltas NuSKIN Capsule • **For Plaque psoriasis:** Use PSOrino Cream alongwith LIVcare Tablet & Deltas NuSKIN Capsule and SPIriluna Tablet • **Scar reduction:** Use PSOrino Cream alongwith Deltas NuSKIN Capsule and Face Nikhar ANTI ACNE CLEANSER • **For Acne:** Use PSOrino Cream alongwith ALOEvera Juice

**Presentation:** 100g

## KEY INGREDIENT(S)

# PSORINO Tablet

Natural adjuvant for inflammatory skin conditions

Psoriasis, too, is a commonly seen disorder that produces thick red plaques covered with silvery scales. The commonest discomfort faced by a person with psoriasis is the development of patches that often cause itching and pain apart from being a social hindrance. Plaque type of psoriasis - that causes plaque or patches on the skin is the commonest type of psoriasis. Nature based formulations are considered safe and effective options for managing the primary symptoms of Psoriasis. Good formulations not only work at the root level of the disease process by providing relief from itching, plaque discoloration and reduction of plaques but also improves patients' self confidence and quality of life.

## SOLUTION

Deltas PSORINO Tablet is a polyherbal formulation of well researched immune-modulator herbs that are known for their beneficial effects on the skin. An in-vitro study shows that the composition of PSORINO inhibits TNF -  $\alpha$  (a factor causing inflammation and triggering scale formation in psoriasis); can be a natural solution to manage skin conditions due to allergic inflammation and various other types of triggers. In many other skin conditions, it helps in normalizing epithelium and healing of the wounds - leading to early recovery and managing correction of the irritating symptoms.

## PRODUCT

PSORINO Tablet has potent herbs such as Neem (A. indica), Sehijan (M. pterygospermum), Khadir (A. catechu) and Bakuchi (P. corylifolia) that normalizes the epithelial turnover leading to reduction in plaque formation. Manjishtha (R. cordifolia) exhibits keratolytic activity that helps to soften and shed the horny outer layer

of the skin in psoriasis. In psoriasis, the composition provides strong anti-inflammatory and anti-allergic properties, which soothes the skin.

It also provides antimicrobial and detoxifying properties to combat dermal infections caused by gram-positive and gram-negative bacteria. Additionally, the entire formulation is free from steroids and can be used in all age groups.

## COMPOSITION

Each 1000mg PSORINO Tablet contains following ingredients: Neem (Azadirachta indica) Bark ext. 100mg, Sehijan (Moringa pterygospermum) Fruit ext. 100mg, Khadir (Acacia catechu) Khadir saar ext. 80mg, Manjishtha (Rubia cordifolia) Root ext. 60mg, Giloy (Tinospora cordifolia) Stem ext. 60mg, Daruhaldi (Berberis aristata) Root ext. 50mg, Triphala (Emblica officinalis, Terminalia chebula, Terminalia bellerica) Fruit ext. 40mg, Bakuchi (Psoralea corylifolia) Seed ext. 15mg, Sirish (Albizia lebbek) Seed Pdr 450mg, Swarnagairik (Classical yog) 15mg, Shudha Gandhak (Classical yog) 10mg, Permitted Excipients & preservatives q.s.

## APPLICATION

• **Psoriasis:** 2 tablets twice daily after meal • **Various kind of skin disease including Eczema:** 1 tablet twice daily after meals • **Skin allergy:** 1 tablet twice daily after meals • **Rashes:** 1 tablet twice daily after meals • **Fungal/Bacterial skin infection:** 1-2 tablets twice daily after meals • **Abscess:** 2 tablets twice daily after meals • **Cuts and Burn:** 1 tablet twice daily after meals • **Acne:** 1 tablet twice daily after meals • **Urticaria:** 1 tablet twice daily after meals

# TOP OMEGA Capsule

Plant based rare fatty acids-solution for fatigue

Fatigue or exceptional tiredness is surfacing as the common condition among all age groups. Fatigue is described as an unusual overwhelming tiredness which is not comparable to physiologic exhaustion after physical or mental effort and which cannot be recovered by restful sleep. Group of unspecific clinical symptoms namely cognitive dysfunction ("brain fog"), headaches etc represent fatigue and are the symptoms which may occur in any age group irrespective of gender.

The fatty acids and essential fatty acids (EFA) are supplemented through the edible oils and standard diet. The non-essential fatty acids are produced by metabolic process; essential fatty acids cannot be produced by body, therefore EFA replenishment is possible through supplementation only.

Modern day myths and lifestyle trends envisage under-usage of oils, ghee and fats; leading to vitiation of fatty acids including the EFAs; further leading to gradual deficiency resulting fatigue of multiple tissues e.g. nerves, brain etc. At the same time over-usage of the oil, ghee and fats may lead to metabolic ailments like obesity, hyperlipidaemia, diabetes etc. The primary aim of TopOmega Capsule is to provide balanced intake of fatty acids and EFAs, without allowing excess of saturated fatty acids.

## SOLUTION

LOW TEMPERATURE SUPERCRITICAL PROCESS ensures that molecular structure of Omega 3, 6, 7, 9; SDA, ALA and GLA, Omega-3, Omega-6 and omega-9 fatty acids are pure and intact.

## PRODUCT

TopOmega Capsule is made from oil expressed from 6 types of selected virgin seeds viz Walnut Oil (J. regia), Hemp seed oil (C. sativa), Sarshap (B. napus) Oil, Soyabean Oil (Glycine

max, Jaitun Oil (O. europaea) and Flax seed oil (L. usitatissimum). It is only plant based product available in India containing seed oil expressed by cold processed method in unique composition. It provides essential and rare fatty acids from plant origin optimally formulated for human health.

Walnut oil is a good source of omega-3 fatty acids. Hemp seeds are rich in healthy fats and essential fatty acids, great protein source and contain high amounts of vitamin E, phosphorus, potassium, sodium, magnesium, sulphur, calcium, iron and zinc. They have a 3:1 ratio of omega-6 to omega-3, which are beneficial in skin diseases and provide relief from eczema. Sarshap oil is rich in monounsaturated fatty acids. Supercritical Omega 7 from Leh Berry Oil provides healthy skin and immunity support.

Thus, TopOmega Capsule has Anti-inflammatory action that helps boost health.

## COMPOSITION

Each 500mg TopOmega Capsule contains following ingredients: Flax Seed Oil (Linum usitatissimum) Seed Oil 100.00mg., Sarshap Oil (Brassica napus) Seed Oil 80.00mg, Walnut Oil (Juglans regia) Fruit Oil 50.00mg, Hemp Seed Oil (Cannabis sativa) Seed Oil 50.00mg, Soyabean Oil (Glycine max) Seed Oil 40.00mg, Jaitun Oil (Olea europaea) Seed Oil 25.00mg, Badriphal Oil (Hippophae rhamnoides) Fruit Oil 10.00mg, Permitted excipients and preservatives q.s.

## DOSAGE

1 Capsule twice a day after meals or as directed by physician.

## USAGE

- **Adjuvant in Brain tissues nourishment, rejuvenates nerves**
- **Joint disorders:** Provides recovery

from any tissue injury, maintains the tissue health, agility, myalgia, joint relief

- **Cardiac condition:** Adjuvant in hyperlipidaemia and cardiac health
- Useful in physical and mental fatigue and maintenance of vision.

## APPLICATION

1 capsule twice a day or as directed by the physician as a maintenance dose. According to RDA, minimum 4 gm of dosage i.e. 8 capsules per day can be consumed. 4 gm dosage is recommended for people involved in strenuous activities, sports, for recovery from chronic ailments.

# TOPMORINGA Capsule

Enriched with Moringa Oil- Reduces inflammation

Today's world has been adapted to a system of consumption of foods which has several adverse effects on human health. Lifestyle changes has compelled us so much that one has so little time to really think what we are eating is a healthy diet! Globalization has seriously affected one's eating habits and enforced many people to consume fancy and high calorie fast foods, popularly known as Junk foods. Research into the possible health hazards on consumption of such high calorie foods has given an insight to avoid them, but unfortunately measures taken are not as effective as they need to be. Ailments like Obesity, food poisoning, dehydration, cardiac problems, diabetes mellitus, and arthritis have seen a profound rise in developing countries and such unhealthy junk food, processed food, high fat calorie consumption are the notable factors to its contribution.

This global problem of consuming unhealthy diet on a large scale and its impact on human health creates a need to eat a well-balanced diet including fruits, vegetables and whole grain which help in building immunity of body and hence protecting it from harmful diseases. But in today's world consuming well balanced diet on daily basis is very challenging. Thus, this brings out a need for an alternative enriched with nutrients and vitamins required for maintaining health and better living.

## SOLUTION

TopMoringa Capsule is prepared with cold pressed oils of Moringa seeds which is rich source of phytosterols, vitamin A and vitamin E. Moringa (*M. oleifera*) seed oil is envisaged in Ayurved for prevention of worms, skin ailments, prameha and ailments of upper respiratory tract. Regular consumption of TopMoringa Capsule

reduces inflammation of body and useful in prostate health. This formulation offers nutrients that help in Vata and Kapha Ailments.

## PRODUCT

TopMoringa Capsule is made up of organic leaf powder and seed oil of Moringa oleifera. Patent technology used by Deltas Pharma allows encapsulating Moringa oil in hard capsule as well as for quick disintegration or absorption of nutrient oil. Oil in TopMoringa Capsule is uniquely extracted with super critical extraction having purest and rare amino acids. TopMoringa Capsule is excellent nutrition for Bone, Muscles and eyes.

Moringa is also used to reduce swelling, increase sex drive (as an aphrodisiac), prevent pregnancy, boost the immune system, and increase breast milk production. It contains proteins, vitamins, and minerals. As an antioxidant, it helps to protect cells from damage. Moringa contains antioxidants called flavonoids, polyphenols, and ascorbic acid in the leaves, flowers, and seeds. It prevents the damage and degradation that free radicals cause in the cells of different organs in the body, keeping them healthy and functioning at their best. Pippali (*P. longum*) extract is added to increase the absorption and bio availability, it enhances assimilation and potency of herbs in a synergistic formula.

Thus, TopMoringa Capsule helps to reduce diabetes symptoms, protects liver and protects cardiovascular system, supports brain health and enhances wound healing. So it can be consumed on daily basis for maintaining optimum health.

## COMPOSITION

Each 500mg TopMoringa Capsule contains following ingredients: Sahijan oil (*Moringa oleifera*) 450mg, Pippali

(*Piper longum*) 25mg, Potassium Sorbate 5mg, and Aerosil 20 mg, Permitted excipients and preservatives q.s.

## USAGE

1 Capsule twice a day or as directed by physician

# ROYAL HONEY for Him

Unique aphrodisiac herbs for male performance

Sexual health is an important biological entity in humans. Many adult men increasingly show signs of low libido due to poor nutrition & stressful lifestyles. This phenomenon further leads to increase in many physical or other psychological issues. If sexual health is not treated then it causes loss of morale and also gives rise to infertility. Ayurveda has advised sound mental and physical health to obtain healthy generation.

Commonest psychological causes of low libido (in both men and women) are anxiety, depression, stress, fear of sex, or certain psychosomatic conditions. Poor nutrition, alcoholism and cigarette smoking also adversely affect sexual potency.

Decrease in hormone level with age, systemic diseases like cancer, diabetes, thyroid or stress also influences sexual ability. Libido is associated with a good diet, holistic health and stress free mind. Many couples may not suffer from poor libido but find dissatisfaction in their sex lives. Often, man's endurance and ability to perform may lead to this issue.

Hence, a nutritional supplement is the need of the hour that can work quickly to provide the much needed boost for improving the body's stamina for endurance activities and help proceed towards a satisfying sexual life by improving the libido, increasing desire and uplifting the endurance and performance during intimacy.

## SOLUTION

Deltas Royal Honey for Him Capsule is a honey based instant vitality booster. It is a unique blend of powerful aphrodisiac herbs that is instantly absorbed under the tongue and provides increase in blood circulation, endurance and performance. Royal Honey for Him Capsule enhances the

male performance and maintains the peak level of aphrodisiac anti-oxidant action in the body.

## PRODUCT

Deltas Royal Honey for Him Capsule is a potent honey based formulation that contains pure honey, royal jelly and extracts of Gokshur (*T. terrestris*), Chandrashur (*L. sativum*) and Ajmod (*A. graveolens*). Pure honey is an instant source of energy replenishing amino acid, vitamins, digestive and metabolic enzymes to the body.

Gokshur is an aphrodisiacal aid that supports endurance during the sexual act and improves muscle strength. Chandrashur increases vigor and energy, enhances libido. Ajmod helps maintain stimulation and desire.

The entire product is enriched with nutritional biomolecules of proteins, essential amino acids, vitamins and antioxidants. The composition also contains enzymes that contribute to the speedy absorption of nutrients, so that the effect of the intake begins immediately.

Thus, Royal Honey for Him Capsule offers enhancement in overall strength, stamina and endurance for an improved experience of intimacy for men.

## COMPOSITION

Pure Honey 94.98%, Gokshur (*tribulus terrestris*) Ext. 2%, Chandrashur (*Lepidium sativum*) Ext. 2%, Kava Kava (*Piper methysticum*) Ext. 1%, excipients q.s..

## DOSAGE

1 sachet (20 Gms) one time per day or as directed by physician.

## APPLICATION:

Useful in following conditions:

- For endurance
- Improving performance during

intimacy

- Post workout
- Post coital fatigue

# KNIGHTMAX Ras

Phytosomes with essential aphrodisiac herbs

Today, men & women of reproductive age group have increasingly shown signs of having a low libido. As sexual health is an important biological entity in human, this phenomenon further leads to increase in many physical or other psychological issues. Commonest psychological causes of low libido (in both men and women) are anxiety, depression, stress, lack of energy, fear of sex, neurological conditions like stroke, cerebral trauma and Parkinson's disease etc. Physical causes include chronic renal failure, hepatic failure, multiple sclerosis, Alzheimer's disease, sleep disorders, apnea & chronic obstructive pulmonary respiratory inflammatory disease. Chronic alcohol abuse and cigarette smoking also adversely affect sexual potency. Decrease in hormone level with age, systemic diseases like cancer also influences sexual ability. All this brings out the glaring need for an effective alternative that can solve the problem of inadequate nourishment support to the body and improve the stamina for endurance activities and libido.

## SOLUTION

Deltas KNIGHTmax Ras is a blend of powerful herbal ingredients designed to help naturally, support stamina, increase strength, endurance, intensity & intimate health. It enhances male performance & formulated with peak level of aphrodisiac anti-oxidants. These natural aphrodisiac botanicals are enhanced with stem cell activator complex. Rejuvenating stem cells is the key to cell renewal, support for recovery from disease or injury, and longevity. Deltas KNIGHTmax Ras an innovative first-in-its-class stem cell activator; formulated as a synergistic herbal juice for stimulating your stem cells and optimising stamina is a blend of powerful herbal ingredients that improves the experience of intimacy.

## PRODUCT

Deltas KNIGHTmax Ras is a potent combination that contains Kapikacchu (*M. pruriens*), Gokshura (*T. terrestris*) and Shatavari (*A. racemosus*) that are found to increase the levels of libido related hormones. This helps increase the masculine power and provide strength to the muscle tissues. Talmakhana (*H. Spinosa*), Atibala (*A. indicum*) and Nagbala (*S. veronicaefolia*) act as natural energizers and improve endurance to stress. These ingredients nourish the body and offer high levels of nutrition for both males & females. Natural ingredients reverse tissue damage and improves overall blood circulation in the body. Thus, KNIGHTmax Ras offers a perfect balanced supplementation for men & women to improve their overall physical health & enhance their overall strength, stamina & endurance for an improved experience of intimacy.

## COMPOSITION

Each 10ml KNIGHTmax Ras contains following ingredients: Kapikacchu (*Mucuna pruriens*) Seed Ras 30%, Shatavari (*Asparagus racemosus*) Rhizome Ras 20%, Gokshura (*Tribulus terrestris*) Fruit Ras 15%, Talmakhana (*Hygrophila spinosa*) Seed Ras 15%, Atibala (*Abutilon indicum*) Root Ras 10%, Nagbala (*Sida veronicaefolia*) Root Ras 10%, Permitted preservatives q.s.

## **KNIGHTMAX** Ras

# **ESSENTIAL NUTRITION FOR SUPPORTING LIBIDO FOR MEN AND WOMEN**

KNIGHTmax Ras, with herbal stem cell activator complex; provides essential replenishment for men and women to improve their vitality and enhances their endurance for balanced experience of intimacy

# KNIGHTMAX Tablet

Enhances male endurance and performance

Sexual weakness is a serious medical & social symptom that occurs in 10-52% of men & 25-63% of women. It is defined as the consistent inability to maintain satisfactory sexual relations. An estimated 20-30 million men suffer from some degree of sexual weakness. It occurs commonly in middle-aged and older men. Many other conditions such as high blood pressure, lipid problems (cholesterol, triglycerides), diabetes and smoking along with various psychological disorders like anxiety, fear of sex, neurological disorders, cerebral trauma etc lead to sexual weakness. Decrease in hormone level with age, systemic long term diseases also influences sexual ability. Many drugs like antihypertensives, antipsychotics, antidepressants, and antidiabetics are also known to contribute towards sexual weakness. An effective option that can maintain peak levels of energy and improve the body's stamina for endurance activities is essential for helping men regain their lost confidence.

## SOLUTION

Deltas KNIGHTmax Tablet is precise & powerful blend of 16 cutting edge herbal ingredients that are designed to naturally support stamina, increase strength, build endurance, and improve the experience of intimacy. The tablet enhances performance by virtue of improving vitality, endurance and provides aphrodisiac activity due to potent antioxidants.

## PRODUCT

Deltas KNIGHTmax Tablet is a potent combination that contains Ashwagandha (*W.somnifera*), Talmakhana (*H.spinosa*), Vidarikand (*P. tuberosa*), Kaunch (*M.pruriens*), Gokshur (*T.terrestris*) & Jaiphal (*M.fragrans*) that are found to increase the levels of testosterone. It also

possess tonic & aphrodisiac properties, which enhance sexual desire and performance. The adaptogens such as Safed Mushali (*A.adcendens*), Dalchini (*C.zeylanicum*), Pippli (*P.longum*), Akarkara (*A.pyrethrum*) etc prevents & manages stress, which is effective in improving libido and performance. Aphrodisiac activities of its herbs support the production of hormones associated with the 'pleasure system' of the brain. All active ingredients offer excellent anti-oxidant property thus reversing tissue damage and improving overall blood circulation in the body. It offers a perfect balanced supplementation for men to enhance their overall strength, stamina and endurance for an improved experience of intimacy.

## COMPOSITION

Each 1000mg KNIGHTmax Tablet contains following ingredients: Ashwagandha (*Withania somnifera*) Root ext. 100mg, Talmakhana (*Hygrophila spinosa*) Seed ext. 100mg, Vidarikand (*Pueraria tuberosa*) Tuberos Root ext. 100mg, Gokshur (*Tribulus terrestris*) Fruit ext. 80 mg, Jaiphal (*Myristica fragrans*) Seed ext. 20mg, Kaunch (*Mucuna pruriens*) Seed ext. 80mg, Safed Mushali (*Asparagus adscendens*) Root ext. 100mg, Akarkara (*Anacyclus pyrethrum*) Root ext. 100mg, Shilajit (*Asphaltum punjabium*) Exudate ext. 50mg, Laung (*Syzygium aromaticum*) Flower Bud ext. 50mg, Dalchini (*Cinnamomum zeylanicum*) Bark ext. 50mg, Pippli (*Piper longum*) Fruit ext. 20mg, Akhrot (*Juglans regia*) Seed ext. 20mg, Chharela (*Parmelia perlata*) Whole Plant ext. 35mg, Keshar (*Crocus sativus*) Stigma Pdr. 5mg. Permitted excipients & preservatives q.s.

## APPLICATION

• **For endurance:** 1 tablet twice a day for 3-4 weeks, thereafter 1 tablet at

bedtime with warm milk

• **For healthy semen :** 1 Tablet twice a day for 12 weeks, thereafter 1 tablet at bedtime with warm milk

• **Post workout:** 1 tablet in fruit juice or protein shake • **For Gaining muscle:** 1 tablet per day for 3-4 weeks.

## GUIDE

• **For endurance:** Use KNIGHTmax Tablet along with WHEATgrass Tablet, SPiriluna Tablet & Royal Honey for Him • **For healthy semen:** Use it along with WHEATgrass Tablet & Deltas ActiveMen Capsule • **Post workout:** Use it along with WHEATgrass Tablet • **Gaining muscle :** Use it along with WHEATgrass Tablet & SPiriluna Tablet.

# BRAHMA RASAYANA

A recipe from Ashtang hridya for anti-aging & rejuvenation

In today's world, stress and anxiety have become inevitable part of life. This added with pollution & certain lifestyle habits such as smoking, drinking & unhealthy food consumption contributes to accelerated body ageing. One of the ill effects of increasing stressful lifestyle is the damage caused to healthy cells by free radicals, leading to neurological damage. Mental stress is particularly worrying in children exposed to high end competition; as it is associated with increased risk of diminished memory, concentration & retention capacity. It affects the quality of life of an individual because of reduced learning ability, concentration & limitations on day to day functioning.

Unfortunately many psychoactive drugs available today may not be safe due to high chemical content & habit forming effect. An effective natural rejuvenating option that can reverse & prevent neurological damage thereby promoting mental clarity, intellect & memory is need of the hour.

## SOLUTION

The formulation of brahma rasayana is a combination of brain stimulating herbs to naturally replenish neurological damage & support optimum mental health. It can be used as an adjuvant therapy for age related neurological degeneration, it also enhances cognition of children & younger adults.

## PRODUCT

As per ancient Ayurvedic text brahma rasayana rejuvenates the body and fights against tiredness, mental and physical fatigue

It is a unique blend of organically harvested herbs under stringent guidelines of GAP. Mandukparni (*C.asiatica*) and Vacha (*A.Calamus*) rejuvenate and replenish neurons hence promoting memory & mind alertness. Amlaki (*E.officinalis*) aids

production of neurotransmitters. Anti-oxidants such as Haridra (*C.Longa*), Shalparni (*D.Gangeticum*) etc. are helpful in reversing oxidative damage to the brain cells. Pippali (*P. longum*) enhances assimilation and potency of herbs in a synergistic formula. Thus, it is useful in management of memory loss, neurological and psychosomatic disorders.

## COMPOSITION

Haritaki (*Terminalia chebula*) Fruit 6.67%, Amlaki (*Emblica officinalis*) 20%, Bilva (*Aegle marmelos*) 0.48%, Agnimantha (*Clerodendrum phlomidis*) 0.48%, Syonaka (*Oroxylum indicum*) 0.48%, Gambhari (*Gmelina arborea*) 0.48%, Patala (*Stereospermum suaveolens*) 0.48%, Shalparni (*Desmodium gangeticum*) 0.48%, Prishniparni (*Uraria picta*) 0.48%, Brihati (*Solanum indicum*) 0.48%, Kantkari (*Solanum xanthocarpum*) 0.48%, Gokshur (*Tribulus terrestris*) 0.48%, Bala (*Sida cordifolia*) 0.48%, Punarnava (*Boerhaavia diffusa*) 0.48%, Erand (*Ricinus communis*) 0.48%, Masaparni (*Teramnus labialis*) 0.48%, Mudgaparni (*Phaseolus trilobus*) 0.48%, Shatavari (*Asparagus racemosus*) 0.48%, Meda (*Polygonatum verticillatum*) 0.48%, Jivanti (*Dendrobium macraei*) 0.48%, Jevaka (*Malaxis acuminata*) 0.48%, Risbhaka (*Malaxis muscifera*) 0.48%, Shali (*Oryza sativa*) 0.48%, Kasa (*Saccharum spontaneum*) 0.48%, Sara (*Saccharum munja*) 0.48%, Darbha (*Imperata cylindrica*) 0.48%, Ikshu (*Saccharum officinarum*) 0.48%, Twak (*Cinnamomum zeylanicum*) 0.192%, Ela (*Elettaria cardamomum*) 0.192%, Musta (*Cyperus rotundus*) 0.192%, Haridra (*Curcuma longa*) 0.192%, Pippali (*Piper longum*) 0.192%, Aguru (*Aquilaria agallocha*) 0.192%, Svet Chandan (*Santalum album*) 0.192%, Mandukparni (*Centella asiatica*) 0.192%, Nagkesar (*Mesua ferrea*) 0.192%, Sankhpushpi 0.192%, Vacha 0.192%,

Plava 0.192%, Yastimadhu (*Glycyrrhiza glabra*) 0.192%, Vidang (*Embelia ribes*) 0.192%, Sitopala (Sugar) 30%, Sarpi (Ghee) 4%, Til Taila (*Sesamum indicum*) 3%, Honey 12 %, Water.

## APPLICATION

Adult 12g (2 Tsp), children 6g (1 Tsp), twice daily 1-2 hrs after meals with water/milk or as directed by Physician.

## GUIDE

• **During exams/competitions; Impairment of concentration and memory:** Use brahma rasayana with WHEATgrass Tablet and D-stress Capsule • **Sleeplessness:** Use brahma rasayana with Himnidra D-Stress Oil • **Physical & Mental Fatigue:** Use brahma rasayana with D-Stress capsule and Active aamla Juice • **Anxiety:** Use brahma rasayana with D-stress capsule & Active Men/Lady Capsule • **Premature ageing:** Use brahma rasayana with WHEATgrass Tablet & ALOE Juice.

# TOPFLAXEE Capsule

Rich source of Omega-3 fatty acids for cardiac and bone health

Cardiac health is of utmost importance for nation's progress. Many a times, people come across deaths in early 30's and 40's. Mostly such untimely deaths are caused due to cardiac disorders. Today's demanding competitive careers have owed to unhealthy food habits and increased anxiety and depression in the youth. Some of the aware minds engage themselves in exercise but food rich with nutrients and exercise together play a major role in maintaining cardiovascular health. Nutritional modification, quitting smoking and regular exercise are the three major lifestyle changes for prevention and alteration of cardiovascular diseases.

Consumption of  $\omega$ -3 polyunsaturated fatty acids (PUFAs) is usually in the form of marine oils from fish. Concerns about fish taste, toxin content, smell and allergies following a fish meal are some of the factors that have limited their dietary use. TopFlaxee capsule is a herbal combination designed for fulfilling the nutrient requirement to support the health of the cardiovascular system.

Nowadays, youngsters are getting affected by osteoporosis, which is a condition of extremely weak bones, resulting in a decrease in bone mass due to loss of bone mineral density. The primary cause of osteoporosis is Calcium and Vitamin D deficiency. Modern lifestyle includes low intake of calcium, low sun exposure that results in Vitamin D deficiency. All this brings out need for a source enriched with nutrients for health of heart and bones.

## SOLUTION

Flax seed (*L. usitatissimum*) is a rich source of  $\alpha$ -linolenic acid (ALA, omega-3 fatty acid), lignans and fibres. It is a rich natural source of polyunsaturated fatty acids, including omega 3 acids. Flaxseed oil, fibres and flax lignans

have potential benefits in cardiovascular health, joint support and eye vision.

## PRODUCT

TopFlaxee Capsule is a herbal formulation of organically obtained flax seeds and pippali. It contains flax seed oil, also known as linseed oil, obtained by coldpress method. The contents are naturally isolated and contains no impurities. Pippali helps to improve digestion since it increases the metabolic process and bioavailability. Moreover, this composition has optimally designed dosage which helps the proper action of the medicine. The capsule quickly dissolves in GI tract due to a unique manufacturing process. Flax protein helps in the prevention and treatment of heart disease and in supporting the immune system. According to Ayurveda, flaxseed has properties like Madhura (balances the skin pH), Picchila (lubricous) Balya (improves tensile strength or elasticity of the skin), Grahi (improves moisture holding capacity of skin), Tvagdoshahrit (removes skin blemishes), Vranahrit (wound healing) and useful in Vata (skin) disorders including dryness, undernourishment, lack of lustre/glow.

Flaxseed has potential health benefits besides the nutrition, due to mainly 3 reasons: high content of  $\omega$ -3  $\alpha$ -linolenic acid; being rich in dietary soluble and insoluble fibres; and high content of lignans, acting as anti-oxidants and phytoestrogens.

## COMPOSITION

Each 500 mg TopFlaxee Capsule contains following ingredients: Alsi oil (*Linum usitatissimum*) 450mg., Pippali (*Piper longum*) 25 mg., Permitted excipients & preservatives q.s.

## APPLICATION

1 capsule twice a day or as directed by the physician.

## INDICATION

It can be used as nutritive, lubrication of joints, adjuvant in autoimmune and neurological ailments, weight management. Supports cardiovascular health, and helps in reducing hypertension, triglyceride levels and plaque build-up in the arteries. Useful in chronic skin diseases due to moisturizing effect which improves circulation and helps in keeping skin young and radiant.

## GUIDE

- **Nutritive and cardio vascular tonic:** Use TopFlaxee Capsule with WHEATgrass Tablet
- **Cardiovascular health:** Use TopFlaxee Capsule with THERMOGENIC Herbal Tea or capsule
- **Joint disorders:** Use TopFlaxee Capsule with JODDARAM Tablet and JODDARAM Oil
- **Skin and hair:** Use TopFlaxee Capsule with NuSKIN & NuHAIR Capsule respectively.

**Presentation:** 60 Capsules

# TOPKAA HONEY

Instant Vitality Booster- Natural wild honey

Considering the increasing incidences of lifestyle disorders and dreadly diseases like cancer, organic products have become a need of this Era. Honey is a totally natural gift from God to the mankind. It is a versatile medicine with Yogvahi property i.e. a substance which gets mixed and increases the action of the substance with whom it is mixed. Thus, in Ayurveda many medicines are advised to be taken with honey to maintain the potency of the medicine.

Honey acts on the digestive system to improve the metabolism. At the same time, it is a good medicine for wound healing and treatment of eye disorders. It has multiple benefits and a rich source of multiple vitamins and minerals. It is the nature's natural antibiotic and is known to possess antibacterial & anti-inflammatory properties. Honey is loaded with nutrients, antioxidants, flavonoids and healing compounds which when taken regularly maintains health. Made by the alchemy of bees collecting nectar, pollen, and resins from flowers, honey can help moisturize, fight ageing, and fight bacteria. Honey helps reduce ulcers & other bacterial gastrointestinal disorders. It has natural anti-microbial & anti-oxidant properties which heal & protect the body from infectious germs & free radicals inside & out. Honey is nature's energy booster and a good immune-modulator. Honey

possesses carcinogen-preventing and anti-tumour properties. It is rich in vitamins (A, B1, B2, B6, C, G, H), minerals (calcium, iron, magnesium, potassium, zinc, sodium, copper), antioxidants (flavonoids, phenols) & amino acids. Its external application on skin helps it to rejuvenate & glow, fastens healing of skin problems like eczema, wounds, rashes, relieves from respiratory infections, detoxifies liver and soothes intestine, relieves from stomach ailments, helps to maintain blood sugar levels, stimulates brain activity, strengthens the immune system, promotes healthy bones.

Thus, regular consumption of honey contributes to the multi-fold health benefits.

## SOLUTION

Topkaa Honey is a 100% vegetarian RAW & ORGANIC product obtained from authentic beekeepers of North-India.

## PRODUCT

Honey has a mild floral harmonic taste. The consistency is very light and it doesn't leave an aftertaste, so one can have more of it without feeling too heavy. It also crystallizes slower than any other honey type, so it remains in its originally harvested form for a large span. It is a gluten-free honey which has a perfect aroma and a flavour

that is complex, lingering and rich. It is collected from Organic Honey Bee Farms and is physically refined and contains natural propolis and bee pollen. It does not contain any preservatives.

## COMPOSITION

Honey 100% (Bh. PR. Madhuvarga)

## APPLICATION

Honey is useful in diabetes, alleviate cold and cough, asthma, hiccups, fatigue and acts as nutritive, provides energy, enhances immunity, nourishment for growing children, natural nutrition for people involved in active sports, adjuvant for natural products, eye tonic, digestive and for slimming purpose.

\*As a natural sweetener, it's a healthy substitute for sugar.

\*It can be added as a natural sweetener to drinks and desserts to reap its potential benefits. It does not alter the flavour of any food or drink.

# TOP CALCIUM Syrup

Comprehensive solution for daily calcium requirement

Around 99 percent of the calcium in the human body is found in the bones and teeth. Calcium continues strengthening the bones of humans until they reach the age of 20-25 when bone density is highest. After that age, bone density declines, but calcium continues to help maintain bones & slow down bone density loss, which is a natural part of the aging process. People who do not consume enough calcium before the age of 20-25 have a considerably higher risk of developing brittle bone disease or osteoporosis later in life; because when calcium intake is insufficient, body will remove calcium from bones, making them weak and brittle. This can result in osteoporosis. Since women are at a higher risk of osteoporosis, many doctors recommend that they take calcium supplements, especially after reaching menopause. Because of this, older women are much more likely in need to take calcium supplements. If people don't get the recommended amount through their diet, supplements can help fill the gap. Calcium is an essential nutrient for nerve conduction, release of hormones like insulin & muscle coordination. Calcium supplements are indicated in people following vegan diet of high-protein or high-sodium content which causes more excretion of calcium, health conditions which limit body's ability to absorb calcium, such as Crohn's disease or inflammatory bowel disease, osteoporosis. Although most of the calcium in the body is found in bones & teeth, the other 1% has critical, life-sustaining functions. Most people in the world, including those in industrialized countries, fail to consume the recommended amounts of calcium, which will ultimately result in poor bone health & increase the risk of osteoporosis. Adequate calcium intake is critical to the achievement of peak bone mass in the first several decades

of life, the retention of bone during middle adulthood, and the minimization of bone loss during the last several decades. Without adequate intake, the intestine, bone, and renal systems have intricate ways of retaining more calcium & normalizing serum calcium levels. These three primary tissues of calcium homeostasis (intestine, bone, and kidneys) are dynamic in their handling of calcium, reacting to dietary intake, physiological need, or disease processes.

## SOLUTION

Calcium syrup is a combination of Calcium, Magnesium and natural form of Vitamin D which acts as bone & teeth supplement. It also contains zinc and vitamin B12. It causes normal bone growth & reduces hyperacidity. It does not contain harmful preservatives, And is completely natural & indicated for all age groups.

## PRODUCT

TOP Calcium Syrup is a health solution to provide calcium as per the daily requirement. Top Calcium Syrup consists of Calcium Carbonate, Zinc, Magnesium & Vitamin B12. Calcium carbonate is a chemical compound used both for calcium supplement and an antacid. The absorption of Calcium Carbonate depends on the pH level of stomach. Our body constantly breaks down & rebuilds itself requiring a continual intake of minerals such as calcium. Zinc is needed for the body's defensive (immune) system to properly work. It plays a role in cell division, cell growth, wound healing, and the breakdown of carbohydrates. Magnesium is important for maintaining a healthy heartbeat. It naturally competes with calcium, which is essential for generating heart contractions. Hence, Calcium Syrup is used as a dietary supplement when the

amount of calcium taken in the diet is not enough. Calcium syrup strengthens the bones, muscles, nervous system, and heart. Calcium syrup is also used as an antacid to relieve heartburn, acid indigestion, and upset stomach.

## COMPOSITION

Each serving of 5ml contains:  
Energy 2.88K.cal, Total carbohydrate 0.72g, Carbohydrate (as Sugar) Nil, Protein Nil, Fat-Nil, Calcium carbonate Equivalent to elemental Calcium 160mg-400mg, Zinc Gluconate Equivalent to elemental Zinc 2mg-14mg Magnesium hydroxide Equivalent to elemental Magnesium 50mg-120mg, Vitamin B12-2.5mcg, Sorbitol solution (70%) 1000mg, Xanthan gum 13mg, Hydroxyethyl cellulose 5mg, Fruit Flavour 25mg, Saccharin sodium 1.425mg, Guar gum 100mg, Sorbic acid 0.0120g, Water Q.S.

## APPLICATION

Health supplement, bones and teeth supplement with calcium, magnesium, zinc and vitamin-B12. It supports joint flexibility and is an optimum joint health.

# MULTIVITAMIN Syrup

Natural supplement of general Nutrition for all age groups

Today's world has been adapted to a system of consumption of foods which has several adverse effects on human health. Lifestyle changes has compelled us so much that one has so little time to really think what we are eating is a healthy diet! Globalization has seriously affected one's eating habits and enforced many people to consume fancy & high calorie fast foods, popularly known as Junk foods. India has a rich and highly varied cuisine, and its various diets are strongly related to social identity, religion and other cultural factors, as well as local agricultural practices & availability of diverse foods.

Research into the possible health hazards on consumption of such high calorie foods has given an insight to avoid them, but unfortunately measures taken are not as effective as they need to be. Ailments like obesity, food poisoning, dehydration, cardiac problems, diabetes mellitus, and arthritis have seen a profound rise in developing countries and such unhealthy junk food, processed food, high fat calorie consumption are the notable factors to its contribution. Hence, there is a need of a balanced and varied diet which is the best source of essential vitamins and minerals; however, in today's world, nutrient deficiencies occur, including in populations like India with bountiful food supplies and the means to procure nutrient-rich foods.

Vitamins are organic compounds that are needed in small quantities to sustain life. Vitamin deficiency is the condition of a long-term lack of a vitamin and classified as primary and secondary deficiency. Primary vitamin deficiency is caused by inappropriate vitamin intake, whereas when it is due to an underlying disorder such as malabsorption then it is called as a secondary deficiency.

## SOLUTION

MultiVitamin Syrup contains 7 types of vitamins which fulfils day to day nutrients lacking in diet. It is completely natural and can be consumed by all age groups.

## PRODUCT

MultiVitamin Syrup is a combination of 7 types of vitamins for day to day need and can replace meals; though it is not advised to skip meals. The ingredients of this combination are vitamins which are standardized from natural source. MultiVitamin Syrup is made from combination of fat and water soluble vitamins viz Vitamin A, D, E, B1, B2, B3, B6 and Vitamin C. The vitamins in MultiVitamin Syrup are completely natural & that is why they are easily assimilated in the body and can replace meals.

Vitamin A helps in the formation and maintenance of healthy teeth, skeletal and soft tissue, mucus membranes, and skin. The major biological function of vitamin D is to maintain normal blood levels of calcium and phosphorus. Vitamin D aids in the absorption of calcium, helping to form and maintain strong bones. Vitamin E functions mainly as an antioxidant, which means it helps protect cells from damage caused by unstable molecules called free radicals. Thiamine (Vitamin B1) helps prevent complications in the nervous system, brain, muscles, heart, stomach, and intestines. Riboflavin helps the body break down carbohydrates, proteins and fats to produce energy, and it allows oxygen to be used by the body. Niacin (Vitamin B3) plays an important role in converting the food we eat into energy. It helps the body to use proteins and fats, and it keeps the skin, hair, and nervous system healthy. Pyridoxine (Vitamin B6) helps the body maintain a healthy nervous system, produces

haemoglobin that carries oxygen in red blood cells throughout the body, aids in providing energy from the food that we eat, works to balance blood sugar levels, acts as a natural painkiller, boosts mood and also enhances immunity by increasing the synthesis of antibodies used to protect the body. Ascorbic Acid (Vitamin C) is necessary for the growth, development and repair of all body tissues.

## COMPOSITION

Purified water, Saccharose, Citric acid, Vitamins, Glycerol, Calcium gluconate, Morinda citrifolia, Sorbic acid, Propylene Glycol and Raspberry flavour.

## APPLICATION

- Lack of general nutrition
- Supplements for children and adults during sports
- Stress and enhanced physical and mental performance

## GUIDE

Children: 1 teaspoon once a day after meals. Adults: 1 teaspoon twice a day after meals.

# V-FORCE Oil & Capsule

Ayurvedic herbal formula for increasing male vitality

Sexual difficulties are common among men and can have considerable impact on their quality of life. In men, sexual dysfunction is a syndrome that includes one or more of the following sexual difficulties: lack or loss of sexual desire, sexual aversion and lack of sexual enjoyment, erectile dysfunction, orgasmic dysfunction and premature ejaculation.

Sexual dysfunction is a clinical diagnosis made when sexual difficulties or problems are persistent and recurrent over time and when they cause significant personal or interpersonal distress, and not merely transitory fluctuations in sexual function. Sexual difficulties can be related to mental and physical wellbeing and relationship satisfaction and several lifestyle factors have been found to be associated with them. Physical health factors include heart disease, hypertension, stroke, diabetes, obesity, self-rated overall physical health, and anxiety and depression. Lifestyle factors include smoking, drinking, sedentary lifestyle and physical activity levels. Hence, there is need of product that can help to maintain their vitality during intercourse and be able to overcome their sexual weakness especially during intimate moments.

## SOLUTION

Deltas V force Oil & capsule is a combination pack of oil and capsule which is made from Ayurvedic herbal formula for increasing male vitality. V force Oil & capsule helps to increase the endurance and enhances the muscle strength and rigidity. V force Oil & capsule develops muscular stability. The herbs used in V force Oil & capsule enhances stamina, increase strength and build endurance.

## PRODUCT

V force Oil & capsule is a natural

herbal formula to increase male vitality. These formulations are based on herbs known for their aphrodisiac properties and endurance. Safed Musli (*C. borivilianum*) is an aphrodisiac which prevents and manages stress and is effective in improving libido and performance that helps increase strength. Ashwagandha (*W. somnifera*) has been traditionally used for libido, fatigue, concentration, nervous and sexual debility. It is a well-known semen promoter and it treats impotency. Kaunch (*M. pruriens*) helps to increase the levels of testosterone. Kapur Kachari (*H. spicatum*) has a vasodilatory effect on coronary vessels.

Deltas V force Oil & capsule is specially designed herbal oil processed with nanotechnology and herbal extracts; providing instant absorption under the skin with increased circulation.

Regular application of oil aids strength during performance. The increased blood flow and balanced rigidity provides longer libido. The massage helps to increase blood flow towards the organ and it provides an improved experience of intimacy.

## COMPOSITION

Each 450mg V force Oil & capsule contains following ingredients: Safed Musli Dry Ext. (*Chlorophytum borivilianum*) Root 100.0mg, Ashwagandha Dry Ext. (*Withania somnifera*) Root 60.00mg, Kapur Kachari Dry Ext. (*Hedychium spicatum*) Rhizome 50.00mg, Kaunch Dry Ext. (*Mucuna pruriens*) Seed 50.00mg, Tamala Dry Ext. (*Cinnamomum tamala*) Leaves 40.00mg, Permitted Excipients and preservatives q.s.

Each 10ml V force Oil & capsule is prepared by the following ingredients: Vat Jata (*Ficus benghalensis*) Panchang 0.50ml, Vajra valli (*Cissus quadrangularis*) Stem 0.50ml, Nag

Valli (Piper betel) Leaves 0.50ml, Bilwa (*Aegle Marmelos*) Leaves 0.50ml, Ashwagandha (*Withania somnifera*) Root 0.50ml, Maha Mash Tail (Classical Preparation) Oil 0.10ml, Sri Gopal Tail (Classical Preparation) Oil 28.40ml, Coconut Oil (*Cocos nucifera*) Fruit (Oil) 69.00ml, Permitted Excipients & preservatives q.s.

## APPLICATION

- As an aphrodisiac • Exhaustion states
- General physical weakness & fatigue
- Aches in the thighs & calf regions.

Oil application increases muscle strength, rigidity and enhances blood circulation

# VATSAL MEMORY Syrup

Replenishing plant based memory supplement

Physical developments in early childhood are accompanied by rapid cognitive and mental development.

In today's competitive world, kids are constantly pushed to perform better in both academic and extra-curricular activities; some children cannot cope with these demands leading to stressed cognitive apparatus. This can elevate the risk of a wide variety of problems, which include impairment of attention and concentration, impulsiveness, poor memory, speech defects, poor visual-motor coordination and writing disability. This along with modern stressors such as LED TV, mobiles and entertainment system etc. disturbs the natural REM sleep among growing kids.

Disturbed sleep leads to reduced physical restoration and impairs the ability to focus and learn efficiently. Also, children with attention deficit disorder lack the ability to focus and concentrate.

Many children tend to show extremely lethargic behaviour which makes them uninterested in day to day activities leading to reduced learning ability and lack of concentration. Hence, it is essential to have a natural remedy which could help to boost up memory, concentration & cognitive functions in growing kids without any side effects.

## SOLUTION

VATSAL MEMORY Syrup is a unique combination of age old Ayurvedic herbs known for their memory enhancing effects. It supplements phospholipids and rare amino acids which have a major role in preserving and enhancing cognitive functions. It is a non-habit forming natural remedy & can be used in long term without any side effects.

## PRODUCT

VATSAL MEMORY Syrup is a unique brain tonic which supports brain function and provides significant

benefits in enhancing cognitive function (learning ability) and natural sleep promoter for growing children.

Vacha (*A. calamus*) acts as a nerve tonic. It can relieve speech disorders; enhance speaking abilities & coordination. The regular intake has proved to increase and improve memory. Brahmi (*B. monnieri*) works to increase the coordination between the nervous system components thereby increasing the brain functioning. It enhances both short and long-term memory.

It promotes relaxation & calmness of mind and nerves. It is therefore used as a brain tonic for people suffering from ADD. Sankhapuspi (*C. Pluricaulis*) help increase memory, retention power and concentration. Ashwagandha (*W. somnifera*) possesses natural rejuvenating properties to the body. It has potential powers to nourish the brain to make the functioning of the brain quicker and sharper. Flavonoids present in Ashwagandha acts as significant acetylcholinesterase inhibitor. Sankhapuspi improves memory and cognitive functions. Nimbu (*C. limon*) has phytochemicals and essential nutrients which boost memory, particularly short term memory.

VATSAL MEMORY Syrup helps to overcome the deficit of phospholipids and rare amino acids naturally. It also helps in regularizing natural sleep, supplements memory and intellect by giving strength to nervous system.

## COMPOSITION

Each 10ml VATSAL MEMORY Syrup contains: Vacha (*Acorus calamus*) Rhizome 1%, Brahmi (*Bacopa monnieri*) Whole plant 0.25%, Jyotishmati (*Celastrus paniculatus*) Seed 0.20%, Sankhapuspi (*Convolvulus pluricaulis*) Whole Plant 3.75%, Mulethi (*Glycyrrhiza glabra*) Root 1.50%, Amalaki (*Embolica officinalis*) Fruit 2%, Ashwagandha

(*Withania somnifera*) Root 1%, Shatavari (*Asparagus racemosus*) Root 2.00%, Guduchi (*Tinospora cordifolia*) Stem 1%, Kala Namak (*Unaqua sodium chloride*) Mineral 0.10%, Saindhav Namak (*Sodii chloridium*) Mineral 0.01%, Nimbu Ras (*Citrus limon*) Fruit 0.12%, Syrup Base materials with permitted preservatives q.s.

## APPLICATION

Early morning, empty stomach and before bed • 4-7 years- 10ml • 7-12 years -20ml • 12 years and above-30ml

## GUIDE

# PANCHA TULASI Lozenges

Formulated with five species of basil

Modern day lifestyle, pollutants, climatic adversity and adulteration leads to imbalance in immunity and resulting in various endogenous (i.e. cancer, rheumatoid arthritis, stress related disease) and exogenous (i.e. viral, bacterial, fungal, nutrition related) diseases. Need of the hour is an effective option that not only provides improved immunity but also offers microbial protection.

The cause for sore throat is usually a viral infection, but other causes include allergies, infection and heart burn. While most of the throat problems are caused by minor illnesses such as colds or flu & can be managed with adequate care at home. But irritation, pain and hoarseness are the problems that can cause a lot of discomfort and deteriorate the quality of life.

Many also suffer from difficulty in swallowing and this leads to poor eating habits and may cause weakness. People who smoke regularly also tend to suffer from frequent coughing and soreness of the throat known as smokers cough. Due to overproduction of cough, the frequent deep coughing can cause a lot of chest pain and discomfort too. Many a times it stays on for long time and even does not respond to general remedies.

Thus, there is a need of a natural remedy that could provide quick relief thereby helping in relieving the symptoms of soreness.

## SOLUTION

Deltas PANCHA TULASI Lozenges are a unique blend of highly concentrated natural extracts of 5 species of basil leaves that provide antimicrobial, anti-inflammatory and immune enhancing properties.

## PRODUCT

PANCHA TULASI Lozenges is a comprehensive mixture of five types of

Tulsi (namely *Ocimum sanctum*, *O. Gratissimum*, *O. Canum*, *O. Basilicum* and *O. Citriodorum*) alongwith antimicrobial herbs.

When used as a lozenge, it enhances immunity, acts as adjuvant in management of common cold & cough. It helps relieve inflammation and redness of the mucosa of the throat thereby providing a soothing effect and relief from irritation and dryness in throat. By virtue of their antimicrobial activity especially on respiratory tract, this formulation can be used as an adjuvant alongwith antibiotics for management of infections. As an Immunomodulator and anti-inflammatory PANCHA TULASI Lozenges provide quick relief from symptoms of smokers cough. Being antimicrobial in nature, it also acts as a mouth freshener. It can be used by professional singers and those who are in professions that require them to speak regularly (teachers, announcers, music learners, public speakers etc.).

## COMPOSITION

Each 2.5gms PANCHA TULASI Lozenges contain: *Glycyrrhiza glabra* 15mg, *Adhatoda vasica* 10mg, *Ocimum sanctum* 6mg, *Ocimum gratissimum* 6mg, *Ocimum canum* 3mg, *Ocimum basilicum* 3mg, *Ocimum citriodorum* 2mg, *Eugenia caryophyllus* 3mg, *Mentha piperita* 7mg. Candy base: Liquid glucose sugar, Food additive honey lemon flavour & DM Water q.s.

## APPLICATION

• **For cough/cold:** 1 lozenge: use every 2-3 hours • **Adjuvant in sore throat:** 1 lozenge: use every hour • **Hoarseness of voice:** 1 lozenge: repeat use every 3-4 hours • **Professional use:** 1 lozenge: use twice a day • **Mouth ulcers:** 1 lozenge: use thrice a day • **Bad breath:** 1 lozenge use after brushing

and before bedtime • **Smokers**

**cough:** 1 lozenge: use twice a day

• **Mouth freshener:** 1 lozenge: use twice a day.

## GUIDE

• **For cough/cold:** Use PANCHA TULASI Lozenges with PANCHA TULASI Drops • **Adjuvant to antibiotics:** Use PANCHA TULASI Lozenges with LIVcare Tablet • **Sore throat:** Use PANCHA TULASI Drops to gargle and suck on PANCHA TULASI Lozenges • **Mouth ulcers:** Use PANCHA TULASI Lozenges with ALOE Vera Juice, Apply PANCHA TULASI Drops locally • **Bad breath:** Use PANCHA TULASI Lozenges with DENTAcure Herbal Tooth Cleanser • **Recurrent throat infections:** Use PANCHA TULASI Lozenges with LIVcare Syrup • **Smokers cough:** Use PANCHA TULASI Lozenges with SPiriluna Tablet • **Mouth freshener:** Use PANCHA TULASI Lozenges.

**Presentation:** 60 Lozenges

## KEY INGREDIENT(S)

**Lemon basil**  
*Ocimum citriodorum*

- Contains micro-encapsulated essential oils of 5 Basil species provide anti-microbial effect
- Supercritical extracts of Vasa and Yashtimadhu provide instant anti-inflammatory effect.

# SUPER LAX Powder

Polyherbal formula with natural laxatives

Constipation is a condition in which bowel evacuations do not occur frequently or stools are hard, small and difficult or painful to pass. Poor diet, eating too much junk food and an inactive lifestyle are the most common causes of constipation. Many a times it is also caused as a side-effect of certain diseases or medications, including antihistamines, anti-diabetics, antidepressants and antacids.

Untreated constipation can lead to complications like bowel obstruction, chronic constipation, hemorrhoids, hernia, and irritable bowel syndrome. Chronic constipation can also cause Irritability, lack of interest in work; mood swings, worry and embarrassment which can significantly affect the quality of life of individual.

There are many over the counter laxatives available in the market. But many a times due to high chemical content consumption of these laxatives can lead to dependency and decreased bowel function. Thus, there is a need of herbal remedy which could relieve the problem of constipation naturally without any side effects.

## SOLUTION

SUPER LAX Powder is a Bowel regulator which helps in relief from acute and chronic constipation. It is a gentle herbal formula which promotes healthy digestive function and smooth, painless elimination of stool. It helps to ease and quicken the movement of stool in the colon. Being a completely herbal product, it is free from synthetic chemicals, does not cause habit forming effect.

## PRODUCT

SUPER LAX Powder is a Herbal Laxative formula which combines traditional laxative herbs for gentle and effective relief from constipation. Isabgol (*P. ovata*) is rich in fiber and

absorbs water from the intestines, which stimulates intestinal contractions and peristaltic movements. This makes the passage of the stools easier and relieves constipation. Sanay (*C. angustifolia*) contain glycosides like sennocides A and B, which have laxative properties. Saunf (*F. vulgare*) relaxes stomach muscles and relieves gastrointestinal spasms which make it an effective herbal remedy for flatulence and bloating.

It also alleviates constipation and soothes an upset stomach. Haritaki (*T. chebula*) is a mild laxative, tones the colon and helps to prevent constipation. Nishoth (*O. turpethum*) possess cleaning and purgative properties. Shunthi (*Z. officinalis*) stimulate digestion, absorption, relieve constipation and flatulence by increasing muscular activity in the digestive tract.

Ajwain (*C. copticum*) contains high levels of thymol, which aids the release of gastric juices from the stomach and speeds up the process of digestion. Kala Namak alleviates indigestion, bloating, abdominal gas, pain etc. It also induces salivation and secretion of digestive juices.

SUPER LAX Powder can be used in chronic constipation which provides carminative effect and Improves bowel functions. It is useful as an adjuvant in hemorrhoids, liver cirrhosis, and constipation during post-operative and non-ambulatory periods.

## COMPOSITION

Each 10gm SUPER LAX Powder contains: Isabgol (*Plantago ovata*) Seed Husk 10%, Sanay Powder (*Cassia angustifolia*) Leaves 10%, Saunf Powder (*Foeniculum vulgare*) Seed 10%, Haritaki Powder (*Terminalia chebula*) Fruit 5%, Nishoth Powder (*Operculina turpethum*) Root 5%, Ajwain Powder (*Carum copticum*) Seed 5%,

Shunthi Powder (*Zingiber officinalis*) Rhizome 2.50%, Kala Namak Powder (*Unaqua Sodium chloride*) Mineral 0.20%, Saindhav Namak Powder (*Sodium chloridum*) Mineral 0.20%, Permitted excipients and preservatives q.s.

## APPLICATION

Take 5–10grams with luke warm water at bedtime.

## GUIDE

- **Indigestion:** Use SUPER LAX Powder with Active aamla juice ALOEvera Juice and LIVcare Tablet
- **Constipation/Hard stools:** Use SUPER LAX Powder with ALOEvera Juice & LIVcare Tablet
- **Flatulence & bloating:** Use SUPER LAX Powder with ANTAcid Tablet, ALOEvera Juice & LIVcare Tablet
- **During post-operative and non-ambulatory periods:** Use SUPER LAX Powder with ANTAcid Tablet & LIVcare Tablet
- **Hemorrhoids:** Use SUPER LAX Powder with PILEScare Cream, PILEScare Tablet & ALOEvera Juice

**Presentation:** 100g

# NUHAIR Capsule

Rejuvenate metabolism for healthy hair

We all admire that celebrity or model with a great looking hair & secretly wish to have hair like them as well. But the rigors of day to day life, heat & different weather conditions may not always allow us to care the best for our 'crowning glory'. More often our hair seems to be frizzled, dry, tangled, shows signs of premature aging or itches.

Root of our hair is embedded in hair follicles that anchor our hair to the scalp. Like rest of our body, hair follicles also need essential vitamins, minerals, and other micro nutrients for optimum hair health. However, inflammation of hair follicles due to infection or liver pathology can adversely affect nutrition of hair, leading to hair fall and premature greying. Also "Miniaturization" - a dihydrotestosterone (DHT) hormone driven biological process cause the growth phase ("anagen") of the hair growth cycle to become progressively shorter; markedly prolonging the duration of resting phase or telogen due to which hair follicles shrink in size over time, eventually leading to hair loss.

Hence, apart from washing and combing hair, there is a need of effective natural hair nutrition supplement that can combat infection, correct liver pathology and provide optimum nutrition to the hair follicles, thereby supporting bouncy, shiny and tangle free healthy hair naturally.

## SOLUTION

Deltas NuHAIR Capsule provide a scientifically created blend of natural vitamins & plant derived micronutrients that help you achieve denser, stronger and shinier hair. This daily supplement comprises of plant based amino-acids and flavonoids that help to reduce free radical damage and fights hair fall.

## PRODUCT

Deltas NuHAIR Capsule contains essential hair tonics such as that of

Kutki (P. kurroa) and Guduchi (T. cordifolia) that nourish the base of hair follicles. These herbs have potent anti-oxidant action to reduce free radical activity in hair follicles thus, preventing premature hair loss and graying and support a stable and healthy hair growth.

Kutki regulate and maintain the normal function of the liver and corrects nutrition to hair follicles. Kalmegh (A. paniculata) is a rich source of Biotin which replenishes roots and hair follicles and supplements healthy hair growth.

Bhui Amla (P. niruri) increases number of follicles in anagen phase as well as hinders the miniaturization process by inhibiting dihydrotestosterone(DHT). Thus supports shortened Telogen phase and increased duration of anagenic follicles as well as follicular length.

Kalmegh (A. paniculata), Swarna makshik and Jungle berry (H. rhamnoides) protect the natural color and delay whitening of hair that is often due to stress or other environmental causes.

With Deltas NuHAIR Capsule, one can get an effective hair tonic that strengthens the hair and makes it shiny and healthy.

## COMPOSITION

Each 500mg NuHAIR Capsule contains following ingredients: Kutki (Picrorrhiza kurroa) Root Dry Ext. 200mg, Bhui Amla (Phyllanthus niruri) Whole Plant Dry Ext. 50mg, Kalmegh (Andrographis paniculata) Whole Plant Dry Ext. 50mg, Guduchi (Tinospora cordifolia) Stem Dry Ext. 30mg, Badriphal (Hippophae rhamnoides) Fruit Dry Ext. 35mg, Swarna Makshik Bhasma (Classical Preparation) 20mg, Permitted excipients and preservatives q.s.

## APPLICATION

1 Capsule 2-3 times a day or as directed by the Physician.

Useful for following conditions • Hair fall

- Premature greying of hair • Dandruff
- Dry rough hair • Tangled hair

## GUIDE

• **Hair fall:** Use NuHAIR Capsule with KESH NIKHAR Anti Dandruff Hair Toner & KESH NIKHAR Anti Dandruff Hair Cleanser • **Premature greying of**

**hair:** Use NuHAIR Capsule with KESH NIKHAR Anti Dandruff Hair Toner

# NUSKIN Capsule

Rejuvenate metabolism for healthy skin

“Skin is the mirror of the soul!”

A healthy skin reflects a healthy mind and body. We all ensure that we take utmost care of our body and the skin by regularly bathing and using the best possible options for our skin. Right from choosing soap to body washes and cosmetics, we want our skin to be clean, good looking and above all healthy. But the rigors of day to day lives, tropical climate conditions, UV rays exposure and heat can end up being a nuisance for our skin. Often our skin has to endure many allergies, infections and free radical damage by coming in contact with so many external factors such as pollution, sweat, irritating chemicals, microbes etc. As a result we experience dead lifeless skin, uneven tones, blemishes, pigmentation, and wrinkles and thus accelerated skin ageing.

In order to protect the skin from such impairments and to ensure it continues to glow and look beautiful; it is pertinent to provide it with support that improves the overall skin health and reverses the damage caused due to external factors.

A strong anti-oxidant support goes a long way in maintaining healthy looking skin and protecting against common allergic conditions and dermal infections.

## SOLUTION

Deltas NuSKIN Capsule provides a scientifically created blend of natural anti-oxidant herbs that activate the stem cells to provide a healthy and glowing skin. This daily supplement comprises of phytonutrients that help to reduce free radical skin damage and fight dermal infections.

## PRODUCT

Deltas NuSKIN Capsule is enhanced with arabinogalactan from Guduchi (*T. cordifolia*) useful in rejuvenating

skin cells alongwith other essential skin nourishing herbs. Adult stem cell function declines with ageing process. Rejuvenating these stem cells is the key to healthy and glowing skin. Kutaki (*P. kurroa*) provide activation to the stem cells in the epidermal layer of the skin. Kutaki regulate and maintain the normal function of the liver and corrects nutrition to skin.

Guduchi (*T. cordifolia*) offer potent anti-oxidant action that supports tissue repair and helps in reducing damage caused due to free radical activity in the skin and support a stable and healthy glow. Kalmegh (*A. paniculata*) is a rich source of Biotin which replenishes skin and aids healthy skin. Kalmegh, Swarna makshik and Badriphal (*H. rhamnoides*) helps eliminate metabolic toxins to ensure better oxygenation of the skin layers. They also moisturize skin, bestow fairness to the skin and thus, fight skin ageing.

Neem (*A. indica*) offers potent anti-microbial activity against commonly encountered dermal infections. It also exhibits anti-inflammatory activity, by suppressing *P. acnes* induced reactive oxygen species (ROS) and the pro-inflammatory cytokines TNF- $\alpha$  and IL-8. Narangi (*C. auromaticum*) provides the vital Vitamin C to nourish and improve skin's immunity against pathogens. With Deltas NuSKIN Capsule, one can get an effective skin tonic that protects skin from infections and provides a healthy glow.

## COMPOSITION

Each 500mg NuSKIN Capsule contains: Kutki (*Picrorrhiza kurroa*) Root Dry Ext. 200mg, Guduchi (*Tinospora cordifolia*) Stem Dry Ext. 50mg, Neem (*Azadirachta indica*) Leaves Dry Ext. 30mg, Kalmegh (*Andrographis paniculata*) Whole Plant Dry Ext. 30mg, Narangi (*Citrus auromaticum*) Fruit Juice Dry Ext. 30mg, Badriphal

(*Hippophae rhamnoides*) Fruit Dry Ext. 20mg, Swarna Makshik Bhasma (Classical Preparation) 20mg, Permitted excipients & preservatives q.s.

## APPLICATION

1 Capsule 2-3 times a day or as directed by the Physician.

## GUIDE

• **Skin infections:** Use NuSKIN Capsule with SPiiriluna Tablet and PANCHA TULASI Drops • **Allergic skin conditions:** Use NuSKIN Capsule with WHEATgrass Tablet and PANCHA TULASI Drops • **Acne/ Pimples:** Use NuSKIN Capsule with ALOEvera Juice and FaceNikhar ANTI ACNE CREAM • **Minor wounds:** Use NuSKIN Capsule with FaceNikhar SPOT FREE CREAM • **Ringworm:** Use NuSKIN Capsule with SPiiriluna Tablet. # THERMOGENIC Tea

Herbal tea for stimulating energy metabolism

Lifestyle disorders forcing more and more people to reel under excess body weight, even relatively younger people are developing joint disorders & knee pain. Excessive weight is associated with a series of health problems, including blood pressure, diabetes, and cardiovascular ailments.

Obesity among children & adolescents is rising rapidly. Obesity puts people at an increased risk of developing osteoarthritis. It is particularly worrying in children because it is associated with a wide range of health complications. While a good diet and exercise are the basic tenet to reduce obesity, lack of compliance to proper diet and staying injury free during exercises is very important. Additionally, it is very difficult to initiate & stick to physical activity for an obese person.

## SOLUTION

Thermogenesis is a metabolic process during which human body burns calories to produce energy. Deltas THERMOGENIC Herbal Tea is a unique blend of herbs that form an advanced toning system for the human body. Deltas THERMOGENIC Herbal Tea is uniquely formulated with natural ingredient and does not contain sugar; thereby it can be used by pre-diabetics and diabetics.

## PRODUCT

Deltas THERMOGENIC Herbal Tea increases metabolism, which can enhance your efforts to lose weight as part of a diet and exercise program. This formulation is created with intensive researches and regular use of the formulation provides relief from fatigue and energizes for performing daily activities. Multiple ingredients of the tea such as Saptaranga (*S. oblonga*), Kokum (*G. cambogia*) and Methi (*T. foenum graecum*) are established

metabolic enhancers with lipid lowering properties. Amla (*E. officinalis*) provides potent anti oxidant action to help repair tissues and eliminate metabolic toxins of the body.

Extracts of Tagar (*V. wallichii*), Dalchini (*C. zeylanicum*) and Mulethi (*G. glabra*) improve insulin sensitivity and thereby help reduce ill effects of glycation of the blood. They also help in controlling spikes in blood sugar levels thereby protecting against intracellular damage. Sonth (*Z. officinale*) is a well known fat burner and digestive. It improves overall digestion, expels gas and helps in reducing obesity. Unlike most other slimming teas, this formulation is completely devoid of caffeine thus, without creating issues of abdominal cramps or affecting sleep patterns.

## COMPOSITION

Each 5gm THERMOGENIC Herbal Tea contains following Ingredients: Saptranga Dry Extract (*Salacia oblonga*) Root 300mg, Kokum Dry Extract (*Garcinia cambogia*) Fruit 200mg, Methi Dry Extract (*Trigonella foenum-graecum*) Seed 50mg, Haridra Dry Extract (*Curcuma longa*) Rhizome 50mg, Amla Dry Extract (*Embolica officinalis*) Fruit 50mg, Tagar Dry Extract (*Valeriana wallichii*) Root 50mg, Dalchini Dry Extract (*Cinnamomum zeylanicum*) Bark 50mg, Pippali Dry Extract (*Piper longum*) Fruit 50mg, Sonth Dry Extract (*Zingiber officinale*) Rhizome 50mg, Mulethi Dry Extract (*Glycyrrhiza glabra*) Root 50mg, Base material: Mannitol, Lactose, Providone 30, Potassium Sorbate, Sucralose, Citric acid, Tartaric acid, Flavour honey, Flavour ginger q.s.

## APPLICATION

**Method for use:** For optimum result use with carb-control diet. Add 1 sachet (5 g) to 150 ml of hot water, stir until granules dissolve and sip

slowly. Repeat 2-3 times a day • **For overweight body:** Use 2 times a day. • **Supplement in diabetics:** Use 2 times a day • **In Hyperlipidemia:** Use 2-3 times a day. • **In adolescents and young adults:** Use 1 time a day • **Bachelors/Hostelites (improper diet):** Use 2 times a day • **Professional models:** Use 2 times a day. • **Professional body builders:** Use 2 times a day. • **Post work out:** Use 1 sachet as directed • **Arthritis:** Use 2 times a day.

## GUIDE

• **For overweight body:** Use THERMOGENIC Herbal Tea with ALOE Vera Juice. • **Supplement in diabetics:** Use THERMOGENIC Herbal Tea with DIAcare Tablet • **In Hyperlipidemia:** Use THERMOGENIC Herbal Tea with LIVcare Tablet. • **In adolescents and young adults:** Use THERMOGENIC Herbal Tea with DIAcare Ras.

**Presentation:** 5g x 30 Sachets

## KEY INGREDIENT(S)

**Saptranga**  
*Salacia oblonga*

- Each Sachet contains uniquely spray dried extracts of approximately 75g of herbs
- These herbs are known to stimulate fat burning multifold when combined with physical activity.

# TOPVET Powder

Solution for healthy ecosystem of cattle, calf and consumer

“Deltas Topvet Powder for healthy ecosystem of cattle, calf and consumer; provides optimum commercial ecosystem for farmer.”

Topvet Powder has herbal ingredients which support liver function, digestion, conversion of nutrients and increase immunity of the cattle. Topvet increases the FCR (Feed Conversion Ratio) when added over and above the standard nutrition.

Topvet Powder formulated with concepts of ancient Ayurved & Gau-ayurved for enhancing milk production and performance of animals. Topvet Powder consists of herb Bala (*S. cordifolia*), Neem (*M. koenigii*), and Shigru (*M. oleifera*) helpful in stimulating the milk production and provides bone replenishment for animals.

Soybean (*Glycine max*) and Methi (*T. foenum graecum*) are known to increase the milk fat content; vitamin, amino-acids & other micronutrient availability. Guduchi (*T. cordifolia*) is known as Rasayan and helpful in rejuvenating milk producing tissues, prevents mastitis during lactation phase and enhances immunity.

Kalmegh (*A. paniculata*) herb acts as superior liver protective, antiviral, antibacterial and provides beneficial effects during calving phase; enhances calf immunity & physical activity.

**Composition** Bala (*Sida cordifolia*) 30%, Neem (*Murraya koenigii*) 10%, Shigru (*Moringa oleifera*) 10%, Soybean (*Glycine max*) 20%, Methi (*Trigonella foenum graecum*) 10%, Guduchi (*Tinospora cordifolia*)10%, Kalmegh (*Andrographis paniculata*)10%.

## Benefit for Animal

- Reduces bone loss and weakness due to lactation
- Prevents mastitis and its recurrence
- Keeps animal active during Transition

phase (3 weeks prior to calving and 3 weeks after calving)

- Keeps animal stress free during Transition phase (3 weeks prior to calving and 3 weeks after calving)
- Keeps liver healthy and reduces chances of fatty liver disease during lactation
- Efficiently sets next lactation cycle when used during dry phase

## Benefit for Calf

- Superior immunity & optimum nutrition
- Healthy digestive strength
- Sufficient milk feed leading to optimum growth during calving phase

## Benefit for Farmer

- Increased milk out-put
- Increased milk fat content
- Reduction in disease related to immunity, digestion and liver
- Maximum output of dairy products during lactation cycle
- Optimum metabolism during Dry phase

## Benefit of Dairy Product Consumer

- Optimum vitamins & amino-acids
- Milk devoid of synthetic lactation related residues
- Naturally enriched with proteins, light in digestion

## How to Offer Topvet Powder\*

- **Larger Ruminants:** Cow, buffaloes, Camels etc.
- **Pre-Calving Phase:** Three weeks prior to delivery; use 30 gm of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a day.
- **Calving Phase:** Six weeks after delivery; use 30 - 100 gm (Depending upon the weight and milk output) of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a

day.

- **Dry Phase:** Six weeks after delivery; use 15 gm of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a day.

## Smaller Ruminants – Goat, Sheep etc

- **Pre-Calving Phase:** Three weeks prior to delivery; use 10 gm of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a day.
- **Calving Phase:** Six weeks after delivery; use 10 gm of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a day.
- **Dry Phase:** Six weeks after delivery; use 5 gm of Topvet Powder mixed with sufficient jaggery and feed as bolus; once a day.

*Note: Do not stop any other mineral feed (Calcium etc.) or existing feed as directed by your veterinarian. Topvet Powder shall be used as additional feed.*

# TOPFLORA Liquid

Solution for quality agricultural outcome

With the increasing population the demand for food and fibre per unit area are increasing as a result the demand for chemical fertilizer is also increasing for producing more yields from limited area. The excessive use of chemical fertilizer cause serious health hazards as well as pollute the environment. Therefore, in recent years many plant extracts have been used in agriculture. Out of these, use of natural seaweeds as fertilizer has allowed the gradual substitution of conventional synthetic fertilizer.

Topflora Liquid contains liquid extract derived from the macroscopic marine algae known as Laminaria and Sargassum. They are used as food for human, fodder for cattle, as a substitute of chemical fertilizer and source of various fine chemicals. Topflora Liquid acts as liquid fertilizers and bio-stimulants because it contains multiple growth regulators such as cytokinins, auxins, gibberellins and various macro & micronutrients necessary for plant growth and development. Moreover, it helps in promoting the growth of beneficial soil microorganisms, developing tolerance to environmental stress, and increasing nutrient uptake from soil & enhancing antioxidant properties. Topflora Liquid due to natural origin can be used in organic and sustainable agriculture, especially in rain-fed crops, as a means to avoid excessive fertilizer applications and to improve mineral absorption and because of its organic and bio-degradable properties.

## BENEFITS

- Topflora Liquid enhances germination percentage (when seeds are soaked) due to the presence of growth promoting substances like auxins, gibberellins and other micronutrients
- Topflora Liquid acts as growth promoter, and not only improves the growth of the crop but also helps in

increasing the number of functional nodules as compared to control. This is due to the presence of several cytokinins that are found in brown algal extracts, including, trans-zeatin riboside and other natural derivatives.

- Topflora Liquid increases the crop yield due to the presence of micro-elements and plant growth regulators, especially cytokinins.
- Topflora Liquid enhances nutritional quality of grains due to the increase in photosynthetic pigment, Alginic acid, and Betaines.
- Topflora Liquid a gradual substitute to conventional synthetic fertilizers; can be used for Organic farming

## COMPOSITION

Mixture of Seaweeds (Laminaria and Sargassum) On dry weight basis - Organic matter 60%, Alginic acid 16-17%, Total nitrogen 1-2%, Total phosphorus 0.8-1.2%, Total potassium 18-20%, Calcium 1.0-1.2%, Magnesium 0.25- 0.3%, Sulphur 1.5-2.0%, Sodium 4.0-4.5%, Copper 20 ppm, Betaines 5.0-5.4ppm, C:N-10:1, also contains Natural Auxins, Gibberellins, Cytokinins & Amino acids.

## USES

Topflora Liquid Fertilizer supplies Nitrogen, Phosphorus, Potassium as well as micronutrients like Zinc, Manganese, Magnesium, Iron etc. The micronutrients present in Topflora Liquid Fertilizer are in naturally chelated form & readily available to the plants. Topflora Liquid Fertilizer contains natural plant growth materials like Auxins, Gibberellins, Cytokinins, Alginic acid, Betaines & secondary nutrients. Topflora Liquid Fertilizer increases yield, increases fruit size & quality of the crop. Topflora Liquid Fertilizer increases uptake of soil nutrients. Topflora Liquid Fertilizer if applied to soil increases moisture retaining capacity of soil,

improves soil fertility & organic carbon.

## For best seeds, fruit and flower outcome

- **Application process:** Topflora Liquid can be used alone or in combination of Topagro powder+ Topagro Liquid
- **How to use Topflora Liquid alone?**  
Mix 500ml of Topflora Liquid with 150-200 Litre of water and spray it for 1 acre. For optimum results repeat in 10 Days after 1st Spray of Topflora Liquid (Foliar stage).
- **For increasing germination percentage?**  
Pre-soak seeds in 1:100 dilution of Topflora Liquid for few hours before sowing.
- **Recommended Crops:** Wheat, Jowar, Rice, Sorghum, Maize, Sugarcane, Cotton, Pigeon Pea, Soybean, Sunflower. Groundnut and Vegetables like (Tomato, Brinjal, Okra, Chillies, Potato, Citrus, Onion) all types of vegetables plants, Pulses, Cereals Crop, Garden Plants, Medicinal and Aromatic Plants, Ornamental plants etc. all other Fruit Crops.

**IMPORTANT: KEEP OUT OF DIRECT SUNLIGHT.** Do not allow contact with eyes; **MIX WELL BEFORE USING.** Do NOT spray on flower, panicle, florescence and fruits. Recommended shelf life of 2 years if stored at cool and dry place.

**Presentation:** 1 Ltr.

- Formulated with Sea-weeds containing optimum biological auxins and gibberellins known as a growth promoter.
- Contains micronutrients for enhancing photosynthesis

Dear Toptime Family, it's our immense pleasure to introduce ArogyaKosh series in Healthcare, Personal Care, Wellness, Veterinary & Agriculture. Our effort to provide you world class natural products and lifestyle recommendations will be untiring and continuous process.

This booklet envisages the unmet needs of health related issues and describes plausible recommendations to deal with them briefly. However, the extensive information related to usage of the products can be found on FAQs button on each product image displayed on the website [www.toptimenet.com](http://www.toptimenet.com).

You may always take your personal Doctor' advise for usage of the product whenever required; alternatively you may also speak with team of doctors available to answer your specific query through medicare line of our customer care number.
